

Transcript – A Famine Is Coming

Alrighty, Shabbat Shalom and Shabbat Shalom to everybody who is watching with us today. I gave a message here awhile back about preparing for a famine that will be coming and this is kind of a follow up to that. It's called, *A Famine is Coming*. And at that time we were going into prophecy and some of these prophecies we're going to go in again today that shows in the end time there is going to be famine. There's no doubt about it. But today, I want to read some things and go over some things from Scripture and from the news to **show** that **that time** of world famine is really just upon us now. And I want to give us perspective moving forward from here. So I want to start in Matthew 24. I'm going to read verse 3 and then verse 7 and 8, it says:

Matthew 24:3 *And as He (Yahshua) was sitting on the Mount of Olives, the disciples came to Him privately, saying, Tell us, when will these things be? And, what is the sign of Your coming and of the end of the age?*

So we went over Matthew 24 many, many times. **Luke 21, Matthew 24 and Mark 13**; the Olivet Prophecy, right? All about the end of the age that's coming. And then I'm going to read here in verse 7 and 8:

Matthew 24:7-8 *For nation will be raised against nation and kingdom against kingdom; and there will be **famines** and plagues and earthquakes against many places. But all these are a beginning of sorrow.*

So we're seeing plagues now with COVID and that is not going to be the last one that comes. The new one now is the Monkey Pox and there's probably something bigger; or another strain of COVID that's coming, but we see the plagues. The earthquakes have been going for several years now. Major earthquakes that are above 6.0, some of them even higher than 7.0 and a few of them even up to 8. So we're seeing these things. And also famines that will come as we'll see why a famine will come when you have some of these other things coming. In Luke 21 in verse 11 ... Luke 21 in verse 11 says:

Luke 21:11 *And there will be severe earthquakes from place to place and famine and plagues ... once again ... And there will be fears and terrorist acts ... which we've also seen the last 'x' amount of years ... and great signs will be seen from the Heaven ... right? We've seen the Revelation 12 sign above other signs also that we've seen ... And the winters will be severe ... the winters will be severe ... another sign that we're seeing, that the winters have been getting worse as we're going along.*

If we go to Revelation 6 in verses 5-8. Revelation 6 through 5-8 and these are the seals of Revelation well known as the 4 horsemen of the apocalypse and it says:

Revelation 6:5-6 *And when He opened the third seal, I heard the third living creature saying, Come and see. And I saw, and behold, a black horse, the one sitting on it having a balance in his hand. And I heard in the midst of the four living creatures saying, A measure of wheat for a denarius, and three measures of barley for a denarius; and do not harm the oil and the wine.*

Comment: So what's happening here? This is coming from famine. So the first horse was **deception**, the white horse, right? We say sometimes it could be for false peace or some kind of deception. And I mentioned this before with Corona virus, I don't think there's been a bigger deception in the world, the Corona virus and who was it coming from? Coming from primarily an American doctor who wears a **white** doctor's coat, right. So we see and then the second is what? War! And now we're seeing the war with Russia and Ukraine. Nobody knows where it's going to end, but there is probably at least 50/50 chance that this war is going to go into a World War. It may not, it might end tomorrow and that'll be the end of it. But certainly we're seeing war that's getting more serious and what's happening with Russia and the threats

that are coming. And now the third thing coming is what? Famine, where we are on the cusp of as we'll talk about here today in this message. And then He says:

Revelation 6:7-8 *He opened the fourth seal, I heard a voice of the fourth living creatures saying, Come and see. And I saw, and behold, a pale green horse, and the name of the one sitting on it was **Death**; and Hades followed after him ... Hades being the grave ... And authority was given to them **to kill over the fourth of the earth with sword, and with famine, and with death, and by the wild beasts of the earth.***

So sword – war, famine what's coming and death. So war, famine, death; first we had COVID. Like I said, now we see the great famine that's coming and also the war that's in Russia and Ukraine that is affecting other things and also the famine that's here.

So I want to read to you a couple of articles just showing you where, like I said, it's not just "Bible talk" or because the Bible says there's going to be a famine that we're talking about this. But this one is called, **Why a World-Wide Famine is Coming Soon**, and these are all articles within the last few weeks to the last month or two.

*Ukraine has long been nicknamed "The Bread Basket of Europe". Together with Russia it supplies the global food market with **a third of its wheat exports; a fifth of its corn and a whopping 80% of sunflower oil** ... and we're seeing that sunflower oil that just a little over a year ago you can get for 89 cents for a liter of it, it's now 3-4 even up to \$5.00 in some places ... Ukraine dedicates 57% land to crops compared to 17% percent of the land in the US. The war has guaranteed that much of this usual produce will not be arriving to cargo ships this year ... talking about now 2022 ... Ukraine's most fertile land, the ultra-fertile black soil is located precisely where the fighting has been the heaviest in the south and the south-east.*

Farmers and skilled workers have fled; or have been killed; or drafted for the war, leaving the fields fallow. Those who return find their equipment wrecked or stolen in unexploded ordinance lying about. The food that has been grown and harvested cannot find its way to export point for want of working transportation infrastructure. Anything that makes a deport; such as, at Odessa ... one of their ports there in Ukraine ... which normally ships 90% of Ukrainian grain exports, cannot leave ... because it's controlled by Russia and they can't get the things there.

*The result is that **millions of tons of foods are rotting in silos** ... millions ... and ongoing unharvested or unplanted. The precise shortfall is between **19 million and 34 million tons for this year; and 20 million to 43 million in 2023** ... That is a lot of food! And experts say that this corresponds to the requirement of feeding somewhere around 60 million to 150 million people, right? So that's a lot of people that aren't going to get food. And this is just from this. This isn't from all the other things. This is just talking about this one situation with the war there. And that is just for the Russian/Ukraine region.*

The situation, many other leading exporters has been almost as bad. In May, India underwent a record shattering heat wave that damaged wheat crops ruining and otherwise promising yield. In response, the country India banned wheat exports siting food security ... So all the wheat that was coming from India that was going to the world, that's not going; besides what's happening in Ukraine.

Severe drought has crippled the agricultural output of Brazil, the world top soy-bean export. China which accounts for 20% of global food exports is facing the worst in history winter wheat crop due to delayed planning caused by unusually heavy rain fall last year.

What food there is to export has been troubled leaving the country, thanks to the latest round of total Corona virus lockdowns in Shanghai Mao Square. In China also now, is not exporting anything out.

So this isn't just conjecture; beside many other things we're going to talk about, the bottom line is: in a world where there's around **eight billion people**, the food chain that has been going to these people and it hasn't been that great anyway. There's still always ten to twenty million people starving every year anyway. Now we're talking about hundreds of millions into the billions of people that are not going to be able to have food.

*Indeed even before Russia set foot in Ukraine, 2022 and 2023 were shaping up to be slim years. According to the Food and Agriculture Organization ... through the FAO of the United Nations ... the food price index shot up over 40% from 2020, up to the eve of the invasion in February. So prices were already up 40% because of the lack of food **before the war**. Since then, it has grown another 20% in the last few months. These are the highest real prices that the FAO has ever seen on record, beating the previous record set in 1975 during the depths of that inflation ... the Jimmy Carter years and I don't have to tell you how bad it was back then. Inflation up to close to 20%; interest rates close to 20% and it was really, really bad.*

So also, Russia accounts for 23% of ammonia exports and 10% of processed phosphate exports ... these are fertilizers ... Russia is the second largest producer of nitrogenous fertilizers and potassium fertilizers and is the fifth largest producer of phosphate fertilizers. The cost of fertilizers already up 300% for farmers that can even get if there possible ... because there's a lot of places you can't get it ... Without fertilizers, farmers are either going to have to have much worse crop than normal. And in many cases they're not even going to plant. Countries like China know exactly what is coming and that is now why they are stockpiling food.

So this isn't, like I said, it's not just a "religious type, Bible warning", this is basically a famine that's coming around the world. Now you would think with everything going on with food prices, that we would see, maybe in the US, them storing food and yet, on the other end, you know what we've seen?

We've seen farmers being paid in the last year to destroy their crops in the US. And could check this out on the internet, there's many, many, many, many hundreds of big farmers that have given. They said, "Either you burn the crops and we'll pay you for them. Or we will not buy them from you." So many farmers had to burn their crops. And there's been now mysteriously in the US over 100 fires in storage facilities where they store the grain that's gone.

So this is really setting up to be something really, really bad. California, they've been talking about this for the last year, as having the worst drought that they've had in **1200 years**. California is the **sixth largest economy in the world** and many things come from California and over there that are going to be lacking.

Just recently, just in the last month or so, maybe a little less, thousands of cows are mysteriously dying in Kansas. They don't know. So again, now you're talking about beef and other things that are coming there. They're saying it could be the heat. Some people say something else, but just thousands of them are dying.

Fuel prices are skyrocketing all over the world with no end in sight. And now there's a major shortage of diesel fuel; which means you might not be able to have trucks to even get out there to bring the little bit of food that is coming there.

So the UN was predicting 2022 to 2023 to be the worst famine in modern history, **before all this**. They were saying this one or two years ago because of climate change and global warming and the droughts and the different things, floods that have been happening and destroying their crop. But **now with all these other things happening** we're really in trouble. The world is in trouble and unfortunately there's going to be a lot of food shortages which we're already seeing now.

And in United States of America, United States of Babylon, many of the stores are already having empty shelves. I know for us, we already see in a lot of the stores, where signs are up where you can only buy one or two oils; or you can only buy a couple of flours, or whatever it is because they don't have them. And like I said, the prices have gone up 300, 400 and sometimes 500% from this.

So this isn't just ... like I said, this isn't just conjecture – a famine is real and a famine is coming. The question that comes up is: how bad will it be? How bad can it be? Well, only Yahweh knows how bad things can get. But I want to show you from Scripture, what Scripture says how bad it's going to get in the end time that we are living in now. So I want to go to the book of Joel, chapter 1, book of Joel chapter 1 and let's read the first 12 verses.

Joel 1:1-2 *The Word of YAHWEH that was to Joel, the son of Pethuel: Hear this, you old men, and give ear, all you people of the land. Has this been in your days, or even in the days of your fathers?*

Comment: Like they're saying, this is the worst we've ever seen, worst we've ever seen. We see this with hurricane every year now. They're getting worse and worse and worse, the worst ever. Never have there been so many Category 5 hurricanes in one season. And this is what He's saying:

Joel 1:3-5 *Tell your sons about it, and your sons to their sons, and their sons to another generation. What was left by the cutter, the swarming locust ate; what was left of the swarming locust, the locust larvae ate; what was left of the locust larvae, the stripping locust ate ... basically there's nothing left .. Awake, drunkards, and weep. And wail, all wine drinkers, over the grape must, for it is cut off from your mouth.*

Comment: Why? Because there's no harvest, so there's no wine making. Remember what we said, the grain, the oil and the wine. You have to have grain. If you don't have grain, the bread; Bethlehem, the House of Bread where Yahshua was born, because bread is the staple of life in the Bible. And if you don't have grain, then you don't have food. That's the number one food that people have all over the world; whether it's like in Africa, where their grain is corn, maize; or whether it's in China where the grain is rice; or whether it's in western society, where it's wheat. Without grain, you don't have nothing. And then the oil, which is what you cook it with and also the oil, signifies the Holy Spirit. So you have to have oil. And the third thing is the wine, is the happiness, the joy. So when the wine is not there, that means there's no joy, why? Because there's no food;

Joel 1:6-12 *Awake, drunkards, and weep. And wail, all wine drinkers, over the grape must, for it is cut. For a nation has come up on my land, strong and without number; its teeth are the teeth of a lion, and it has jaw teeth of a lioness. There My vine is desolation, and it has splintered My fig tree. He has stripped it, and thrown it down; its branches grow white. Wail like a virgin girded with sackcloth over the husband of her youth. The food offering and the drink offering have been cut off from the house of YAHWEH ... why? Because there's no food to do it with ... the priests, the ministers of YAHWEH, mourn. The field is wasted; the land mourns, for the grain is wasted. The new wine is dried up, the oil tree droops. Be withered, farmers, howl, vine-dressers, for the wheat and for the barley; because **the harvest of the field has perished ...** and now we're living in it. We're seeing ... *The vine is dried up and the fig tree droops, the pomegranate, and the palm tree, and the apple tree; all the trees of the field are dried up, because joy has dried up from the sons of men.**

Why? Because they're not getting rain for these trees and it's very interesting now we're going into the Shemita here very shortly, just a couple of months we're down to now. And I hope people prepared, but I remember the last Shemita cycle in Israel where people that did not keep the Shemita, they had a late frost and all of their crops and everything died. But the people that kept the Shemita, from the stuff that was here the year before, after that frost, that stuff just came up on its own and they had food.

And I'll tell you something, I think this is a **really important Shemita that's coming**. And Yahweh's people better take it serious. Because Yahweh promises us that He will bless us in the sixth year for **at least 3 years**. And I'm telling people even to prepare for seven years, up to seven. But **if you don't prepare now in faith by believing Yahweh's Word**, wow, you are going to have some Shemita. Because as we see here, this next coming year, for the people because they're not keeping the Shemita in the world and who's going to have more food during the Shemita? The people of Yahweh who have been preparing or the world who is going into famine? And this is a question you have to ask yourself. So drop down to verse 15:

Joel 1:15 *Alas for the day! ... so when is this? ... For the day of YAHWEH is at hand. And it shall come as a destruction from the Almighty.*

Comment: So this isn't just any famine that's coming. This is famine that's coming from the day of Yahweh. There's going to be many famines within that last seven year period. And some really getting bad, but it's going to start and it's going to start bad also.

Joel 1:16-18 *Is not the food cut off before our eyes, joy and gladness from the house of our Elohim? The seed shrivels under their clods; the storage bins are laid waste, the granaries are broken down, for the grain has dried up ... there's nothing there ... How the beasts groan! The herds of livestock are vexed, for there is no pasture for them. Even the flocks of sheep are perishing.*

Comment: Because the animals have no food. And yet, if you keep the Shemita, what does it say? That your animals will have tons of food that's there, from what's not being harvested.

Joel 1:19-20 *O YAHWEH, to You I will cry, for the fire has burned up the pastures of the wilderness, and has consumed all the trees of the field. The beasts of the field also long for You, for the rivers of water are dried up, and the fire has eaten up the pastures of the wilderness.*

Wow, so that's what we said. The wilderness, you got to go through the wilderness to get to the Promised Land; but the wilderness aint the Promised Land. And the wilderness is not greenery and beautiful greenery. The wilderness is desert. The wilderness is very hard to grow in the wilderness, right? When they were in that wilderness 40 years, that's Yahweh had to provide the manna for them because without the manna, you couldn't survive in the wilderness. And are we trusting in Yahweh for His manna in the wilderness? Or are we just going along in life as if nothing is going to come along and just hoping for the best? So how bad can it really get? So let's see another time in history. Let's go to 2nd Kings 6 in verse 25. How bad can it get? Let's take a look at a story here how bad it was back in Bible times. 2nd Kings 6 in verse 25 says:

2nd Kings 6:25-30 *There was a great famine in Samaria ... Samaria where the Northern Tribes of Israel there ... And behold! They were laying siege to it until the head of a donkey was at eighty silver pieces, and a fourth of a cab of dove's dung at five silver pieces ... so wow, can you imagine a fourth of a cab of dove's dung was five silver pieces and a head of donkey, eighty silver pieces. So that tells you the famine had to be pretty bad ... And it happened, the king of Israel was passing by on the wall. And a woman cried to him, saying, Save, my master, O king. And he said, If YAHWEH does not save you, from where shall I save you? Out of the threshing floor, or out of the winevat?... there's nothing there...And the king said to her, What ails you? And she said, This woman said to me, Give your son and we will eat him today; and tomorrow we will eat my son. And we boiled my son and ate him, and I said to her on the next day, Give your son, that we may eat him. But she hid her son. And it happened when the king heard the words of the woman, he tore his garments. And he was passing by on the wall, and the people looked. And, behold, the sackcloth was inside on his flesh.*

Wow, so even eating their children, and you might say, “Wow, how barbaric is that!” But yet, we live in a day and age where they **kill millions of children**, maybe 40 million children every year that are dying world-wide, not by famine, but by abortion; by people **willingly choosing** to kill their own children. And now, in United States of America, the Supreme Court they did not ban abortion. They did not stop abortion. What they did was saying that the right of abortion is not a constitutional right and it’s up to each state to make their own law on that. That’s what they did. And yet, **all of these evil people out there**, what are they doing? They **want the abortion. They want it. They want it on demand! They just want it and they’re going crazy and they’re rioting**, right? Although I don’t see too many of them being put in prison like with the people that were out there supporting President Trump, that are still in prison from the January 6th lie, another lie that they tell.

But bottom line is: famine can get really, really bad. And if you don’t think people can do this, just look in the world around you. If people would kill their own children, like Yahshua said, *if they do these things when the tree is green, what will they do when it’s dried up?* And if they’re killing their own children **willingly now** during good times for convenience sake, what are they going to do when the times really get bad? And when there’s no food to eat? Because without food, how long is it going to be if people can’t go to the supermarkets and buy their food? Because people certainly aren’t growing their own food today or storing their own food. And you’re going to have chaos coming on the streets really, really quick.

So why is this happening? Let’s go to Ezekiel 5 and we’ll see because this is coming world-wide. This isn’t just going to be Africa or Asia or third world places. This is coming as the beginning of the punishment on the house of Israel and very interesting, because the book of Ezekiel is written when? It’s written **after Judah**, around 573BC, **after Judah goes into captivity in Babylon**.

So the house of Israel went into captivity a hundred something years before that in 740BC around that to 720BC, they’re going into captivity and there’s no more house of Israel. And yet, the first 12 chapters of Ezekiel that are written a hundred and ‘x’ amount of years later, who are they written to? They’re not written to Judah, they’re written to the house of Israel because this is an end-time prophecy. And who are the house of Israel today? Even though there’s Israelites all over the world, going all the way from United States to China and beyond. Primarily, where the Ephramites are is primarily in North America. I’d say America, South America and North America and also Europe. That’s where they primarily are in those countries, but they’re also in Asia and Africa and all over the world. But this is what He says:

Ezekiel 5:1-5 *You, son of man, take to yourself ... Ezekiel 5 ... a sharp sword, the razor of a barber. Take it to yourself and make it pass over your head and over your beard. And take to yourself scales to weigh, and to divide them out. You shall burn a third part in the fire, in the midst of the city, when the days of the siege are fulfilled ... this is from a war that’s coming ... And you shall take the third part and beat with a sword all around it. And you shall scatter the third part into the wind, and I will draw out a sword after them. Also you shall take from there a few in number and bind them in your skirts ... there’s always a remnant that’s left ... And take from them again, and throw them into the middle of the fire and burn them in the fire ... so this is the remnant in the end that’s being purified through the baptism of fire ... From it shall come forth a fire into all the house of Israel ... so here it is, like I said, the house of Israel hasn’t been here in 170 years almost, 160 years whatever and yet He’s saying this is an end-time prophecy ... So says Adonai YAHWEH: This is Jerusalem. I have set her in the midst of the nations, and all around her are the lands.*

Comment: So what’s happening? Israel and Jerusalem, they’re not following Yahweh. They’ve gone totally secular. So they’re going to get punished, the Land of Israel and also all the lands where the Israelites have been staying in captivity; primarily America and Europe, the first world countries, Australia, South Africa and where these places are, but wherever Israelites are; which are all over the world.

Ezekiel 5:6-11 *And she has changed My judgments for wickedness more than the nations, and defiled My Torah more than the lands that are all around her. For they have rejected My judgments and My Torah; they have not walked in them. Therefore, so says Adonai YAHWEH: Because you rebelled more than the nations that are all around you, not having walked in My statutes, and not having performed My judgments, and you have not done according to the judgments of the nations all around you; therefore, so says Adonai YAHWEH: Behold! I, even I am against you, and will execute judgments in your midst in the sight of the nations. And I will do in you that which I have not done, and which I will not do the like again, for all your abominations ... so this is the house of Israel, beside the house of Judah being punished, the house of Israel also is being punished in the end time ... Therefore, the fathers shall eat the sons in your midst, and the sons shall eat their fathers ... we just read it ... And I will execute judgments against you, and I will scatter the whole remnant of you into every wind ... because this is the World War that's coming ... Therefore, as I live, says Adonai YAHWEH, surely because you have defiled My sanctuary with all your idolatries and with all your abominations, so I also will withdraw. And My eye shall not spare, and I will not have pity ... so here it is where the Israelite countries have had a certain blessing because of the way that they blessed Israel and helped Israel. Now that blessing is coming because in the end time they've left Yahweh's Torah. They left Yahweh's ways ... verse 12 says:*

Ezekiel 5:12 *A third part shall die by the plague and shall be consumed by the famine in your midst ... so we already see plagues coming like COVID; and now another ones that are going to come. And the famine will come from that ... And a third will fall by the sword ... we're already seeing the wars already starting with Russia. China is also threatening now. And we're going to see like I said, this may or may not go into World War, but World War is coming one way or another ... And a third part I will scatter into every wind, and I will draw out a sword after them ... drop down to verse ... I'll read verse 13 and then I'll drop to verse 16:*

Ezekiel 5:13 *And My anger shall be spent, and I will make My fury rest on them, and I will be eased. And they shall know that I, YAHWEH, have spoken in My zeal, in My fulfilling My fury among them ... and verse 16:*

Ezekiel 5:16-17 *When I shall send the arrows of evil famine among them, which shall be for ruin, for which I will send them to destroy you, even I will increase the famine on you and break the staff of bread to you. Yea, I will send famine and evil beasts on you, and you will be bereaved. And pestilence and blood shall pass among you, and I shall bring a sword on you. I, YAHWEH, have spoken.*

Just like what we just read in **Revelation 6**, we see the same thing here. What makes this more dangerous now is, because of Babylon's trading and Babylon being the world trader of all these things, most people in the world today aren't farming the way the way they used to. In ancient days, **everybody** farmed, at least some. And today, hardly people doing it. So when that food stops coming to the supermarkets, where are people going to get food from? Most people I don't even think could farm a garden if they had to. They don't have the knowledge of it anymore.

So as this famine is coming and as we're heading into these last days and possibly the last seven, who knows? Like I said, maybe one more after this, but this could even be the last seven we're heading into after the Shemita. We better be ready for these times coming. Sometimes people want to say, "Oh, sometimes the messages are too hard." This is reality. This is life! Are you kidding? That Yahweh has given us, His people, the answer that we don't have to go through this. That He's given us His truth. He's given us His witness to give to other people. And what do you want? You want to go and be some kind of reality TV show or something like that? I mean these are the times we're living in. And the people of Yahweh better wake up to it and understand that. That **these are serious times we're living in.**

And like it says in the Bible, for our times we're living in now, that Yahweh will turn the laughter into sorrow. And it's time for people to repent; it's time to turn back to Yahweh. It's time for mourning because the whole world has turned on Yahweh. This is like the days of Noah; it's like the days of the flood. And most people on the earth today will not be

alive by the time Yahshua's feet go to that Mount of Olives. So unfortunately it's just not the time for laughter. But it doesn't mean that the joy of being a believer should be taken away from us. And I think when people wind up getting too heavy hearted, it's because they're not close to Yahweh and they're not following and doing His work, because if you are doing the work of Yahweh then even during these worst times, you'll have a peace in your heart that surpasses all understanding by the Ruach H'Chodesh.

So yes, people are going to die by plague, by famine and war. That's what the Bible tells us ... and here we are! We're already seeing the plagues that are coming. We're already seeing the war that started and now the famine is inevitable whenever you have these things. Ezekiel 7 in verse 6 ... Ezekiel 7 in verse 6:

Ezekiel 7:6-10 *An end has come, the end has come! It has awakened against you, behold, it has come! ... This is for the end time ... The encirclement has come to you, O dwellers of the earth. The time has come, the day of tumult is near, and not a shout of the hills. I will soon pour out My fury on you and fulfill My anger on you. And I will judge you according to your ways and will put on you all your abominations. And My eye shall not spare, and I will not have pity; I will put on you according to your ways and your abominations that are in your midst. And you shall know that I am YAHWEH who strikes. Behold the day! Behold, it has come, the encirclement has gone out, the rod has blossomed, the pride has budded.*

So here it is, this is end-time stuff and why is Yahweh doing it? Yahweh that's all merciful, all loving, all caring and now He's saying His anger is going to be poured out because there's a point where He realizes the people are not going to listen. And in this world, we're to that point that people are just blasphemous, they're prideful – like it talks about in Timothy ... arrogant, unthankful, and **it's gotten so evil**, like I said to the point of even just killing unborn babies and **thinking it's a right!** A right to murder, not somebody else's unborn baby, their own unborn babies! That they would kill the fruit of their own womb and not have **any thought or any guilt or desire against it.**

And it's the evil world we're living in and that's why Yahweh is saying now, enough is enough. And His wrath is coming and like I've read it in Revelation before, when that wrath comes and these plagues come, do people repent? Do they finally say, "Oh Father, please we realize we're ...?" No, it says they curse the name of Yahweh. They curse Him and they yell at Him because this is the world we're living in. We're living in a totally demonic world of Satan. And that's why as the people of Yahweh, it's not for us to change this world! It's not for us to **save** this world; it's for us to reframe from it. It's for us to go to the wilderness; it's for us to **change ourselves** and transform ourselves so that when Yahshua returns, we are ready **at that point**; when He comes back as King of Kings and Master of Masters that we're ready to rule with Him on this earth and help the people that will be left at that time. Drop down to verse 12:

Ezekiel 7:12-19a *The time has come, the day has arrived. Do not let the buyer rejoice, and do not let the seller mourn, for wrath is on all her multitude. For the seller shall not return to that which is sold, although they still are among the living (for the vision is to all her multitude, and it shall not return); and a man shall not hold his life strong in his iniquity. They have blown the trumpet ... the seven trumpets of Revelation ... but no one goes to the battle, for My wrath is on all her multitude. The sword is outside, and the plague, and the famine are inside. He who is in the field shall die with the sword. And he who is in the city, famine and plague shall devour him ... so even the ones that are hiding in the house because they don't want to get COVID, what's going to happen? They're going to wind up with war or famine ... But if their fugitives shall escape, then they shall be on the mountains like doves of the valleys, all of them mourning, each for his iniquity ... there needs to be a great repentance ... All hands shall be feeble, and all knees shall go as water. They shall also gird on sackcloth, and trembling shall cover them. And shame shall be on all faces, and baldness on all heads ... because of the whole earth going against Yahweh and turning from His ways ... They shall throw their silver in the streets,*

and their gold shall be an impure thing. Their silver and their gold shall not be able to deliver them in the day of the wrath of YAHWEH.

Comment: The 1%, the big billionaires of the world that are causing a lot of these troubles that are coming and think they want to kill off all the useless eaters. Well, when the wrath of Yahweh comes, all the money in the world, all their silver and gold is not going to be able to save them.

Ezekiel 7:19b *They shall not satisfy their soul, and they shall not fill their bowels, for their iniquity has become a stumbling-block for them.*

Because they think with their money they can get away with anything. They cause these fake pandemics, or plandemics like COVID, and they think they're getting away with it and they think they run the world. People like Klaus Schwab and these really, really evil people, the World Economic Forum and these people with the UN. And when the wrath of Yahweh comes, they're going to see. They try to constantly, **arrogantly** say Yahweh doesn't exist and they want this. Well, they're going to see who exists real soon. They're going to see who exists and it certainly aint going to be them because Yahweh has a fire that's already burning, waiting for them.

But as this is happening, another big thing that happens at this time is the fall of Babylon. Because the fall of Babylon will happen and the whole economic system collapsing so that the beast power can rise and bring in the one-world government and the cashless society and all the other things, that they're ready! A matter of fact, America, Joe Biden a few months ago, he signed that by the end of the year, that America would bring in already a digital currency, that the Federal Reserve would have that. So we will see ... we will see, but they are very close to it. Some countries like China and India have already been primarily like 90% using digital currency and we are moving faster toward this. So Revelation 18 says:

Revelation 18:1-3 *After these things I saw another cherub coming down out of Heaven having great authority, and the earth was lighted up from his glory. And he cried in a strong, great voice, saying, Babylon the great has fallen! It has fallen, and it has become a dwelling-place of those possessed by demons, and a home of every foul spirit, and a home of every unclean bird, even the home of every unclean and hateful beast ... and wow, how could anybody deny that? Shootings of schools ... I mean every single week and just killings and murders, people on all these drugs. Babylon has really become a place that's just filled with demons and every foul spirit ... because of the wine of the anger of her fornication which all the nations have drunk, even the kings of the earth have committed fornication with her; and the merchants of the earth became rich from the power of her trade.*

Comment: So who's running America now? It's not these politicians. They're lackeys, they're nothing. They don't have a soul. They're like robots. Who's running it? It's the corporations. You know it's scary to think that a guy like Bill Gates who has **no medical background** is making medical decisions for who? The World Health Organization, the UN! Can you imagine? Because of the billions of dollars that he's putting in there, but he has **no medical background** whatsoever and they're making decisions on not saving life, but killing life.

Revelation 18:4-7 *And I heard another voice out of Heaven saying, leave the land of her, My people, that you may not share in her sins, and that you may not receive of her plagues ... because those plagues are here ... because her sins joined together, even reach up to Heaven, and YAHWEH remembered her unjust deeds ... and it's the merchants of Babylon that are bringing this, the pharmaceutical companies; Johnson & Johnson, and Pfizer and Merck and all these other ones that are bringing all this evil stuff that's killing people, like the vaccines ... Give back to her as also she gave back to you, and double to her double, according to her works. In the cup which she mixed, mix to her double. By what*

things she glorified herself, and luxuriated, by so much give back to her torment and mourning. Because she says in her heart, I sit as a queen, and I am not a widow; and I will not see sorrow.

So this is what it is. A lot of people in America, they can't imagine that there's going to be famine in America. They can't believe that America is going to be without food. But you know what? It's already started ... it's already started. There's a lot of stores there, even Walmart's, where the shelves are empty and the supply chain is already breaking down. And **we haven't even begun yet**. So yes, where they're not growing food there and they are destroying the food that they have, there will be ... because look at verse 8:

Revelation 18:8 *Because of this, in one day her plagues come: death, and mourning, and **famine**; and she will be consumed with fire, for YAHWEH Elohim judging her is strong.*

And remember; there was a time where America was giving much wheat and grain all over the world. They still do some, but not nearly as much as they used to. And when the famine is in Babylon, and that means nothing is leaving Babylon and going out because then he goes here saying all the things are not trading anymore, what happens? Look at verse 13:

Revelation 18:13 *cinnamon, perfumes, ointment, frankincense, wine, oil, fine flour, **wheat**, and the bodies and souls of men.*

So Babylon will not be sending out food supplies to the world and that's why you are going to have a famine that's coming like the world has never seen before because there's never been this many people in the world, right? Up until around 1850, the most people of any time frame from Adam till then were around 500 million. Now, you have 8 billion people in the world. That is a lot of people, a lot of people to feed if there's not food to go around.

So Babylon falling is going to bring also famine, collapse of the money system. And remember the Shemita is coming here in just a couple of months and what is the Shemita? I'm going to talk, I'll give more sermons about this; it's a year of building up; it's a year of tearing down. And many of the things with Babylon, because Babylon next to Jerusalem; is the biggest end-time player, right? And the Twin Towers were built in the Shemita year; the Twin Towers fell in a Shemita year. And because Babylon is the **economic power** of the world in the end time, right? It makes sense that in a Shemita year, the economic system of Babylon very well could fall. So we better be ready ... we better be ready because it talks about there will be such a cry in the world when Babylon goes because then all chaos is going to break loose from that time period. Amos 8 in verse 11 ... Amos 11 in verse 11 says:

Amos 8:11 *Behold, the days are coming, decrees Adonai YAHWEH, that I will send a famine into the land, not a famine for bread, nor a thirst for water, but rather a famine for hearing the Word of YAHWEH.*

So when this happens, also there'll be no internet anymore. There's not going to be. We already see it. If COVID didn't wake up your mind and show you how quick, and not in a religious sense, but how quick that anybody who's not with this Global Order is going to be silenced, then wow, then **you really have to have a hard skull**. Because when you look at Facebook and Google and all these other, what I've been saying for **years**, how they silenced anybody ... they silenced anybody. How you look on even things like Yahoo where you used to be able to comment after an article and mysteriously all that stuff that people couldn't make comments anymore after an article because **they wanted nobody's voice to be heard**.

And now that they've practiced with COVID through the system, when the next one comes down, look out! Because it will go down immediately, any website that you look at now, including ours, the Congregation of Yahweh, it won't be there ... it won't be there. There will be a famine in the Word and either you're going to be strong in Yahweh and you're going to be around believers where you could help each other and survive; or you're going to be in big trouble.

And if you're just putting this in the back of your mind and saying, I don't want to think about it because it's too hard to think about it, then you're a coward. Because **you better think about it** because that's why we were called! We were called to be a **light** to the nations. We were called to be an answer here, not to run away in fear and not want to think about these things that are coming because we're afraid of them, because fear is the opposite of love and fear is the opposite of faith. And *perfect love casts out all fear*.

And we better be ready here to work. And that's why we should be building faith now. And I know the last couple of years during COVID and seeing the reality of Yahweh's Word come about, it's built my faith more than anything! It hasn't knocked my faith down; it's built my faith! Because now I see it, I see it as clear as day. I see the system is 100% evil. I want nothing to do with it. And what I want to do now is do the work of Yahweh, witness of His Kingdom and then get ready for Yahshua's reign for the thousand years and to be helping Him with the solution, not the problem. So we better be ready for this. And the famine of the Word, it is coming without a doubt.

Revelation 6 in verse 11 ... Revelation 6 in verse 11 ... I'm sorry, Revelation 6 in verse 9 ... Revelation 6 in verse 9 because what happens after the famine? The four horses of the apocalypse; first you have the deception and the white horse and then you have like we said, the doctor wears the white coat; and then you have the red horse; which is war, which we're seeing now with the war going on with Ukraine and Russia, possibly going into World War. And then next you have the famine, the black horse and then you have the green horse, the pale horse; which is death that comes from the pestilence and the famine and what not.

But after that, comes what? Then comes the martyrism. So like Yahshua said, *don't weep for Me daughters of Jerusalem, weep for yourselves and your children. For if they do these things when the tree is green, what will they do when it's dried up?* And if people are this evil in the world today while there's still is food out there and the system hasn't been broken down, what are they going to do when Babylon falls and then there's no food and then the whole money system is collapsed? So Revelation 6 in verse 9:

Revelation 6:9-11 *And when He opened the fifth seal, I saw under the altar the souls of those having been slain for the Word of YAHWEH, and for the witness of what they had. And they cried with a great voice, saying, Until when, holy and true Master, do You not judge and take vengeance for our blood, from those dwelling on the earth? And there was given to each one a white robe ... the white robe is the righteousness of the saints ... And it was said to them that they should rest for a little time, until might be fulfilled also the number of their fellow-servants and their brethren, those being about to be killed, as they were.*

So there's a great martyrism that's getting ready to come and we have to ready for that ... Revelation 13, this is when the beast power takes over. Remember when the woman flees to the wilderness, what does satan do? He comes after her remnant, the other ones, the Laodiceans that are not prepared and weren't taking this seriously, who didn't have eyes to see of the things we're talking about today and have to go through that terrible time in the end to prove to Yahweh that they will follow Him for eternity. So Revelation 13 in verse 5 says:

Revelation 13:5-9 *And a mouth speaking great things and blasphemies was given to it. And authority was given to it to act forty two months. And it opened its mouth in blasphemy toward YAHWEH, to blaspheme His name and His dwelling place, and those dwelling in Heaven. And it was given to it "to war with the saints, and to overcome them." And authority was given to it over every tribe and kindred and tongue and nation ... a world government ... And all those dwelling in the earth will worship him, those of whom the names had not been written in the Book of Life of the Lamb having been slain from the foundation of the world.*

So yeah, what we saw during COVID for two years was just a dry run. And the next one that's coming, we're not going to be able to buy and sell. We are going to be outcasts. We're not going to be able to work in the system. And this is why Yahweh gave us the dry run to **prepare, to get yourself ready to prepare for it** because without preparation then we could say wow. But what can you say once He's given you time to prepare and you just didn't prepare? You just didn't care. You didn't make it. So we have to prepare and the time is now upon us.

Let's go to Genesis 41 because double prophecy that we see in here from Pharaoh's dream in the days of Joseph. It gives us a **real perspective** of what's coming in the days ahead and gives us a plan of action on what we should be doing ... Genesis 41 in verse 15 ... Genesis 41, verse 15:

Genesis 41:15-21 *And Pharaoh said to Joseph, I have dreamed a dream, and there is no one to interpret it; and I have heard about you, saying, you hear a dream to interpret it. And Joseph replied to Pharaoh, saying, Not I! Elohim will answer the peace of Pharaoh. And Pharaoh said to Joseph, In my dream, lo, I was standing on the lip of the River. And, behold, seven cows were going up from the River, fat of flesh and beautiful of form, and were feeding in the reeds. And, behold, seven other cows were going up after them, poor and very evil of form, and lean of flesh; I have not seen any like them in all the land of Egypt for badness. And the cows, the lean and the evil, ate the first seven fat cows. And they went into their stomachs, and it could not be seen that they had gone into their stomachs; and their appearance was as evil as at the beginning. And I awakened ...* and isn't it kind of interesting all these cows that are dying now in Kansas, thousands of cows that are also dying.

Genesis 41:22-26 *And I looked in my dream. And, behold, seven ears of grain were coming up on one stalk, full and good. And, behold, seven ears, withered, lean, blasted by the east wind, sprouting forth after them. And the lean ears were swallowing the seven good ears. And I spoke to the magicians, but not one is making known the meaning to me. And Joseph said to Pharaoh, The dream of Pharaoh is one. Elohim has shown Pharaoh what He is about to do. The seven good cows, they are seven years and the seven good ears, they are seven years; the dream is one.*

Comment: The dream is *echad*. And whenever you see something like this, twice-speak in Scripture, it's talking about a dual prophecy that it's going to happen twice. It happened in Joseph's time and it's going to happen again in the end time. And isn't it interesting everything is in sevens, why? Because it's Shemita cycles; this is all coming around the Shemita cycles. So **these are all little clues that Yahweh gives us** and He gave us the last Shemita and opened our mind to give us **seven years to prepare! A whole seven years, and now we're coming. We only have two months left!** Have you prepared? Have you believed? Because **faith is evidence. Faith is works, faith is a deed!** It's not just sitting back and doing nothing, right? The demons say they believe, but the demons don't follow. And if you're going to follow Yahweh that's the people He's going to back up and that's the people that He's going to help. But if you sit there and do nothing, you're going to reap what you sow. But these are Shemita's, these are seven years.

Genesis 41:27-30 *And the seven thin and evil-appearing cows going up after them, they are seven years; and the seven empty ears blasted by the east wind will be seven years of famine. This is the word that I spoke to Pharaoh: what Elohim is about to do, He has made Pharaoh see. Behold! Seven years of great plenty are coming in all the land of Egypt ... we had our seven good years ... And seven years of famine will arise after them and all the plenty of the land of Egypt will be forgotten; and the famine will consume the land.*

Comment: And I remember when President Trump was in office they were saying these were the most prosperous years in the history of America and even the world. And **how quick**, how quick things have changed because when the seven years are over then you're going into those seven bad years.

Genesis 41:31 *And the plenty in the land will not be remembered because of that famine afterwards; for it will be very severe.*

Comment: And I'm reading this to you. The handwriting is on the wall and it is going to be a very severe famine and while you still have little green pieces of paper in your pocket and you can do something **in faith believing in Yahweh and prepare** somewhat. Maybe not even for yourself, but for your neighbors, for your family, for somebody. You better do it.

Genesis 41:32-36 *And as to the dream being repeated to Pharaoh twice, the thing is settled because it is from Elohim, and Elohim is hastening to do it ... it's given twice because it's a dual prophecy and we're living it now. We're the second part of that ... And now let Pharaoh look for a man who is intelligent and wise, and set him over the land of Egypt. Let Pharaoh act and let him appoint rulers over the land and take a fifth of the land of Egypt in the seven years of plenty. And let them gather all the food of these coming good years. And let them heap up grain under Pharaoh's hand as food in the cities, and let them keep it. And let the food be for a store for the land, for the seven years of famine which will be in the land of Egypt and let not the land be cut off by the famine.*

And you want to know something? Yahweh showed me this a couple of years ago. This isn't a first time I'm going over Pharaoh's dream. But we've been doing this in our Congregation. We've been doing this in our communities and praise Yahweh that I've been able through the blessings of the tithe to help the congregations to prepare **before any of this**. And you want to know something? We've been buying thousands of pounds of grain in Africa and Asia and different places. And you know what's interesting now? That this grain that we were getting in Africa **just six months ago** for as cheap as \$22 for a sack, up to maybe \$26 on average, is **now going for \$68 a sack and rising**. That's just in six months. In a couple months those sacks will be \$100 and then \$200 and then \$500! And if people would have only listened and a lot did ... a lot did.

But you've lost valuable time. I've been talking about this now for **over three years** and you lost a lot of valuable time and now we're two months to the Shemita. Now we're right into it. So it's a scary time that we're heading into but it's not so scary when you believe Yahweh because Yahweh, as we're going to see, will take care of His people if they follow His ways.

So Pharaoh's dream, we need to prepare now because like I said, who knows what the world is going to look like when the Shemita is over; thousands of cows dying in Kansas, fires in all the storehouses in the US, the Ukraine grain being destroyed over there in that country. Genesis 41 in verse 53 it says:

Genesis 41:53-57 *And the seven years of plenty which were in the land of Egypt were ended. And the seven years of famine began to come, according as Joseph had said. And the famine was in all the lands, but in all **the land of Egypt there was bread** ... why? Because **they believed and they prepared** ... And all the land of Egypt **hungered** and the people cried to Pharaoh for bread. And Pharaoh said to all Egypt, **Go to Joseph; what he says to you, do**. And the famine was on the face of the land. And Joseph opened all which was in them, and sold to the Egyptians. And the famine was strong in the land of Egypt. And all the earth came to Egypt to buy, to Joseph. For **the famine was strong in all the earth**.*

Wow, we're living in it now, this is the end time. And like I said, you got a little bit of time left before the Shemita comes and **you need to be preparing for this** because this is right upon us. And if you don't prepare, you're going to wind up being a slave to the world government system. Genesis 47 in verse 12 ... Genesis 47 in verse 12 it says:

Genesis 47:12-14 *And Joseph nourished his father and his brothers, and all his father's house with bread for the mouth of the little ones ... because he prepared they had it ... And no bread was in the land, because the famine was **exceedingly***

severe ... they couldn't grow anything. So once they realized the famine was there, you can't even grow it because there's no rain! It's going to be a bad time ... *And the land of Egypt and the land of Canaan were completely burned up from the famine. And Joseph gathered up all the silver found in the land of Egypt and in the land of Canaan in return for the grain they were buying. And Joseph brought in the silver to the house of Pharaoh ... so now all the silver is gone.*

Genesis 47:15-17 *And the silver failed from the land of Egypt, and from the land of Canaan. And all Egypt came in to Joseph, saying, Give us bread; and, Why should we die before you? For the silver has failed ... so now the food is gone, now the money is gone and look what happens ... And Joseph said, Give your livestock, and I will give to you for your livestock, if the silver has failed. And they brought in their livestock to Joseph. And Joseph gave bread to them for the horses, and for the livestock of the flocks, for the livestock of the herds, and for the donkeys. And he satisfied them with bread in that year for their livestock.*

Comment: But now they have no livestock to get milk, to get cheese, to get these different things. They have wound up with nothing. It's like what Klaus Schwab said, "You will have nothing and be happy." Why? Because they're telling you you'll be happy or they'll kill you.

Genesis 47:18 *And that year ended, and they came in ... this is verse 18 of Genesis 47... and they came in to him in the second year and said to him, We cannot hide from my master that the silver and the livestock of the animals have failed, going to my master. Nothing is left before my master except our body and our lands.*

Right? You will own nothing and you will be but you won't be happy. You'll be miserable. So now like it says in

Revelation 18:13, *Babylon has made slaves of the souls of men.* And here they will be slaves because when there's no food there people will have no choice. And where like with COVID, people fought against the mandate and fought against the vaccine, if it comes down to starving to death people are going to do whatever they're told. **So the people of Yahweh, we have to prepare now** because if not, you are going to be a slave to the world government.

If you don't even have the faith now to just **prepare** for food in the Shemita year, where even if famine wasn't coming, you have to prepare anyway and you couldn't even do that and you think you're going to starve to death when the mark of the beast comes? You're kidding yourself. You're just lazy and you don't have eyes to see if you're not preparing. **When not only does the Word say it, but when you look in the world we see it happening!** Look for yourselves, read some of these articles. It definitely is happening in a lot of different ways and a lot of different places all over the world the food supply is drying up. Amos 3 verse 7 says:

Amos 3:7 *For Adonai YAHWEH will do nothing unless He reveals His secret council to His servants the prophets.*

And He wrote this in the Prophets years ago and all we're doing is interpreting His Word from what He's saying and we're seeing that it's happening. But **Yahweh warns His people ahead of time because He wants to save life.** But you have to choose; *I put before you life and death, choose life.* You have to choose whether you're going to believe Him or you're not. Genesis 45:5-7 ... Genesis 45:5-7 says:

Genesis 45:5-7 *And now do not be grieved, and let not anger be in your eyes because you sold me here ... this is what he's telling his brothers ... for Elohim sent me before you to save life. For the famine has been in the midst of the land for two years. And there are still five years in which no plowing and harvest will be. And Elohim sent me before you to put a remnant in the land for you, and to keep alive for you a great deliverance.*

So Yahweh is doing this stuff. Yahweh is allowing it. We already read His Word. He's going to punish the people in the end with famine because they're not listening to Him. And one big reason why Israel went into captivity was because **they weren't keeping the Shemita** and today virtually nobody in Israel keeps the Shemita.

So this is where we have to **prove to Yahweh** and we have to be **obedient**. And this is why we've been doing it. But you know the little bit of money that we've had coming in for tithe and stuff, we've been giving it out and helping. But the well is drying up! And when this famine comes, I'm not going to be able to help. Either **you have to be preparing now and setting up** or you're like I said, you're really, really going to take the risk of falling into world government and taking the mark of the beast. Acts 11 in verse 27 we see that in the days of the apostles a similar famine that happened ... Acts 11 in verse 27 says:

Acts 11:27-30 *And in these days prophets came down from Jerusalem to Antioch. And one of them named Agabus rising up, he signified through the Spirit that a great famine was about to be over all the habitable earth, which also happened on Claudius Caesar's time. And according as any was prospered, the disciples, each of them, determined to send for ministry to those brothers living in Judea, And they sent by way of Barnabas and Shaul to the Elders who were there.*

So like I said, we're not preppers. We're not doing this and locking ourselves away with guns to hide. We're **preparing not only for ourselves but for other people** because the world is not ready for this and there's people that aren't preparing because they haven't been called yet by Yahweh. And **the more we prepare, the more we can help other people** and the more we can witness to other people.

So just like in Bible times they did the same thing and they helped and they brought food during times of crisis. They collected money for what? The most suffering brethren that we should prepare now to help others because we don't even know where we'll be, but what we're doing now can help other brethren. People that are not preparing are lacking faith; it's that simple. You don't believe the Word because the Word clearly says it's going to happen and it is happening and we're seeing it. So if you're not preparing, you're just lacking faith. So what is Yahweh's answer? Acts 4 in verse 31 ... Acts 4 in verse 31 one answer is community. Community, living together and helping each other and being together. Acts 4 in verse 31:

Acts 4:31-37 *And they having prayed, the place in which they were gathered was shaken, and they were all filled with the Holy Spirit and spoke the Word of YAHWEH with boldness. The assembly of those men who were **believing** had but **one soul and one mind** ... there's no conflict. There's no fighting the elders. There's no wanting to do it my way, but they were all surrendering to Yahweh and believing ... **one soul and one mind** and no man among them concerning the possessions that he possessed would say that they were his. Rather, everything that they had was in common. And with great power the apostles were testifying of the resurrection of the Master Yahshua, and great grace was upon them all. And there was no man among them who was lacking, for those who had possessed fields and houses would sell [them] and brought the price of whatever was sold and laid them at the feet of the apostles. And it was distributed to each according as any had need. And Joseph, the one surnamed Barnabas by the apostles, which being translated is, Son of Comfort, a Levite, a Cypriot by race, a field being his, selling it, he brought the proceeds and placed them at the feet of the apostles.*

So this is what it is. Wow, **they all had one soul and one mind** and people didn't look and say this is mine. No, people shared everything. And Yahweh is going to **use** community living as a major way to help protect His people because that's where He can bring them manna. And like I said, we're doing this now; the communities seven, going on eight years that we've been preparing – a good seven years of the communities. And our communities are pretty ready. They have aquaponics, they've been growing food, they have fruit trees. I mean a lot of different things on these communities that they're preparing because they're believing in the Word of Yahweh. And this is where we have to ban together. We have to help each other and we have to ban together.

1st Kings 8 ... 1st Kings 8 in verse 37 and the most important thing is **we have to pray to Yahweh**. We have to get right with Him. Because like I said we're not preppers; it's not about me thinking that by providing food that that's what's

going to save us. No, we're providing food because we're human beings and as physical human beings, you have to have food and water! But **we're doing it by the Word of Yahweh**. We're doing it by the Word of Yahweh **and in faith of Yahweh**. And that's the reason we're doing it, because **He tells us to**. 1st Kings 8 and verse 37, Yahweh says:

1st Kings 8:37-38 *When there is famine in the land ... as we see coming ... when there is pestilence, blasting, mildew, locusts; when there is the stripping locust; when its enemy has distressed it in the land of its gates; any plague, any sickness ... we've been seeing sicknesses with COVID and other things coming ... any prayer, any supplication that shall come from any man of all of Your people Israel, who shall each know the plague of his **own heart**, and shall spread his hands toward this house.*

Comment: So we're not worried about a plague of COVID, we need to look at the plague of our heart and see where we've been prideful, where we've been arrogant, where we haven't been humble, where we haven't been listening, where we haven't been submissive to the leaders of Yahweh's Congregation and to the Bible, most important and this is what we have to do. We have to look and get rid of that plague of our own heart.

1st Kings 8:39-43 *then You shall hear in Heaven Your dwelling place and shall forgive and shall act, and shall give to each according to all his ways, **whose heart You know** ... and Yahweh knows your heart, whether it's good or bad. He knows it. And arrogance and pride is a one-way ticket to the lake of fire ... (for You have known, You alone, the heart of all the sons of Adam), so that they shall fear You all the days that they are living on the face of the land that You have given to our fathers. And also, to the stranger who is not of Your people Israel, and has come from a land afar off for Your name's sake, (for they shall hear of Your great name, and of Your strong hand, and of Your stretched out arm, and he shall have come in and prayed toward this house,) You shall hear in Heaven, Your dwelling place, and shall do according to all that the stranger calls to You for, so that all the peoples of the earth may know Your name, to fear You like Your people Israel, and to know that Your name has been called on this house which I have built.*

So whether you're Israelite born or you're one of the nation's that's grafted in, it says it right here. It's about humbling ourselves before Yahweh, calling out to Him and praying for each other and Yahweh will hear those prayers and He will listen. Job 5 ... Job the 5th chapter in verse 17... Job 5 in verse 17, he says:

Job 5:17 *Behold, **happy is the man whom Elohim corrects**; and despise not the chastisement of the Almighty.*

Comment: So this isn't a time for pride. This isn't a time for getting angry for whatever reason, we didn't get our way or whatever else and wanting our way. This is a time for humility. This is a time of turning to Yahweh and **taking His correction and changing**. And it may be the last chance you have.

Job 5:18-22 *For He wounds, and He binds up. He shatters, and His hands heal. He will deliver you in six troubles; yea, in seven no evil shall touch you ... the Shemita – six years and then the Shemita ... in seven no evil shall touch you. In famine He will redeem you from death; and in war from the hand of the sword. You shall be hidden from the whip of the tongue; and you shall not be afraid of violence when it comes. You shall laugh at violence and at famine; and you shall not be afraid of the beasts of the earth.*

Comment: So you see these are the people, the humble people, that trust in Yahweh and aren't being of a prideful heart and are repenting and are changing and allowing Yahweh's correction to change their life. They're not worried about famine because Yahweh's Word promises them that it won't affect them.

Job 5:23-26 *For you shall be in covenant with the stones of the earth; and the beasts of the field will be at peace with you. And you shall know that your tent is in peace; and you shall visit your home and shall miss nothing. And you shall know that your seed will be numerous, and your offspring as the grass of the earth. You shall come to the grave in full*

vigor, **like a stack of grain** comes up in its season ... this is what we talked about – about the Feast of First Fruits ... *like a stack of grain comes up in its season.*

Comment: Your spiritual life will come to fruition. You're not going to be like that grain that has no latter rain that never produces, that basically becomes a tare. But you will come to the grave in full vigor like a stack of grain comes up in its season ... wow, producing fruit.

Job 5: 27 Consider this. We have searched it out; it is so. Hear it, and know it for yourself ... Consider it. **We have searched it out; it is so. Hear it, and know it for yourself.**

Those that have eyes to see and ears to hear - let them do it. So this is what it's about. Yahweh has to open up your mind to this. You must trust in Yahweh during the worst times to prove your faith in Him. And the last scripture I'm going to go over is Ezekiel 33 ... Ezekiel 33 because I am an elder and I am a watchman for Yahweh. And that's why I give messages like this because I love Yahweh's people and I have got to warn you and I got to try to motivate you to act in faith and to prepare for the days that are coming and are here right upon us. Ezekiel 33 says:

Ezekiel 33:1-7 *And the Word of YAHWEH was to me, saying, Son of man, speak to the sons of your people and say to them: When I bring the sword on it, on a land, and take one man from the people of the land, their borders, and set him for a watchman to them, and when he sees the sword coming on the land, and he blows the ram's horn and warns the people, and the hearer hearing the sound of the ram's horn, and does not take warning, and the sword comes and takes him; his blood will be on his own head. He heard the sound of the ram's horn and took no warning; his blood shall be on himself. But **he who took warning, he shall deliver his soul ... the wise listen, the wise change, the wise love correction;** it's the fool who gets prideful. It's the fool that doesn't want to listen ... *But if the watchman sees the sword coming and does not blow the ram's horn, and the people are not warned, and the sword comes and takes a soul from them, he is taken in his iniquity. But I will require his blood from the watchman's hand. And you, son of man, I gave you as a watchman to the house of Israel. And you shall hear the Word from My mouth and warn them from Me.**

And here we are. That is what the message is today. I've been warning. I've been making plans. I've been helping Yahweh's people and like I said, **Praise Yahweh that He blessed us** that we've been able to do **a lot of preparation** but not nearly enough, not like Joseph. And when you think of how much grain and food and wine and oil and all those things they needed, not only for Egypt, for the **whole world** that was coming to them. Wow, that had to be a lot! But they had seven years of plenty and he was next to Pharaoh in that land. They had resources.

What we've done in the last three to four years without resources, it's a miracle, but the rest is up in the hands of Yahweh. So Joseph storehouse which we've been working on, helping to build communities and we built a lot of community halls and different things, getting them supplies; but now it's up the local people. It's up to the elders, and local congregation. Because like I said when this time comes, it's not going to be able to me and say, Elder Don we need food, we need this. There probably won't even be internet. So you got to take it serious.

COVID restrictions did limit us some. I was hoping to do some programs with our leaders in the communities where they could have travelled to each other and helped them. Maybe we still can do some in the small time we have, but COVID restricted us some and with travels. But we've still been preparing and we've done a lot now in the last three to four years.

Like I said, grain that we were buying as low as \$22 a sack up to \$26 or a little more is now close to \$70 and going up weekly. There's only a few months until Shemita. If you haven't started to prepare, you're in trouble and simply don't have eyes to see. **We must work quickly with the little time we have left.** Put into practice the Seven Point Plan.

Must act to show our faith in the Word of Yahweh. Cooking oil, which is an essential for almost everybody, has more than tripled in just the last few months. And many other foods; foods have gone up close to 40% just in the last year and they're going to continue to go up much higher.

If you don't prepare, you will reap what you sow; as it is showing a lack of love for your neighbor who also is going to need your help when the famine comes. We're not preppers like I said. We aren't trying to save our flesh, but we should be **dying to our flesh** daily. However, we do believe in the Word of Yahweh and know that many people will go hungry. And that is why in faith, we are preparing not only for one year of Shemita, but if possible to seven years of famine that's coming soon. The handwriting is already on the wall. Can you read it? Do you have eyes to see? Yahweh bless, Shabbat Shalom.
