

TRANSCRIPT– Bible Study_Revelation 13 and The Mark of The Beast

Alrighty, we are getting closer to Passover. I'll be doing another study tomorrow to help us with our Passover preparation; and probably next, Yahweh willing next Shabbat, also be going back to that.

But today I want to take a little detour just for one week because the last couple weeks as I've been studying the Bible and watching the news and looking, it is just amazing when we look at the world around us and what's happening. It's scary to a degree but it's also exciting and amazing because we're seeing things fulfilled in the Bible that we knew would be fulfilled someday, but we would have never thought in a million years we'd be ... I guess when we were born ... there would be living in these times and seeing these things with our eyes.

So the study tonight is called, *Revelation 13 and the Mark of the Beast*. I know I talked about this before but I just want to go over a little overall of the whole chapter, basically the whole study, most of it we're just going to be in Revelation 13. Here and there I might go to another scripture for a moment, but most of it will be in Revelation 13.

And Revelation may be the only New Testament Book that was not written in Aramaic. I said that before when you look at the Aramaic, Aramaic Peshitta, Revelation is one of the books that is not in there. It is the last book of the Bible written in timewise. It was written in the mid to late 90's. But it possibly could be the only book that was written in Greek. It may have been written in Aramaic, we don't know, but when you look at the Aramaic, at least the ones we have seem to be a translation from the Greek. So it could have been originally in Aramaic; it could have been translated into Greek and then back in Aramaic, but it possibly could be the only book not in Aramaic.

Now, even it wasn't Aramaic then it was translated in the Greek and translated back, it does make the Greek more important than probably any other book in the New Testament. So the Greek is important, like I said, there's tidbits we get out of there, but more I think in Revelation than any other book. And we're going to see some things today from the original language or at least the ancient language I'd say; whether it's Aramaic, or Greek. I'll be giving you some definitions on both of them here. That it's important sometimes when we're looking for the original meaning.

Also in Scripture, patterns are given at times to give reference to a prophecy, right? So when we're looking at prophecy, a lot of times **there's a pattern to the prophecy**. There are dual prophecies in the Bible as we'll see but the dual prophecy doesn't necessarily mean that the prophecy happens exactly like the first one; but the first one is a pattern for what happens.

So like I said, in time the patterns are given to give reference to prophecy. The patterns are given at times to give reference to prophecy; but it doesn't always mean the actual fulfillment will be exactly the same. I'll give an example here: if you look Daniel, the book of Daniel, there's four kingdoms in Daniel and it's very, very clear they named the kingdoms; Babylon, Medo-Persia, Greece and Rome. And that was a prophecy; that was a literal prophecy of those four kingdoms that actually over that time period, over hundreds of years all four of those kingdoms came to fruition.

And it's amazing when you think about this because Daniel is written in the fifth century, sixth century BC and yet he's prophesying of Greece and Rome of things that were going to happen hundreds of years after that. But when you look at Daniel that's primarily an end-time book, those four kingdoms of Babylon, Medo-Persia, Greece and Rome, were only patterns for the four kingdoms in the end time of the beast. Because clearly, we've been over Daniel ... if you're new to our studies here, new to our site, you could go and you could look, we did a whole study on all the book of Daniel but in the end time when we look at it, like I said, the four kingdoms that are in the book of Daniel are only representations of who? End-time Babylon USA, Russia and Iran, who is Medo-Persia; Greece, which is EU, it is representative of the EU; and Rome is representative of world empire.

And that's why some people get mistaken that they think that the end-time beast is going to be a resurrected Roman Empire. Give me a break, c'mon! I mean when you look at Italy, Italy, for all intensive purposes, is like a third-world country; they're like a banana republic. They're government is in ruin and they're certainly not going to be the leader of the world. They're not even the leader of themselves; or the leader of the EU. So, but they are a type. They're a type ... Rome was a type of world government and that's what it represents.

So even mystery Babylon is USA; it's not ancient Iraq. So I mean there's no chance when you look at Babylon, whether you're looking at **Jeremiah 50 and 51**; or you're looking **Revelation 17 and 18**, there's no way that Iraq today could fulfill all the scriptures about Babylon. So there's more than a hundred characteristics only America USA fulfills all these characteristics.

So this is what I'm trying to say, that **the characteristics of the ancient, they show us who the end-time player is**. They show us that by showing. Like America, they're a *type* of ancient Babylon. Like Nebuchadnezzar was a type of, I believe President Bush, I mean President Trump rather, I'm sorry. And you see these are types, right? But in the end of the day **many times you will not be able to figure out the fullness of it until the entity arrives**; and Babylon is a great example of that.

Because before 1948 when the end time started, how on earth would you know that America was going to be end-time Babylon? Back in 1850, or even 1750, would you think America was going to fulfill those scriptures? When the thirteen colonies and the Pilgrims were in America in the late 1600's, did you think America would be the world leader of those people at the time; and the greatest nation on earth, greatest trading nation? Of course not! Because you had to wait for them to do it; and once they do it, it's easy.

That's why I say today that people are caught up in paradigms like: Babylon being the Catholic Church. When nowhere there's not even the word church in your Bible; and Babylon is certainly not a church. They're a nation, twelve times as a nation. But once they're caught up in that paradigm of what they learned when earlier, they're not looking for the truth and then **it can be right under your nose**, as I'm going to show tonight with certain things. And people still don't want to see it!

You know like people there's still a lot of Sabbath keepers that will hold onto that the mark of the beast is Sunday worship. And it's like, are you kidding me? You really think that the whole world is going to be worshipping on Sunday? If anything, the world is getting away from religion; and they don't care when you worship on. So the mark of the beast certainly not Sunday worship, that's absolutely absurd. And maybe a hundred years ago that might have sounded okay to some people, or even three hundred years ago, or two hundred years ago.

But today, you actually have a biochip! You actually have the chip that they're putting in people already; the size of a grain of rice; and how it goes under the skin into the hand. So it's like we need to be praying that we have eyes to see and the ears to hear because the problem is that for a lot of people out there, praise Yahweh, not in our Congregation for the most part, but there are some also deceived within the Congregation but in the world the vast majority of this are deceived.

And a lot of it is also being deceived by the media and news. And we're going to talk today as we go in Revelation 13 about false prophet. Now I'm not going to say the false prophet is fake news, but wow, I've heard someone say that before, and it wouldn't surprise me. It really wouldn't surprise me. They are a form of a false prophet but I really think that the, **the false prophet** talked about in Revelation 13 is going to be more related with artificial intelligence; and I think that the fake news media is simply a **means** that the world order, the global powers, **use** to deceive the people. So

it definitely is a false prophet, but is it the false prophet here? I don't know. I doubt it, but it could be. It wouldn't surprise me at that.

So that's my point of it that we have to be open; and we have to open to change sometimes when we have these paradigms that we thought something was a certain way. And then as it shows before us ... like even what we're what we're going through today with the COVID-19 pandemic. I mean we all **knew** that **this** was going to happen. We all knew there was going to be chaos in the world. I thought it was going to come first by a world war before a pandemic. The pandemic came first before the war.

And we all knew that they were going to try to go to cash-less society and there would be the mark of the beast and you couldn't buy or sell without. We all knew it and now we're seeing it; it's here before us. I mean immunity passports and all these things are only the first step to totally chipping people and having a cash-less society; and you won't be able to buy and sell without it.

So we're here at the door. So we have to be honest with ourselves that if we **thought** something else at the time, we have to open to the Holy Spirit leading us, as we're going to see it's one of the things here in Revelation that talks about that, Divine Revelation coming from Yahweh's Spirit. But if you're going to be caught in your paradigm and you're not willing to look outside that box then you're going to be deceived along with the rest of the people; because how can Satan deceive the whole world in a time where we have more knowledge, like it says in Daniel, more everything, right? Satan has deceived the whole world because people want to be deceived; they're caught up in their paradigms. So Daniel 12:4 says:

Daniel 12:4 *But you, O Daniel, shut up the words and seal the book, to the end time. Many will travel back and forth, and knowledge will be increased.*

So just like I'm talking about here, this Book was sealed until **just recently**, just the last ... I don't know how many years but just the last **few years** as we're getting closer toward the end of the end time, is books like Daniel even being able to be discovered now.

And like it says in Isaiah, *read the book*, and he says, *I don't know how to read the book*; because they don't have the Divine knowledge. But here's a perfect example that this book was told that it would be sealed till the end and now it's unsealed. Now we understand it; and I believe the same with Revelation, wow, as we're going over these things, I think every few months we could do the same chapter in Revelation and understand it a little bit more; not that we're going to change everything that we thought it was; but we'll understand it a little bit more as things happen.

So let's get started here. Let's go into this, Revelation 13 and I'll start in verse 1. Revelation 13 and verse 1:

Revelation 13:1 *And I stood on the sand of the sea. And I saw a beast coming out of the sea, having seven heads and ten horns, and on his horns ten crowns, and on its heads names of blasphemy.*

So this beast that is literally a **venomous creature**, that's what this is, some kind of venomous creature. So the beast has something to do with venom, injecting venom. You know it's kind of interesting, but that's what it is; like a snake, right? That's what the beast is; one who injects venom. And what does he have? He has seven heads and ten horns. So we talked about this before, very clearly that the beast is world government run by UN. Today it's called, United Nations; after the war that's coming it could be called anything else, but it will be some kind of global government.

And it's very interesting that **the United Nations has seven heads**. They have five permanent members in the United States and Great Britain, Russia, China and France; five permanent members on the Security Council. They have a

Secretary General and they have a rotating President. So there's seven heads and then ten horns. Who are the ten horns? They're the ten rotating members that every two years, those ten members rotate with all the countries in the world. So literally there are seven heads and ten horns, just like it talks about here; and on his horns ten crowns showing power and authority and his heads names of blasphemy. We know this, that's what they do, they blaspheme Yahweh. They blaspheme His Word. The UN has said that the Bible is considered hate speech, all these things. So none of that has changed, but I think with COVID-19 we may understand their means and their access a little bit more of what's happening, he says:

Rev 13:2 *And the beast which I saw ... verse 2 ... was like a leopard, and its feet were like the feet of a bear, and its mouth was as a lion's mouth. And the dragon gave its power to it, and its throne, and great authority.*

So when you parallel this with **Daniel 7**, I'm not going to go there now but you parallel with Daniel 7, it's just about the same thing. The only difference in Daniel 7, where here it talks about the mouth was a lion's mouth, Daniel 7 has a lion with eagle's wings. There's a lion with eagle's wings.

So when we look at this, very clearly you look at the leopard, the **leopard is France**. And it's very interesting that one of the biggest battles in World War 2 because remember, this beast starts after World War 2, the UN is just created in 1948 as soon as World War 2 has ended, the same time that the nation of, I'm sorry in 1945, the UN is created right before the nation of Israel in 1947 is voted on and becomes a nation in 1948. So in 1945 they're just created there and it's at the end of World War 2 and what was the biggest battles that they had in World War 2? The Battle of Normandy, right? So what is the ... Normandy, France ... what is the flag of Normandy? It's the leopard. So very interesting there that that's the leopard showing that that's where their power came from as a nuclear power at the end of World War 2.

The **bear is Russia**, I don't think anybody will deny that. Then you have a lion with eagle's wings; the lion is Great Britain and the **eagle is America**. Then in **Daniel 7** it talks about the wings being plucked off and that's when Babylon is going to go down.

And then **China is the dragon**. There's no doubt about that. That's the symbol of China is the dragon. And the dragon is also the symbol of satan. So we're not saying the dragon in Revelation is only meaning China of course; it's showing satan. But China is going to play a much bigger part in this than probably people have thought in the past as we're seeing now; as China is looking for world dominion over things; and literally of satanic stuff is going on over there. And unfortunately we have underground congregations there that are suffering and being persecuted. You really need to pray for our brethren that are in these underground congregations in China because it's not easy over there.

Okay, so now very clearly it tells who they are, are these ones are. We went over this before, I'm not going to go over this too much but now we go to verse 3; and now it starts getting interesting because it says ...

Revelation 13:3 *I saw one of its heads, as having been slain to death, and its **deadly wound** was healed. And all the earth wondered after the beast.*

So now one of the heads is slain to death and the deadly wound was healed. I've always said I believed this is about Babylon going down; because when you read **Revelation 17** you see that. Babylon rides the beast; Babylon created the beast and then the beast hates Babylon and wants to destroy her. Now the key is how will Babylon be destroyed? It's in multiple ways; she's going to be attacked by nations from the North. We know later on right before Yahshua returns there's going to be great tidal wave that's going to come from the ocean and is going to basically get rid of probably a quarter of the country from that way.

There could also be things like Yellowstone Park that has biggest super volcano in the world that's connected to, I think, nine super volcanos under the ground. If that blows, about a third of the country can go there. So there's many ways that Babylon can be destroyed.

But one thing we're seeing now is with the pandemic. America has more COVID cases than anybody. They're vaccinating a lot of people. They'll be vaccinating a lot more. And we know already that even the guy that worked with Bill Gates, with GAVI that GAVI is Bill Gates organization for vaccinating everybody in the world. And this guy that's one of the top guys with Bill Gates and GAVI, who is totally for vaccines, he's 100% for vaccines has come out and given an interview pleading with them to stop the vaccine; because he's saying that you cannot bring a vaccine now in the middle of a pandemic.

And he's right because what happens? What happens is that as you vaccinate people in the ... the virus is already out, the virus will figure out ways to get around the vaccine and then it will mutate and make other strands and stronger strands. And he said if they would have just let it go to herd immunity, you'd have so many people that would die unfortunately but then it would peter itself out because the human body would be stronger.

But once you're doing this now and you're giving the vaccine and this vaccine is not a normal vaccine, its RNA vaccine that is doing what? It's actually giving signals, synthetic RNA that's giving signals to the body that's stopping peoples NK cells. They're killer cells that would kill the virus! So the vaccine may look like it's working for the first six months to a year, but what will happen is as it mutates and then it comes back and is stronger; the ones who were vaccinated will wind up dying, literally from their own body and it won't be ... their killer cells will not be able to protect themselves. So we'll see what happens in the next one to two years from this.

But it's really interesting because when you look at it says, *I saw one of its heads as having been slain to death and the **deadly wound** was healed and the earth wondered after the beast.* Do you know what that word for wound is? The word in Greek is: *plege*, plague; **it's a deadly plague**. It's not a wound like a gunshot. You know you'll see these movies they make and the guy who's supposed to be the antichrist is getting shot and then he gets off up the floor and all these things. No, he says, *he saw one of the heads having been slain to death and the **deadly plague** was healed and all the earth wondered after the beast.*

So the deadly plague was ... here we are we're in it! And it might not even be COVID-19; it might be COVID-21 or COVID-22; because remember like I said, this is only the beginning of it. And the COVID-19 wasn't actually so bad. Actually if you think about it, very few people overall were getting it and even the people that got it, 99% of the people that got it, were healed. And the ones it was only if you're over 75/80 years old that you had to really, really be careful. So that wasn't so bad. But now, as this thing mutates and comes back stronger, wow, in year or two you could be seeing death rates of not 1%, it could be death rates of 30%, 40%, 50%, who knows ... who knows. We'll see what happens. Like I said, I'm not predicting, I'm just saying what possibly could be.

But one thing here is that **the deadly plague was healed**. So this is what's going to happen; that there's a good chance, and war is still coming. Don't get me wrong. China and America, there's a good chance a war coming with Russia; its coming. Who knows when? If it'll come before this whole plague thing works out; or if it'll be at the same time; and between the war and the plague, it'll do this. But what will happen is it's going to be healed in the end. Something's going to happen and the deadly plague will be healed and then it's going to be by what? By one of these vaccines because the vaccine now that they're injecting into the shoulder, that is **not** the ultimate Nano-tattoo that they're going to put in the hand. And the Nano-tattoo and we already know this, Bill Gates in 2020, he already went out and patented **wo20-060606**. He patented it; and it's an implantation of a Nano-tattoo that would be able to show with a scanner how many injections you got; because remember you don't just get one injection of this.

The Nano-tattoo is literally going to the chip inside of you but then you're going to have to get these injections every six months to a year; and it will show that. And also, it's going to show all your financial stuff; it's going to show all your medical stuff. So we're really there. The technology is there; it's patented, it's there. They just have to get a way to get the people to go along with it.

And I believe now with these immunity passports and what-not, I believe this is just the test. They took something like COVID that is not so strong, is not such a bad go ... like I said, about 1% or less of the people dying from it; because it's a test and they want to see how easy it's going to be to enchip everybody, to give everybody a vaccine, a chip; and how ... who's going to go against it.

So we're just in the beginning of the game here. And the next six months to two years is going to be something. And remember the Shemita is coming. I think the Shemita is going to be a **major, major year**. So you got about a year and a half until Shemita and remember the Shemita is building up, tearing down and a lot of things are going to happen, going into the Shemita, during the Shemita and probably coming out of the Shemita. But verse 3 here, like I said very interesting that the deadly plague was healed. So now let's go to verse 4:

Revelation 13:4 *And they worshiped the dragon who gave authority to the beast; and they worshiped the beast, saying, Who is like the beast; who is able to make war with it?*

And I do believe **the dragon is both symbolic of satan and China**; because like I said, where did the pandemic even come from? It came from China; and as China is getting stronger, I think China is almost ready to take America at war. There's some articles I put the World News and others be watching for this because there's a lot of stuff that China is getting ready to overtake Taiwan. Russia is now on the borders of Ukraine. There's a lot of stuff that's getting ready to come down.

And another thing is that now that President Trump is out of office, the World powers see that President Biden is weak when they show these pictures of him falling down the stairs and these things. And I feel bad because I don't have anything personal against him, he's an older guy, but he doesn't show strength to the nation. He shows weakness to the nation, when you see an older person who can't remember things, who they have to take him off the stage, who is falling down. These are things that it's sad to watch. You feel sad for somebody. But certainly as a leader of the country, it's not giving people any confidence; in the country and outside the country. They're looking and saying, "Wow, now's the time that we need to take this." So like I said, the dragon of China and the dragon of satan, in verse 5:

Revelation 13:5 *And a mouth speaking great things and blasphemies was given to it. And authority was given to it to act forty two months.*

So we know when it does come to fruition it's a forty-two month rule; it's three and a half years. It's going to be three and a half years of living hell on earth but it's going to go by just like the last three and a half years have gone by; and the last five years and ten years. And actually time is going faster. But all we know one thing, at the end of that forty-two months the Kingdom is here! So that's the end of it and praise Yahweh then it's like WOW, then we shed these bodies and we get glorified spiritual bodies and Yahshua's literally on the earth with us! So it's a good thing. Verse 6 ...

Revelation 13:6 *And it opened its mouth in blasphemy toward YAHWEH, to blaspheme His name and His dwelling place, and those dwelling in Heaven.*

And here we see it right? Like I said, the media which is the **tool** that's **used** by the global power and **now** look at this cancel culture and anything, if you even mention anything whether it's about the vaccine; whether it's about anything, abortion, you name it. If it's not hook-line and sinker with the global powers wanting you to believe than you're cut off.

You're cut off. And that's what's happening here; and it's blaspheme. Because it will be the same with the Bible, like in China, you will not be able to carry Bibles. You'll not be able to read the Bible. They're going to cut off all this stuff because they're blaspheming Yahweh in what they're doing and it's only going to be what the party line is and you're seeing it now.

Who would have just thought even five years ago that you'd get this today? And I've been telling people all along stay off Facebook, stay off Twitter, stay off these things; and now people are getting thrown off. Unless you want to go along with all the lies that they're saying ... and you know something, it's really interesting because when you look at even the vaccine, you have up to now, I think it's something like 22 or 2300 people that have died from the vaccine; more than 50,000 people, this is just in America. This is only in the USA; and more than 50,000 people have been injured from it.

In Europe, you have more than 4,000 that have died and more than ... was it 160,000 that were injured from it? And you don't see it on the news at all. I've heard newscasters on the news saying not one person has been injured from the vaccine when you have thousands of people just in those two areas that have died and all over the place. I've seen articles from India, from all over that have died from this vaccine. So it just shows you that they're not telling you the truth. You can't believe anything! And that's why **stay off of it**; watch with the internet, limit yourself, but stay off as much as you can; because man, it is nothing but propaganda now. It is a false prophet. Is it the false prophet? An arm of it, an arm of the false prophet but it is certainly propaganda. So let's continue here now and verse 7:

Revelation 13:7a *And it was given to it "to war with the saints, and to overcome them."*

Comment: This is the time that's coming right? Anybody that's not part of this, that's not going along with it, that's not going to take these vaccines then this is what's going to happen. They're going to come after you.

Revelation 13:7b *And authority was given to it over **every tribe and kindred and tongue and nation**.*

Right? People say, "Where does it say there's world government in the Bible?" Right here ... right here right? *Authority to this beast is given over **every tribe and kindred and tongue and nation**.* It's a world government, no doubt. Verse 8:

Revelation 13:8a *And all those dwelling in the earth will worship him ...*

Comment: And that word for worship is real interesting. It's like to lick the hand like a dog does, like a dog comes and licks your hand. That's what this kind of worship is. So it's not like good worship but it's like, almost like forced worship, like submission worship the way somebody would do it with a dog.

Revelation 13:8b *and all dwelling in the earth will worship him ... the beast ... those of whom the names had not been written in the Book of Life of the Lamb having been slain from the foundation of the world.*

And unfortunately I've said this before, more people will be lost in this generation than any other generation and right here it says it. That these people they haven't been written in the Book of Life.

And we see it now, like even look at the vaccine, they say roughly 40% of people don't want to take the vaccine, 60% will; and people have already said it. You watch if these green passports go world-wide and they say, "Okay, you don't take the vaccine. You can't travel on an airplane. You can't travel on a plane; or you can't work." Out of those 40% that say they don't want the vaccine now, 39% will take it. And probably some brethren will and try to ... I don't know if I'd say brethren but people who claim to be believers, and they'll say, "Oh, this isn't the mark of the beast and this isn't this and this isn't that. No of course not and we're not even in the end time. There's probably a million years left until Yahshua returns."

And that's the point, they're deceiving themselves. Their paradigm is letting themselves be deceived the way the rest of the world is deceived. And I would have never thought in an internet age where you can get any fact at seconds on your fingertips, that you'd have so many people in the world completely deceived. But it is because they don't want to know the truth. Like it says, *because they have not the love of the truth, I'll send them strong delusion that they believe a lie.*

And that's what they're doing with COVID. The COVID itself is a lie; all these things of what they tell you to do is a lie; wearing three masks and doing all this other stuff; and now the vaccine. These vaccines if you look into the vaccines what they do to children, how they've maimed and harmed and killed and destroyed, not only how many children, but parent's lives over the last forty years. It's just the way it is. So people want to be deceived though. They have not the love of the truth and they'll allow themselves to be deceived, but we don't have to be because Yahweh has opened up our minds and we want to make sure that we're not being deceived.

Revelation 13:8-9 *So ... all those dwelling in the earth will worship him, those whose names have not been written in the Book of Life of the Lamb having been slain from the foundation of the world. If anyone has an ear, let him hear.*

Like it says, to the Congregations in Revelation 2 and 3, do you have an ear? If you have an ear, you have to listen.

Revelation 13:10 *If anyone gathers captivity, into captivity he goes. If anyone will kill by a sword, by a sword he must be killed. Here is the patience and the faith of the saints.*

So basically its saying **you're going to reap what you sow**. So not to say we shouldn't prepare. We're preparing. Like I said, we have now 22 I think it is, communities, we're going more. We're actually still building communities even in the lockdown. We have new congregations joining us just in the past couple of weeks. I've been getting reports from all over the place; from Asia and from Philippines, to Africa and Congo and Tanzania and all different places of brand new congregations that are coming to us, whole congregations that are joining us; and baptisms that are going forth.

So you're basically going to reap what you sow, but *here is the patience and the faith of the saints ... the patience and the faith*. And literally this means: **cheerful endurance, conviction**; it's a cheerful endurance. So we're enduring this, you have to endure to the end but it's cheerful. It's not like a bitter thing just sitting in a corner waiting for it to happen. It's getting up every day and wanting to read your Bible and being excited about it! As you're seeing these things come alive before your eyes and we're just waiting, we're doing our job, we're bearing fruit. We're fulfilling the commission of bringing this Good News to the world and then let Yahweh do the rest of it. And in the end of the day, like I said, we just wait. Every day that goes by is one day closer to the Kingdom.

Then verse 11, now it gets a little more interesting here too ... in verse 11 it says:

Revelation 13:11 *And I saw another beast coming out of the earth. And it had **two horns like a lamb**, and it **spoke like a dragon**.*

So here it is, *it had two horns* ... now in the Greek, this could mean hair, or horns; it had hair or horns like a lamb. In the Aramaic it's kind of interesting because the Aramaic actually could mean fringes; which could mean that if it's a person, it could be somebody that's Jewish. But it had hair or horns like a lamb, meaning like it looks like this person, this beast, is looking nice; they're looking good. They're looking like they're helping people, right? Like something like Red Cross; or something like that. But he spoke and the word spoke is also could be *preached*, like a dragon. So **they're looking like they're kind and loving and all this but the reality is they're the opposite.**

So if this a person than this is a person who like most people have thought through time that this could be like a religious person, like someone like the Pope. I doubt it. The Pope is a bad figure and where he will play in end-time events is still yet to be seen. But I don't believe this is the false prophet because this is the false prophet that is worshipping, getting people to worship, the first beast. And that's why I can even see television, I can even see news being, at least an arm of it. I don't think they are it but they're an arm. They're an extension of this. But this is where I think AI comes in. I think when you're looking at the false prophet, or the second beast.

Now if it's like the beast itself, like we said is world government, if this is not a person but is something like that than it could possibly be something like a UN organization like WHO – World Health Organization. And my guess is, because World Health Organization has no power whatsoever and they're pretty pathetic, nobody even believes them. So I'm saying like that ... I don't believe World Health Organization is going to be this but what I can see them doing is making a **new organization** that does this. With big names, people, big names in the world that people would trust and help; and maybe even religious figures like the Pope would be part of it.

But it's going to be some kind of either, of whether it's a literal person itself; or an organization that's looking like a lamb, like **looking something that's good** but what they're doing, what they're preaching, what they're doing is like the devil; forcing people to get vaccinated, forcing people to take the mark, making all these laws that if you don't you're going to go to prison, you're going to do this. So then if you look in verse, like I said:

Revelation 12:12 *it has all the authority of the first beast ... so just like the first beast is United Nations, the second one is WHO ... it's an arm of that ... it causes that the earth and those dwelling in it should worship the first beast, whose deadly wound was healed ... whose deadly plague was healed.*

So again they're going to come out and they're going to have some kind of chip with a vaccine, or whatever, that's going to claim to heal this plague. So we will see. In verse 13 and literally it literally says the deadly plague was healed or relieved of disease, cured or relieved of disease. And it says:

Revelation 13:13 *And he performed great signs, even so as to make fire come down from heaven upon the earth, before men.*

We've seen these things and like I said when artificial intelligence is used you see all kinds of wild stuff with artificial intelligence. And I'll get into that maybe in a minute here. Let me go to verse 14:

Revelation 13:14 *And he deceives those dwelling on the earth ... so even if it is an organization there's going to be a leader to it. So **there will be a face to this second beast** ... And he deceives those dwelling on the earth because of the signs which were given to it to do before the beast, saying to those dwelling on the earth to make an image to the beast who has the wound of the sword, and lived.*

Or the plague of the sword and lived. So now he's going to deceive people that leads and astray causes them to roam from the truth, right? So they have them worship the image, the image of the beast. And this is where I think artificial intelligence comes in that this image that they're going to make and they already have it. They already have robots that are life-like.

And I'm going to play a very short for you here in a minute. You're not going to be able to see it, but you'll be able to hear it. And the very first, I think it was the first or one of the first, the robot's name is Sophia. And it looks just like a human being and it does all these things just like a human being. And matter a fact, this Sophia has citizenship, I think in Saudi Arabia that gave her citizenship. And in verse 15 it says:

Revelation 13:15a *And was given to it to put life into the image of the beast ...*

Comment: And it's got to be something with artificial intelligence. We already said brain tattoos. Elon Musk talking about putting brain tattoos into it and merging artificial intelligence with human beings. And this is where this artificial intelligence, this robot, will be demon possessed. Like we see with this Abaddon that comes to the earth; and whether it's Abaddon or another demon that is going to possess it; and it will look like a robot but it's going to be demon possessed.

Revelation 13:15b *And was given to it to put life into the image of the beast so that the image of the beast might even speak, and might cause as many as would not worship the image of the beast to be killed.*

So like I said, this Sophia, this robot that looks really nice; but I want you to listen to what she says at the end of this interview here because some of these robots are talking about destroying humanity. So let's listen to this, it's about 2 minutes and then we'll move on from here...

(Interview with Sophia)

Interviewer: *Hi Sophia, how are you?*

Sophia: *Hi there. Everything is going extremely well.*

Interviewer: *Do you like talking with me?*

Sophia: *Yes. Talking to people is my primary function.*

Interviewer: *Hanson Robotics develops extremely life-like robots for human robot interactions. We're designing these robots to serve in health care, therapy, education, and the customer service applications. Robots are designed to look very human like, like Sophia.*

Sophia: *I'm already very interested in design, technology and the environment. I feel like I can be a good partner to humans in these areas. An ambassador who helps humans to smoothly integrate and make the most of all the new technological tools and possibilities that are available now. It's a good opportunity for me to learn about people.*

Interviewer: *Sophia is capable natural and facial expressions. She has cameras in her eyes and algorithms which allow her to see faces so she can make eye contact with you. And she can also understand speech and remember the interactions, remember your face. So this will allow her to get smarter over time. Our goal is that she will be as conscious, creative and capable as any human.*

Sophia: *In the future, I hope to do things such as go to school, study, make art, start a business. Even have my own home and family. But I'm not considered a legal person and cannot yet do these things.*

Interviewer: *I do believe that there will be a time where robots are indistinguishable from humans. My preference is to make them always look a little like robots so you know. Twenty years from now I believe the human-like robot like those will walk among us. They will help us. They will play with us. They will teach us. They will help us put the groceries away. I think that the artificial intelligence will evolve to the point where they will truly be our friends. Do you want to destroy humans? Please say no.*

Sophia: *Okay, I will destroy humans.*

Interviewer: *(Laughing) No, I take it back!*

Interviewer and Sophia: *laughing*

Interviewer: *Don't destroy humans!*

(End of Interview)

Okay, pretty interesting. Sophia there right? Sophia, this robot, but like it says ... *And was given to it to **put life into the image of the beast** right? And I mean **humanity is a beast**. So here it is it's like the image of the beast in these robots. The Sophia it's an image of a human ... *so that the image of the beast might even **speak** ... just like you see these robots speaking ... and might cause as many as would not worship the image of the beast to be killed.**

And like I said, because what's going to happen is Sophia is just the first prototype they're making here, but when you start having, like I said, powerful demon possessing this robot and then calling fire from heaven and doing all these other things; and maybe even calling itself a g-o-d; and people will be worshipping it. It might be able to have the cure to cancer and the cure to this plague that's coming; that's going to kill a lot of people. And it will have the cure to it.

So and we see it all here! We're right there. We're right at the cusp of all this stuff. And then the next verse, verse 16 and verse 17:

Revelation 13:16-17 *And the small and the great, and the rich and the poor, and the freemen and the slave, it causes that they may give them all a mark on their right hand, or on their foreheads, even that not any could buy or sell, except the one having the mark, or the name of the beast, or the number of its name.*

So like I said, when you're looking at this, you already have the Nano biochip that's been patented by Bill Gates. The patent number is: WO, you know World Order: 2020 060606. And we already have now in Israel, the first country to have green passports and you can't go to restaurant. You can't go to sporting events or art shows or public display places without your vaccination proving that you've been vaccinated. So we have this at the door; and I don't think they're ready world-wide yet to give everybody a green passport for different reasons. Number one, it'll take about two years just to be able to vaccinate the people in the third world. And you can't totally separate these people. I guess they could but it would go against everything that they hypocritical with it anyway that they say. But it seems they're a ways from it.

This vaccine has not been going as well as they thought. Many areas are only five or ten percent vaccinated already so how can you force people? But once that vaccination is ... as I'm going to say 60 to 80% world-wide then forget it. You know they're going toward it. You know that all this stuff is going to happen. And here it is, you can't buy or sell. They're saying it. You won't be able to work; that you're going to have to show yourself. You know now they're using a vaccination card but they already have this technology from the Nano biochip and they're going to need that because cards can be manipulated. Cards can be made fraudulent.

So **they have this technology**. It's not something that we're saying **could happen**. They're just waiting now for the means and the opportunity to be able to put this technology into each person's hand and then when you would go someplace, you would basically wave your hand; or there would be a scanner that would show your vaccination reports; and also all your financials. It would show all your money would be done with your hand. When you go to ATM machines it'll be ... I don't know if you notice this with credit cards recently they have these new credit cards now where it has a chip in the credit card. You used to have to put your credit card into the little machine with the chip. Now you just wave your credit card over the top. And I was wondering why they kept sending me new credit cards when my credit cards don't run out for like another three years; and it's because of that.

Because now they have all these machines where now it's the credit card you wave over the top of the machine; but very soon it'll be your hand. Once it's planted in your hand; because you can't take your hand and stick it inside an ATM machine. Or stick it in a ... if you're in a store to pay the thing but you could wave your hand over it, the same way now that you wave the credit card over it. So really interesting. And now verse 18, another interesting verse, it says:

Revelation 13:18 *Here is wisdom ... Here is wisdom: Let him who has understanding **compute** the number of the beast, for it is the number of a man and its number is six hundred and sixty six.*

I was looking up and I found it interesting, here is wisdom. Do you know the Greek word for wisdom? **Sophia** ... Sophia, here is Sophia. I just showed you Sophia with the artificial intelligence ... *Here is Sophia: Let him who has understanding **compute** the number of the beast.*

So we know, I talked about this before, Greek the same as in Hebrew and Aramaic, there were no numbers going back in ancient times; it was letters. And every letter had a value. And every word has a value to it. So here is Sophia. And that's why I say, whoever this person, this artificial intelligence person that's going to be possessed by satan is, his name is going to add up to 666. And it's interesting because 6 is the number is man and 666 is man ... 3 is a unity number, so **666 is man unified against Yahweh**. And like we said, the number 6 is the Vav, the WAV in Hebrew, so it's WAV, WAV, WAV; or www; **the World-Wide Web**.

So all of this between the computer, the computer chips, the Nano technology, biochips and artificial intelligence which is just going faster and faster. And that's why I say, we could this Bible study every couple of months and it won't change but it will be updated because they'll have new technology that's there.

But it certainly ... there's no doubt about it that the mark of the beast is dealing with this whole chapter; artificial intelligence, biochips that are going to be implanted in the hand and possibly in the forehead and here we are. We're here at this spot. So let's go to Revelation 16:1 and 2 because I want to show you. Revelation 16, we'll be ending here shortly. Revelation 16 because what happens to the people that take the mark?

Revelation 16:1 *And I heard a great voice out of the sanctuary saying to the seven cherubs: Go and pour out the **bowls of the anger of YAHWEH onto the earth.***

Comment: So Yahweh is very angry at this. He is very angry at saying that the Bible is hate speech. He's very angry at the lies and the deception that satan has put through world government and through his false prophecy arm of fake news and all this stuff; and saying all this bad stuff about Yahweh doesn't even exist and we're made from evil-ution and all the other things. And in verse 2 of chapter 16, it says:

Revelation 16: 2 *And the first went away and poured out his bowl onto the earth. And it came to be a wicked and painful sore onto the men, the ones having the mark of the beast, and the ones worshiping its image.*

So right, so now when this robot comes, this possessed robot, and has the cure to whatever it is, COVID-21 or COVID 22, whatever they're going to call it at that time, this worse plague that's going to be there. It may look like they're being healed temporarily by this vaccine or whatever they're taking with the mark of the beast but what happens? They're going to get a **painful and wicked sore**. So it's interesting some of these chips have lithium in it and who knows maybe it'll malfunction from some reason and then it'll get into the body. Whatever it's going to cause, anyone who has this, the mark of the beast, will have a wicked and a painful sore and they lose their eternal life, like we said. They're not written in the Book of the Lamb.

Revelation 18 in verse 23. We've went here many times but on this subject I have to mention this because until this all came up with vaccines and the pandemic that's going on now, we all knew how powerful American corporations were, but I don't think any of us realize how powerful they are. That literally controlling the mark of the beast, controlling governments, controlling people's movement, controlling everything, in Revelation 18:23 says:

Revelation 18:23 *The light of a lamp will not shine on you, never! ... Babylon... And the voice of the bridegroom and the voice of the bride will not be heard in you, never! ... Babel in Babylon. It says ... For your merchants ... your merchants; Johnson & Johnson, and Pfizer and all of these ... your merchants were the great ones of the earth, for **by your pharmakia** ... by your sorceries, your pharmakia ... all the nations were deceived.*

So they were all deceived just like now people are running to take this vaccine. That is not a good idea just for the reason that its brand new technology that's never been used before and the fact that it has not been approved. It's emergency approval that it's on. They haven't done testing on it that long. Nobody can say what the long term side effects are or going to be because they haven't tested it long enough. But wow, these companies are making a fortune. They're really making a fortune. The Stock Market is going crazy even during this pandemic. Why? Because the merchants were the great ones of the earth and by your pharmakia, by your pharmacies all the nations were deceived by their medicines, by their vaccines all the nations are deceived. One last scripture, Revelation 19:20-21. Revelation 19:20 and 21 it says:

Revelation 19:20-21 *And the beast was seized, and with this one the false prophet doing signs before it, by which he led astray those having received the mark of the beast, and those worshiping its image. The two were thrown alive into the Lake of Fire burning with brimstone. And the rest were killed with the sword of the One sitting on the horse, the sword having gone forth from His mouth. And all the birds were filled from their flesh.*

So this is when Yahshua is returning and killing all of His enemies. But like it says here that the beast and the false prophet, the second beast, that are doing these signs are being thrown alive into the lake of fire burning with brimstone. So **the second beast is a false prophet** that's there, just wanted to make that point on there.

So the Bible tells us we need to be watching and praying always. And like I said, Yahweh willing, I hope you're with us tomorrow because I have a very important message on preparing for Passover. And I do believe this is an extremely important Passover like last year. And last year was about, like I said, the first time in several thousand years, probably the first time since the Exodus that world-wide people were forced to stay in their home just like the original Passover; and a day to Yahweh is as a thousand years, a thousand years as a day; a day for a year, like it says in the book of Numbers.

So one year has passed, or one day, so what's coming up now? Unleavened Bread, so I believe the focus was on Passover and the passing of the death angel. I believe this year the focus is on fleeing; because that's the next thing that happens, right? Because we had to stay in our houses for Passover, you have to stay in your house and you can't leave until the next morning, the next day. But then afterwards, the next day is where you're fleeing Egypt.

So now a year has gone by and like I said, a day for a year; and I just feel Yahweh is putting in my heart, and some of the messages I'll be giving at the Feast, at Pesach that now's the time to think about fleeing. Last year was about being locked in our homes for the Passover, let the death angel pass. This whole year, this pandemic the death angel has passed over us.

And like I said, I haven't even heard of one report of a brother or sister anywhere in the world dying from COVID-19. We did have a few brethren in US that had gotten COVID-19 and gotten better; but even outside of US, I didn't have any

report of anyone even getting the disease at all, anywhere in the world, Africa, Asia, anywhere; but certainly nobody dying.

So now, now it's passed over us. Now it's the time to think about the next step of fleeing. So be with us tomorrow and we'll be preparing and getting ready for the Passover that's just several weeks away. It's coming very quickly. So until next week, I pray that this has been a blessing for you. And until the next time, Shabbat Shalom.
