

Transcript – Why We Must Come Out of Commercial Babylon

Alrighty, Shabbat Shalom! And Shabbat Shalom to all those who are with us today. I did a message before, when recently in Babylon, about why we must come out of commercial Babylon, that for technical reasons I wasn't able to put online, so I want to do it again. And I will say beforehand, this message is not only very important but it's very *in depth*, and you'll probably have to listen to this several times to really get everything that I'm going over.

So I want to start in 2nd Kings 6 verse 12 through 17. One of my favorite stories in the Bible there with Elijah when Elisha is telling about the king of Israel and everything that's going on. And verse 12 says:

2nd Kings 6:12-14 *One of his servants says, my master, For Elisha a prophet who is in Israel tells the king of Israel the words that you speak in your sleeping room. And then the king says, Go and see where he is, and I will send and seize him. And it was told him, Behold, he's in Dothan. And he sent horses and chariots there, and a heavy army. And they came in by night and surrounded the city.*

2nd Kings 6:15-16 *And the servant of the man of The Elohim rose up early and went out. And, behold, an army was surrounding the city, and horses and chariots. And his young man said to him, Alas, my master! What shall we do ... and what does Elisha say ... Do not fear, for those with us are more than those with him.*

Comment: And I really like this because here this guy's all nervous and the army's coming ... *what are we going to do?* And then look what Elisha says.

2nd Kings 6:17 *Elisha prayed and says, I beg You, O YAHWEH, **open his eyes so that he may see.** And YAHWEH opened the eyes of the young man. And he looked, and behold, **the mountain was full of horses and chariots of fire all around Elisha.***

Right? So sometimes I think we get nervous about things and we don't realize that Yahweh is with us. And I pray and I thank Yahweh every day of my life now because since Covid I feel like this story came to pass. I feel like Yahweh has given me eyes to see. I hope you feel the same way because you know **Revelation 12:9** says *Satan has deceived the whole world.* But **Covid has really shown me how it's in everything.** And we're going to get into that today. **It's in absolutely every single aspect of life** that Yahweh shows us that Satan has deceived every single part of this society, and how **every part of commercial Babylon is run by Satan.**

So I just want to go to one Scripture. I'm not going to talk a lot today about America being Babylon. I have many, many sermons on that but I just want to show in Jeremiah 50 and also ... actually two Scriptures, Revelation 18 ... just to show a couple of characteristics that **definitely Babylon is a land**, it's not a church or any kind of thing like that. Churches did not start ... or religion let's say, didn't really start ... until the second century AD. Before that, you had false deities and whatnot but not religious entities the way you have today. So Jeremiah 50 verse 8 through 10 says:

Jeremiah 50:8-10 *Flee from the midst of Babylon, and go out of the **land of the Chaldeans** ... Babylon is a land ... *and be as the he-goats before the flock. For, behold, I am stirring up and bringing up a company of great nations from a northern land against Babylon. And they shall array themselves against her. She shall be captured there; her arrows will be as those of a mighty, skillful man; they shall not return empty. And Chaldea shall be a prize; all who plunder her shall be satisfied, declares YAHWEH.**

So we see, **Babylon like I said it's not a church. Babylon is a land.** And as we're going to see Revelation 18, not only is Babylon a land but Babylon is the number one military ... the number one economic and military might in the end time, okay? So when people come with all these exotic ideas of Babylon is Jerusalem, or lately, Babylon is Saudi Arabia, **it doesn't fit Scripture.** And when you're looking at **Jeremiah 50 and 51—Jeremiah 50 and 51 parallel Revelation 17 and 18.** You can give one Scripture from Jeremiah 50, 51 and one Scripture from 17, 18, they parallel each other. And the

destruction to Babylon from Jeremiah 50 and 51 has never happened. You can look in the history of world history you see that Babylon was never completely destroyed as it talks about in Jeremiah 50 and 51.

So let's go to Revelation 18 in verse 7 and we will see about the mighty economic might of Babylon and Babylon being the world superpower also. It says:

Revelation 18:7 *By what things she (Babylon) glorified herself, and luxuriated ... Babylon is also a land that lives in luxury, that lives in a luxurious lifestyle ... by so much give back to her torment and mourning. Because she says in her heart, I sit as a queen, I am not a widow; and I shall not see sorrow ... drop down to verse 9:*

Revelation 18:9a *And the kings of the earth will weep for her (for Babylon), and **wail over her** ... Why? ... those having fornicated and having luxuriated with her, when they see the smoke of her burning; standing from afar because of the fear of her torment, saying, Woe! Woe to the great city, Babylon ...*

Comment: And we know in ancient times cities, countries are interchangeable. You didn't have countries like you have today. You didn't have passports. But Babylon, ancient Babylon, was a city in a country. The same as ancient Nineveh, the same as Rome. So you see this over and over again.

Revelation 18:9b-10 *Woe! Woe Babylon the strong city! For in one hour your judgment came. And the merchants of the earth **weep and mourn over her** ... Why? ... because **no one buys their merchandise**.*

Comment: Right? Babylon is **buying** the merchandise, the junk of the other ones. So China, right? China who in modern days is producing a lot and in the next few years may even overtake America as the world number one producer. Chinese are not buyers, right? Chinese are a third world country still, right? So they may be producing a lot of this junk in these dollar stores ... or \$1.25 stores now ... but Babylon are the buyers. That's why the **merchants are crying** because it's the merchants that are **selling** all this stuff. And the merchants of Babylon are who? The rich men of the earth! It can't be anybody else but America, if we're honest with ourselves.

Revelation 18:11-12 *Never again will there be trading of merchandise of gold, and silver, and precious stones, and pearls, fine linen, purple, silk, scarlet, aromatic wood, every ivory vessel, every vessel of every precious wood, copper, iron, marble ... And it goes on to name all these other things that are here. If we drop down to verse 15:*

Revelation 18:15-19 *The merchants of these things, the ones being **enriched from her** ... from selling to Babylon ... will stand from afar because of the fear of her torment, weeping and mourning; and saying, Woe! Woe to the great city having been clothed in linen and purple and scarlet, and having been girded with gold and precious stones, and pearls! For in one hour such great wealth was desolated. And every ship-pilot and all the company of the ships, and sailors, and as many as working the sea, stood afar, and cried out, seeing the smoke of her burning, saying, **What other is like the great city?** And they threw dust on their heads, and cried, weeping and mourning, saying, Woe! Woe to the great city, by which all those having ships in the sea were rich, from her costliness, because in one hour she was ruined.*

And a lot of people equate this with the city being New York and the country being America, right? Because Babylon ... it's very interesting that when you come in ... And New York used to be for all time the biggest port in the US. Originally that's where all the things came into. That's where the immigrants came into, right? And it was really interesting because when you would come out of the Atlantic ocean and come into the Hudson River there coming into New York, the very first thing you would see is a gigantic water tower in New York that says "Welcome to Babylon." Babylon, New York—that's what it's called because of that. It's in Long Island, Babylon, New York.

So we see here that Babylon produces all these things. And I'm just going to give you just for a minute or two, I just want to take and show you this. Because see, some people are equating Babylon today ... Babylon **we're at the end** of the time of Babylon, right? We're at the time now where we only have a **few years left** until Yahshua's return. And nobody knows what that will be. It could be five to seven years, it could be ten or fifteen years for all we know. But it's not much more

than that. We're not at the **beginning** of the end time. The beginning of the end time started in 1945. I talk about that all the time. We're in the end of it. This is seventy-five years later—almost—from that time period. So when we're looking at this going on now from that time period ... more than seventy-five years actually ... when we're looking at this **you can't look at America today when it's getting ready to go down**. You got to look at America Babylon **when they started in 1945 to 1950** is when Babylon started, right? And I'm just going to give you a couple of statistics here:

- **World petroleum output**, right? Who's the number one leader today in the world in putting out petroleum, right? Middle East, Saudi Arabia. But in 1950, it was America. America produced **fifty-two percent** of all the petroleum in the world by themselves.
- **America mined one and a half times as much coal as all the nations combined**. So if you have a hundred and ninety-six nations, you have one nation mining one and half times what everybody else did. So it's like America mining seventy-five when the rest of the world is only mining twenty-five ... or something like that ... twenty-five to fifty. One and a half times as much coal as the rest of the world combined.
- **1950 America alone was producing sixty percent of all of the steel**. World-wide, **sixty percent** of all steel! So you have again, you have like sixty by America and the other hundred ninety-five nations combined, combining forty percent.
- **Of the food—including milk, cheese, butter, beef—United States produced a fourth of the world total of food**. Can you imagine? One country, one fourth!
- **In 1950 United States alone produced seventy-three percent of all automobiles**.
- **In 1950 America owned forty-seven percent of all radio sets and sixty-nine percent of all television sets**. They're living in the luxury.
- **In 1950 America produced one and a third times as much pig iron as all nations combined**. So again, America is producing one and a third times more than *every* other nation combined.
- **In 1948 US produced nearly ninety-five percent of the world's nickel—ninety-five percent. Eighty percent of the aluminum, seventy-five percent of the zinc**. Wow! That's almost all of it.
- **America produced two thirds of the world's rubber and dominated the world's copper, lead and tin and other precious metals**. Who else could it be? C'mon! Let's be real.

The end time isn't just starting now because people say that, "Well, if there was a thousand years left maybe somebody else would have." There's not a thousand years left. Somebody that's saying that has to have their head in the sand. I mean if we can't see this now, especially after Covid. Like I said thank Yahweh every day of your life if you can see it that Covid showed us that the mark of the beast system is now here. It's already set up. It's set up and we're just waiting for the next thing to come.

- **United States in 1950 had three times as much gold reserve as all the world put together ... three times as much**. So it's like America having seventy-five percent of the world's gold. The rest of the world having twenty-five percent.
- **America produced and utilized two-thirds of the world's electricity output—two thirds of it**.
- **And America possessed well over half of the world's merchant fleet tonnage and half of the world's railroad mileage**. Wow!

Babylon controlled the gold, the money and most of the resources in the world. And we know, since the 1950's every decade America has declined to have less than that. And now they're getting ready to be destroyed. And it could be really, really soon because the petrodollar system is coming to an end. **Starting now**, starting July ... that started in July let's say ... **of this year** their starting the **new digital currency** that's going through the Federal Reserve. And you may not see it in your life right away, but you will see it because they're testing this thing that everything now is going through.

And the dollar as the World Reserve currency is basically over. It's been going down seven, eight percent a year. 1994 it was ninety-four percent of all world transactions were done in dollars—international wise—now, it's only fifty-two percent and going seven, eight percent a year down. And now that the BRICS, the organization with China and Russia and India and South Africa and Brazil and Mexico now, and other countries that are joining them ... there's like fifty other nations now that are going in with the BRICS on their new currency, that's a gold-based currency ... the dollar is done. It's really done. It's just *a matter of when*. And they're doing it, believe me. America and the Federal Reserve **they want this to happen**. They know that they can't bring in this world government with America being the way they are. They have to collapse America and the dollar.

So we're really at that point. We've been in the Shemita, where Shemita sometimes you're in the eye of the storm where things seem like Yahweh gives this time where things are easy and maybe a little smoother. But look, look toward the next six to twelve months are going to **be critical** to what happens with the financial system in the world and world war. They're saying ... **they're saying it**. America is saying it, China is saying it. They're expecting world war with China by 2025. I don't know. I'm just telling you what *they're* saying and what they're preparing for. Let's see what happens. But these things are more than just theories. They are happening today.

So America is the world's economic power by far. They're the world's military power. Jeremiah 50 in 23 ... we'll go there in a little bit. It talks about Babylon being the **hammer** of the earth—one that pounds. They're the military might of the world, they're the economic power of the world, and biggest place of luxury in the world and all these other things that are happening. **No other nation on earth** ... no other nation on earth—a matter of fact, in the history of the world—has ever been like America Babylon. Nobody.

So again, this sermon is not to prove America is Babylon. I've done that by far in many other sermons. It's to show why we have to come out of commercial Babylon because Yahweh is not angry at the beautiful mountains of Colorado or California or Arizona, or even New York for that matter ... and Pennsylvania. Yahweh is not angry at the beautiful Great Lakes, but at the world-wide trading system that Babylon has brought to the world.

So, many times throughout the years ... and I've been teaching this for close to thirty years now about America being Babylon—the country of Babylon. And I've talked about that if you're an American you're going to physically have to leave the land of Babylon. That's what the Scriptures say. There's seven commands where Yahweh is pleading with His people, "Get out of there!" Why? Because **He's going to destroy the whole land! And we're really close to that point**. If I was a believer living in Babylon, I'd be a little nervous. And if you're not nervous, man you got to check your heart because **it is coming and it's coming soon**. And if you're not nervous at all about still being there, something's wrong. I'm not saying there's not a reason why somebody may still be there, but if you're not nervous whatsoever about it.

But today, really, my message is to every brother and sister in the world because *not only* is to Americans to leave the physical land of America Babylon because it's going to be destroyed, but **the Scripture is to every single believer to come out of commercial Babylon**. And I think a lot of brethren haven't come out of commercial Babylon yet. And that's really what the message is about today—**how the system of Babylon has enslaved the world and how Satan is brainwashing** ... he is brainwashing every human being on this planet. And like I said some of us it might be two or three percent, some people it's 99.99 percent, depending on how much you're in his system. And the more you're in his system, the more you're being **conditioned and brainwashed**, both—which I will prove very clearly today.

So Babylon has enslaved the world through their commercial trading system. And that's why you can get designer clothes that say Polo and Gap and all this other stuff, but when you look on the back where are these clothes being made? In every third world country in the world! And even though they're charging like a \$100 or more for a shirt, the people that are making it are making thirty cents an hour. So Babylon, they've enslaved people **physically** in these slave labor camps that are being used all over the world. But also, besides that, **they've enslaved people in their minds**. And that's the biggest part. That every single human being to a degree or another ... Satan has deceived the whole world ... you're being deceived because **you're allowing it in your mind**.

And that's why I get so sad when I see it ... and praise Yahweh it hasn't been a lot ... but every now and then there'll be a couple of believers that have fallen away over things like the flat earth—which just scientifically it can't be. You could prove so easy by a sunset that the earth is not flat. You would think ... we went over this in 1492 right? When Christopher Columbus sailed to America and found out the earth wasn't flat. And here we are now more than five hundred years later, and what does Satan do? He does the same tricks over and over and he has people thinking that ... or that the Sabbath rotates by the moon—so easy to disprove. I've done sermons on it, the lunar Sabbath illusion. I've done articles **clearly proving from Scripture** it's impossible.

And yet people will be deceived. Why? They're being deceived because **they're allowing themselves to be deceived by Satan**. Because they're going on websites they shouldn't be going on. Their mind ... they're giving over their mind over to the internet, hours and hours and hours a day, and they have no idea they're being influenced. And not only influenced but brainwashed. It's a brainwashing that happened.

Because ... I teach this at the Bible school—NLP, Neural Linguistic Programming. And the way that Yahweh created our minds is that when we do something through repetition over and over and over again, it would be instilled in our nervous system and instilled in our brain **in a good way**. Because if you're brought up in the truth that means you would never leave it because it's **instilled in you**. You don't even have to think about it. It becomes like second nature, almost like an animal—instinctive to us. But in a world where Satan is the g-o-d of, it's the opposite. Because once he starts instilling these things in you ... and this is why there's so much false religion and other things ... because people don't want to change because it's instilled in their nervous system. And they're keeping these things.

So when you look through the internet ... but I want to show you today that in **every aspect of your life** from the minute you wake up, and even in a lot of people's homes, because you have ... if you have internet in your home and you have an iPhone in your home and all these other things, you're being brainwashed twenty-four seven then. At least if you don't have those things you're only being brainwashed when you walk out your door because you're brainwashed everywhere. Satan is the god of this world and he is running everything. And he is running governments of the world. And he is running ... there's a one-world government that's already there and set up, and the World Economic Forum that I'll talk about a little later. They are running this thing. They are bringing the agenda of it—which I'll show you is not a good agenda.

But through the internet most websites track every move you make through something they call cookies. Don't ask me they call it cookies, but they are. And these are algorithms that when you look at your ... a Yahoo page or one of these other websites that's there, MSNBC or whatever you might be looking at ... and you think, "Oh these are articles coming up." No, these are articles that they're putting up there depending on how you're tracking on the internet. So **every single thing you do on the internet is being tracked and then you're being monitored and they're marketing you**. They're marketing you *every day*. So the articles that are coming up they're trying to give articles that **they think** will market you. And they're trying to sell you products that they think you want, because that's another thing, **absolutely everything is being marketed. Everyone is part of commercial Babylon**.

And even when you look at sites, right? Because remember during Covid ... and praise Yahweh for Covid because like I said it opened up our eyes ... but during Covid what happened? During Covid we **saw** that ... and I said this for years, get

off of YouTube. Get off of Google. Get off of these things, right? And what happened? People that tried to bring the truth out got censored. They got shut down—even doctors, people like Robert Malone. He's the guy that invented the MRNA technology for the Covid death shot. So he came on to say, "No they're lying to you!" And they cut him down saying, "It's false information." **when he's the one who created it.** *Can you imagine?* And yet, they would let people like Zuckerberg and all these people that have **no medical background** whatsoever ... Bill Gates—Bill Gates is not a medical person and very goofy. I wouldn't take his advice on absolutely anything in the world ... and him and people like Klaus Schwab are making decisions about people's medical things and what doctors are going to do *world-wide!*

And if you can't see that now, I don't know what else to say. Because **now it's not a theory, now it's fact.** Now I'm giving you facts of what happened during the Covid. And as quick as it came, is as quick as it left because Covid wasn't there as the endgame, **covid was there as a trial.** They did what they needed to do. And **don't think because you don't see it out there, don't think it disappeared anywhere because it didn't.** The next thing will be coming. And again it's going to deal with the money situation with the global currency. It's going to deal with world war, and it will deal with another one of these false plandemics because they'll bring it all together and again force people. Not only with shots, but again QR Codes and eventually the chip that'll go in people's hands.

So **every single thing you do on your phone or when you're on the internet, everything is tracked—absolutely everything.** And then you're **marketed twenty-four hours a day** by what you're looking at and what you're not even looking at. What they **think** you might want to look at, or what they want to condition you with, or brainwash you with. And that's why you get tons of junk mail and all kinds of other advertisements and things that are coming. And I've seen now this last time we were just in America Babylon that even when we went into a store, or even a *second-hand* store, my brother's phone would start getting these text messages from the store. How they even knew he was in there, don't ask me. Well I know how ... by the chip that's in the phone. They track every single place you are. That's why I told people get rid of that iPhone. **Get rid of that iPhone. It is an idol. It's no good for you. It causes cancer. It's a bad thing.** And it *will* get people in trouble.

I said this when we were at the Bible school the last time, because of people that were there with those phones constantly, the police came to us ... of things that they were emailing. I don't know what was being emailed out but *police* actually came to us because of emails that were going out **that were being read.** They were being read by the police there. Every single thing that's done is being read by the police or somebody, right? **And you are putting people at risk when you do that.** And a lot of people unfortunately sad to say, they don't care. Brethren just don't care because they're **addicted to it.** And that's what they want to do. They want to addict you to those things. And **anything that's an addiction is an idol.** It doesn't matter what it is. You know it could be something like alcohol and drugs or coffee, or whatever. But it doesn't have to be that. **That idol phone is an idol, the internet is an idol. All of it is an idol in Satan's society.** And like I said, **he's using it to condition you, to go by his way, and to brainwash you.** That's the whole point. **He is the prince of the power of the airwaves.** The Bible tells us that. Satan is the prince of the power of the airwaves. So it's so much more than just getting junk mail.

Your computer and your iPhone, they listen to everything you say and they're recording it. And that's why **it's a fact now.** It's not anymore a *coincidence* that you're sitting there and you're talking to your wife about, "*Hey, we need to get whatever. We need to get a new juicer.*" And the next thing you know you're getting all these adds coming up for juicers that are showing up on your iPhone or on your internet page. Or, you're talking about going somewhere. "*Oh yeah, we have to go to Denver this summer to see my mother and make sure she's doing okay.*" And then all of a sudden you're getting all these adds coming up—*Buy ... Get a car, rent a car in Denver! Still thinking of going to Denver? Hey, cheap flights to Denver!* And it's like, "*Ha, ha that is such a coincidence!*" **Yea, it's not a coincidence. You're being conditioned and you're being brainwashed twenty-four seven.**

And you got to get those things out of your life that you're doing it with. Like I said, for some people it might be two, three, four percent, for other people it's 99.9 percent. And **the people that it's that high, believe me you will lose your**

salvation. You will lose your salvation. The mark of the beast ... you will take the mark of the beast because you know what? You're already doing it. If you're at that point where you have that iPhone and you're on the internet that many hours a day, you've taken the mark of the beast. You already conditioned yourself and you've already been brainwashed into Satan's system, and you're already being subservient to him. Because that's all he wants you to do. He wants you to be on that thing day and night.

So the advertisements, the emails ... but again **this is only the beginning. It's every single part of society.** It's so much more. It's not just internet, and it's not just your phones. Those are just things for him to keep reminding you and keep conditioning you and brainwashing you twenty-four seven. But it's so much more than this.

Satan is controlling every government in the world. There's no such thing as a free and fair election. C'mon! Go back to 2020 and the election with Donald Trump and Joe Biden. Just watch the movie, *Two Thousand Mules*. It's a movie that's out there that has so much evidence. They have film of people shoving thousands and thousands of ballots in the box. They show you all the things that happen. And again, I don't know if there's *extensive evidence* to show that Biden really wouldn't have won. He probably wouldn't have. But there was definitely a lot of cheating. And they have it! They have it on film. And **yet, you are so conditioned that if you ever even mention that you are crazy and your nuts and you're going to get sued and all this other stuff.** So there is no free and fair elections. It's that simple.

Schools—brainwashing and indoctrination of children as early as five and six years old. This started back in the 1940's. There's a good documentary by someone who used to be a congressman in the US Congress that shows this. It's amazing when you see it, from the 1940's how they were bringing in all of this **progressive** stuff. And all of this stuff with getting Yahweh out of the school system and bringing in all these things to indoctrinate your children, at five and six years old. Who would have ever thought it would get to the point now where they're **legally mutilating children's genitals at five and six years old and changing their sex without even telling the parents?!** But here we are ... yeah. And this isn't the end of it, and this is what you have to see. It is getting so sick and perverted. What are you doing in that system? Why do you want to be part of that system?

You have two systems running now. You have the Kingdom of Yahweh which we are ambassadors for ... and that's our job here. We are coming to introduce that system to a dying world, right? We are those ambassadors. And we're getting ready to prepare for Yahshua's return to this earth. And that Kingdom would come along with the earth ... and parallel with that is Satan's society. Satan's society that is all over the earth, it's deceived every human being to one degree or another. And why would you want to be part of Satan's society? Why would you want to be part of that when it's controlling?

Family—right? You can't say him, her. All this stupid, idiotic stuff! You can't say the word family. You can't say mother. You can't say father. Well you know what? I'll say whate

ver I'll say. It's in the Bible and that's what I'll say because I'm not part of that system. And you know what? Your job, if you say the pronoun in your job you're going to get fired. All of this *ridiculous* nonsense which started again with Covid, that if you didn't take the death shot ... I just talked to somebody just recently the last few days that really, really nice lady that was forced to take three of the Covid death shots. Her health is in really bad situation now because she was so poor she couldn't work. And she regrets it like anything. She said they'll have to kill her, she'll never take another shot. But the damage is already done. And they knew it! They knew it! Can you imagine?

This is why your eyes should be open because before all of these *conspiracy theories*, right, **aren't theories anymore.** Now it happened that the World Economic Forum with Klaus Schwab and Bill Gates and the other leaders of the world there that they actually **planned Covid.** Back in 2015 they were patenting it already. They practiced it three months before it happened. And **they knew** ... they knew that the shot was a death shot. They had some that were saline solution, they had some that they knew would kill people. And millions of people were either killed or maimed. And still today they're giving more of them. **And this is world-wide in every country.**

They lied that that shot would help prevent against Covid, which it never did and it never will, they lied to the people that were taking it and forcing them to take it. Doctors lied. Doctors got twenty thousand dollars or more if they put down that someone died from Covid when he was in a motorcycle accident. **These are all facts.** These are all facts and **they all did it.** And most of the people that did it, they didn't do it because they're necessarily evil people ... but just like with Hitler ... they did it because they didn't want to lose **their job.** They didn't want to lose **their house.** And they didn't want to be ostracized and kicked off Facebook or Google or YouTube or any of the other stuff. So **they compromised because they had no belief system.** They compromised and they did all these things, right? So family structure gone. Work ... like I said, can't work unless you go along with this stuff. But why would you want a job in Satan's society?

Religion—religion is all part of commercial Babylon. Selling everything, from beginning then ... and I'll talk a little more about that later ... but just selling absolutely everything, all this false religion that comes here.

Food—your food! And like I said this is in every aspect of life. If your body isn't optimal, if you don't have energy, if you can't go out there ... your body is the sanctuary of the Ruach H'Chodesh ... and if you're sick you're limited to how much you could serve Yahweh. And again, I've talked about this before. I'll go over this extremely quickly. Most ... top ten most dangerous food additives you should avoid:

One, **Partially hydrogenated vegetable oils**—trans-fats, notorious for increasing your risk of heart disease and clogged arteries. Also stops functions in your brain as well as your reproductive system. And this is found in pastries, frozen meals, cookies, soups, margarine, all this stuff.

Yellow dye 5 and 6—found in puddings, cookies, cereals, bread mixes. And this stuff causes cancer. The risk of intestinal and kidney tumors and actually it's even banned in Europe, that's how bad it is.

Sodium phosphate—consuming artificial phosphate excessively can seriously increase your risk of heart disease. Specialists have also recently warned this food additive can lead to high risk of shortened life span, kidney disease and even weak bones—osteoporosis. It's found in processed meats, canned fish and some cereals.

Brominated vegetable oil—negative impact on thyroid hormones, increasing inflammation. This is on sports drinks, sodas.

MSG—Monosodium Glutamate—multiple studies performed on mice prove that this additive can damage brain cells. And also the FDA receives tens of thousands complaints every year of headaches, nausea caused by foods with MSG. Found in canned soups, potato chips, foods with beef or chicken flavors.

High Fructose Corn Syrup—it's in almost everything. Multiple studies have confirmed that using this excessively for just two weeks can increase your risk of bad cholesterol and cardio vascular disease. Why are we having so much of this because of that? And it's in almost in every food from ice cream to cereal, to yogurt, bread. I mean you name it. It's in every beverage.

Aspartame—Causes headaches, cancer, memory loss, dizziness. And it's in all kinds of sweeteners, yogurts, all kinds of stuff.

Sodium Nitrite and Sodium Nitrates—notorious for increasing your cancer risk tremendously. And they're in all kinds of hot dogs and all kinds of packed meats in that.

And **Blue dye 1 and 2**—these dyes have been linked to cancer in animal studies. They're found in almost every packaged blue, green and purple food like cereals, candy, icing, ice creams, cakes, beverage, etc.

So again, I could give a whole sermon on that, I've done it before. But just to show you, **everything you're eating ... especially if it's in plastic** from a supermarket ... is conditioning you to destroy you. It's not to make your food. We need

to go back. And this is ... praise Yahweh for our communities, praise Yahweh for the Shemita now, right, that we were able to grow our own food. We're able to get organic things. You have to start learning how to barter with different people. But food ... food is a big one. And it messes your brains up with the food that they're giving.

Medicine—when you look at the pharmakeia, right? The pharmakeia that Babylon brings to the worlds, like the Covid death shot ... and the medicine that's poisons, that's manipulating people's minds ... that they're giving to children, right? They jack them up with all that sugar and then they try and say, "He has high deficit disorder syndrome." So let's give him all these pills to make him like a zombie.

And it's so sick what they're doing, that they're doing this stuff to children. They're doing it to people—millions of people—and getting away with it. But medicine, got to go back to like it talks about in Revelation, what is the healing? The herbs are going to be ... the leaves of the trees are for the healing of the nations, the herbs. Go back to herbal medicine and some of these other things.

Doctors—and doctors are good people, but unfortunately a lot of the doctors have been sold out to the medical profession. And the way it is ... at least I see it in America and in the first world, could be a little different in the third world ... but the doctors are basically controlled through their insurance companies. The insurance is *so high* ... most doctors pay half a million to a million dollars a year in their malpractice insurance ... and the rules are *so complex* that they're afraid to do anything. If they **do anything that's not with the system** they could lose their license or even go to prison.

So I think the doctors are compromised because of that. Not that their bad people, again, but they're compromised to stay within that system. And that's why they're pushing what on people? Vaccines—that are evil that are going to harm you and maybe even kill you. That they know nothing about because they're not taught it in that system. But we got to get away from that system that was created by Rockefeller ... the modern medicine system—you could look that up yourself ... and go back to the herbal system, back to the natural system, the healing system.

Hospitals—hospitals are just a by-product of that bad system that's going to kill people. During Covid, almost every single person that went to a hospital died because they gave them things like Remdesivir that they knew beforehand eighty to ninety percent of people that took that thing, either their kidneys failed or something else, and they died. So again, try to stay away from hospitals as much as possible. We saw during Covid ... wow, you went to a hospital, you're in trouble.

And **TV and every news channel**—which I like to say is the false prophet. And I don't really don't say that jokingly. **TV and the news channels are the false prophet.** Because you know I've been in the faith forty years and I used to say watch what you hear in the news and stuff. It's tainted, it's twisted. So they take the truth and they twist it enough to sometimes make it a lie or almost make it a lie. Not anymore. They twist it a hundred percent. They will twist it a hundred percent.

So **where you see with your eyes people dropping dead who took the Covid shot, they will say, "Not one person. No, not one person died! Not one person got sick and everyone was healed!"** And again, you tell a lie long enough people will start to believe it. But in this case, I don't know how they can because every single person out there knows somebody that either had Covid or died from the shot. Everybody does because it was world-wide thing. And yet, they think people are stupid, and unfortunately, a lot of people are. So they keep telling you the lie over and over and over again ... **an absolute lie** ... and people will believe it. That's why Satan has deceived the whole world.

And this is what I'm saying ... **it's in every single aspect of your life.** And people ask, "How on earth can you live in this system? How can you work in the system? How can you survive? How can you survive outside that system though? What are you going to do? What are you going to do for money?" And I love to tell the story of a friend of mine that was planning on going into community, and that's what he was asking me. He kept putting it off because he had a good job,

he had kids. And he kept saying, “*How can I survive outside the system?*” Because he’s thinking, “The minute I quit my job, okay I have some savings, but then savings go down and down and down until I’m broke. And then what?” And that’s ... he’s right. **When you’re in the system you can’t survive outside of it. And that’s why you got to get out of it!**

Then he finally left the system and went into community—into a kibbutz. Well, when I saw the person, you know what he said to me? “*How can you ever survive in the system?*” Because he saw how brainwashed he was in that system. He saw that okay, that system was allowing him to get paper money with dead dignitaries to buy food that was killing him and medicine that was killing him, but he saw that **inside that system you can’t survive spiritually**. And that’s what he said not even thinking what he said to me originally, “How can you survive **outside the system?**” He said the exact opposite, “How can you survive in the system? How can anyone survive in the system?” And they can’t.

And that’s why it comes in the end that Yahweh says, “Come out of it.” **He’s not just talking about coming out of the physical land of America, He’s talking about coming out of commercial Babylon**, of coming out of that system. And I’ll tell you something. When I was in Mount Sinai not that long ago ... great time I had with Yahweh there. And I was all by myself, spent the night there by myself, there was nobody with me whatsoever. I had one tent there, slept there by myself ... and Yahweh told me something when I was there that I want to share with you. Because I’ve been teaching for thirty years about that all the Holy Days will be reproduced in the end time. There’ll be a second Pesach, there’ll be a second Shavuot—which we’re living right now—and a second Sukkot when the Kingdom comes, right?

So I’ve been preaching there’ll be a second Passover that what that was. But Yahweh showed me what it is. And He told me very clear. He said, “**It will not be taking people out of physical Egypt. It will be taking the brethren out of spiritual Babylon.**” That’s what He told me. **That’s what the Exodus in the end will be.** It will be a spiritual taking out of commercial Babylon because you will not survive in commercial Babylon. And I’ve been telling brethren for years now, at least ten, twelve years, “**You have to go to the wilderness. You have to first go to the spiritual wilderness before a physical wilderness.**” **Now is the time for the physical wilderness**, and if you didn’t go to the spiritual wilderness, I’m probably talking Chinese to you right now. You won’t understand it.

But I’m telling you now there is so much evidence and so much proof, but unfortunately a lot of people have been so conditioned and so brainwashed they can’t hear what I’m saying. This message is to those though, that still have eyes to see. This message is to those that maybe are on the fence to say, “**Now is the time, get out!**” Get out! Figure out you’re going to do it—have an exit plan. Get six months, a year, don’t make it longer than that, but get an exit plan. Get out of commercial Babylon because the more you’re in the system ... the next Covid is coming and there will be more lockdowns, and there will be more forced inoculations, and there will be more of all this stuff. It’s the mark of the beast.

And the next time ... **the next time it will be impossible to survive if you’re in that system.** And people will try to figure out how it’s not the mark of the beast and this and that, just like they did with Covid. There were even a few ... not that many ... but a few brethren that took it, that I know, that died—that took that shot and dropped dead. So unfortunately, that’s what it comes down to.

But you are being conditioned. You are being conditioned and brainwashed every single day to, *vaccines are good*. That when you go to the world now, you go to your family, you go to a work and you can’t even bring it up. They have been so conditioned and so lied to, no matter what you show them, no matter whether you show them the actual, *the killer is the vaccine itself*. The spike protein is the killer! That spike protein that happens to your body is what’s destroying your body. Because it destroys ... it tells your body for your killer T-Cells to stop working, and then those other spike protein destroys your immune system completely.

So whether it’s *vaccines are good* or *the Ukraine war is good*, right? *Help Ukraine*. Don’t understand it, why? Why you would want a war to continue going on and people getting killed every day. But that’s what they keep conditioning you to. Or *homosexuality and transgenders are good*, right? *The Bible is bad*. The global elite’s point of view is absolutely in everything in Satan’s society. And that’s why you can’t get through to these people.

They think that the divide is so much because of Donald Trump or something ... it has nothing to do with Donald Trump. It has to do with the conditioning that Satan has done to the world. And it's on both sides. You get the right wing people that get into QAnon and all these other false conspiracy theories. You get the left that is just so evil and wicked that they don't even want to admit that there's men and women. Can you imagine?

You know the United States they have a Supreme Court of nine judges. These are the top judges in the land, right? And what does a judge do? A judge does not write law. The Congress writes a law. **They interpret the law.** So they should be the nine most **sophisticated people in the whole country.** They're going to interpret the law for everybody. And the last lady who came on that court about a year ago couldn't tell you what a woman was! She couldn't tell you what a woman was. That's not the person you want on your high court. I mean it's pretty *simple* to tell. We've had six thousand years, there's a difference between a man and a woman, right? There's a difference. And we all know what it is. But they can't tell you what it is because of the conditioning and the brainwashing that's going on. It's a subtle brainwashing with everything you do in life.

Having an iPhone allows Satan to brainwash your mind twenty-four seven. Like I said, tell a lie long enough people will believe it. Now you don't have to tell it that long because **every news channel** ... it doesn't matter which it was, Fox News ... they're all the same. They're all the same. It's a net that Satan puts out. He puts this one to try to catch people that are so called 'conservative' and this one's out, but they're all the same. And like I said, this is going on since the 1940's in the school system in Babylon, infiltrated to indoctrinate the youth from the radical lesson in the fascist, communistic ideas to make every evil normal, and now even changing a child's gender at five years old and mutilating their genitals.

In the USA millions of illegal immigrants are allowed to enter every year because they **traffic the children.** So another lie, they put it out there that they're trying to help these people and these poor third ... no, they're not trying to help them! They traffic these people. Some of them they're using to pick fruit and do other stuff and some of them they're just using to vote illegally. But **they're using these children for sexual reasons.** They're using them. It's *sick* what they're doing with these kids! And they allow it to happen, these pedophiles that are in America everywhere now ... and all over the world, not just in the United States. **People are the number one commodity now that's traded in the world.** Can you imagine? More than ... think of how many cars are out there, right? More than petroleum, more than food, more than **anything** people are being trafficked ... people are being trafficked.

There was an interview not that long ago on News Max where they showed why young people today in our society see killing, pornography regularly and they're numb to it. They watch this stuff everyday like it's nothing and they're numb to it. And people between twenty and forty don't see pedophiles as that bad. They think it's just the child's choice. As long as the child has a choice, that's it.

Sixty-four percent of young people are not even married ... *sixty-four percent!* But I found it interesting because they get into all this stuff and everybody, *Ah, oh this is evil.* But the interviewer said something very interesting. He asked, "Why is there such a demand for this?" Right? Because we look at the evil of that and we look at, *yeah this evil!* But you couldn't have that evil unless people **wanted it.** Like drugs, right? When you look at illegal drugs you can't have the illegal drugs unless there's people out there that are going to buy this stuff. The same way here, who are all these people out there? Who are all these pedophiles out there that are **buying** children to use for sexual exploitation? And believe it or not, they're everywhere. You see it all the time. It could be an executive for one of these news channels. It could be a teacher at a school. It could be a policeman. **It could be anybody!** It could be anybody in society that's out there.

Why is there such a demand? Because we're living in Satan's society and it's time to come out of it. **We have to leave commercial Babylon.** And they've indoctrinated this stuff. They play on people's minds. And I always say this **it's ten times harder to get something out of your mind than to get in your mind.** And that's why you have to **watch—guard the door to your soul. Guard the door to your mind.** Watch what you're watching on the internet. Watch what's coming across. And it's not an accident when you're typing something in and something wrong pops up. It's not an accident.

That's on purpose! It's on purpose that even if you're trying to look for the Bible verse on here, that they're going to try to bring you something that's evil and bad and wicked. It's not an *accident* that as you're watching something on YouTube that every two minutes and a commercial comes on, not something you want to see, but something evil with evil music. These are not *accidents*, okay? Satan has deceived the whole world. This is **conditioning and brainwashing**. And the only way, there's only one way to stop it, I got the answer for you. **The only way to stop it is cold turkey get out of Satan's society—leave commercial Babylon!**

Religion—we talked a little bit about that. I'll get more into that now, okay? Religion is also a big part of commercial Babylon, from false teaching of Sunday worship to pagan days like Christmas. That is nothing. That's the bottom of it. That's the tip of the iceberg. Most religion entities have nothing to do with Yahweh or the Bible or the Congregation that Yahshua started because they're **corporate entities**. That their main purpose is to sell people and market books, DVD's, etc. Paying a hundred dollars to go to a church conference, to putting sermons and books into a cart to buy on Amazon. The pastor is not there for the people but the people are there to provide cash for the pastor. It's all part of commercial Babylon. **Religion is a big part of commercial Babylon.**

Almost all churches, even Sabbath churches groups, are 5013C. What does that mean? That means that they're *corporate entities*. Okay, I'm not going to get a lot into this. Look it up yourself. But *ninety-five percent* of all churches, even Sabbath churches, they go and **they incorporate** ... they're supposed to be churches of Yahshua Messiah ... and they're incorporating with the government. What does that mean when they incorporate? That they are partnering with the government, making a third entity that's incorporate—like corpus, like a dead body. Like a new entity that didn't exist before—and **that entity is owned by the government**. It's owned by the State. The creator of the corporation is the State. The State is the sole authority and sovereign head over the corporation. The corporation is subject to the laws of the State which limits its powers. The corporation has no constitutionally protected rights. The corporation's an artificial person. The corporation submits to the State charter declaring it's a creature of the State. The corporation is a State franchise. The corporation is privilege granted by the State itself.

The creator of your congregation then, if you're 5013C, is the State. The State that doesn't accept Yahweh as Creator, the State that says He doesn't even exist, the State that will not allow your children even say, bow their head quietly in a prayer in school, that is the creator of your congregation when you're 5013C. The State is the *sole authority* and sovereign head over your congregation. Your congregation is subject to the laws of the State, okay? It has no constitutionally protected rights. The congregation is an artificial entity run by the State, and the permission is given by the State. So ...

And why would someone want to do it? It's only for tax reasons. It's only so that they can write off ... the people that donate money to them ... that they can write off as a tax break. So we're not 5013C and that's why we don't get a lot of donations because if people send us a donation, if it's a big donation, they want to be able to write that off on their taxes. Yet, in the Bible, at least my Bible says "*Don't let ... when you're giving your alms ... don't let your right hand know what your left hand is doing.*" We don't tithe and we don't give offerings to get tax breaks. We do it because we're following Yahweh, and it's Yahweh's commands.

But that's commercial Babylon. And that's why **Satan is in every aspect of it** ... the wallet, the pocketbook being the most thing ... that **you are being marketed every minute of every day** wherever you are. It's conditioned ... everything you're doing. Every time you go in a supermarket, everything you're buying, everything is conditioned to have you buy **more**. And when you're not in the store buying, to have you conditioned to the way they want you to think. Just the way it is.

And none of these false congregations have anything to do with Yahshua's congregation. You want to know something? The congregation in the wilderness for more than a thousand years, the *number one* reason they were in the wilderness was because **they would not compromise to be part of the State**. At that time the State was Rome, in different forms throughout the thousand years, but their main thing was they knew no matter what, they were not going to compromise

with Yahshua's Congregation and be part of the State. And that's when the Laodicean era started, was right around 1900. 1901 where the Church of God incorporated first time that it's on record. Why? No reason to ... no reason to incorporate.

And I wanted to share a letter I got. I get a lot of letters as you know, but this is one that even though this was a letter I got ... I get a lot of letters like this, to show you the brainwashing and the conditioning that happens when people write. And I'm reading it because it doesn't matter who wrote the letter because I've gotten a lot of letters through the years like this, it says:

To COYI,

Hi, I love your Bible and would like to purchase one. Even though we don't sell the Bible. **Can you give me your vendor information?** I'm not a vendor. **How I can pay by credit card?** I'm not a vendor. I don't take credit cards. **Can you send me a catalog and put me on your mailing list?** We're not Sears & Roebucks. We're not Walmart. We don't have a catalog. And we don't have a mailing list like that. **Do you have an Amazon page for easy purchase through a cart?** No, we don't. We don't do Amazon. We don't purchase through a cart. **I heard that Don will be visiting soon. Can you tell me how much the entrance fee ticket is for the venue? Thanks.**

We never charge—freely you receive, freely you give. Never in my life have I ever charged to come to a meeting to hear the Word of Yahweh. And to be honest, most of the congregations that come from the true lineage, it's the same way. They don't charge. They don't charge for literature, they don't charge for things—of course, donations are taken and we want to reproduce what we have, but we're not charging. We're not charging for the books. We *certainly* aren't charging for a meeting or whatever it goes through.

But can you see the conditioning? And this is probably a real nice person. Probably a real person that's trying his best, but do you see the conditioning from commercial Babylon? Do you want to think that way? Do you want to think that Yahweh's Congregation is something where you take His Kadosh Word and put it in a cart? In an Amazon cart? Amazon—another evil corporation from the US? No!

Revelation 18 in verse 13 talks about the other things Babylon sells:

Revelation 18:13 *cinnamon, and frankincense, wine, oil, fine flour, wheat, beasts, horses, chariots, and bodies and souls of men.*

Babylon has made slaves of the souls of men. And that's the sad part about it. Babylon has made slaves of the souls of men. And here it is where people in the West think they're free. They don't want to leave that system because they want to keep that lifestyle that they're living. And the sad part is, **they are so bound and they are so much slaves to that system that Satan created.** And most of them are unhappy, almost all of them; which is another thing that you would think.

2nd Timothy 3 talks about in the end time people will be addicted to lust without self-control. And that's what happens. They condition the people to that. People that would have never looked at pornography in their life that now are addicted to it. Why? Because of how easy they made it available, right? And you never hear this. They never tell you that that there's millions of pornographic websites that people can go and get because they try to hide it.

Or it's the same with gambling, how often do you hear about the gambling problem? But all these people that their lives, their marriages, their families are ruined because they got addicted to gambling. And it used to be, okay, you can go to one place, or you go to Las Vegas, if you want to gamble. Now you can gamble on your computer twenty-four hours a day. You can gamble on games that are in India or games that are over here. You can gamble when they're flipping the coin, which side it's going to come on, the beginning of the game. You can gamble on almost everything. And that's what Satan's system will do. It conditions the people and brainwashes them to be addicted to something. He don't care what it is. He doesn't care whether its pornography, gambling or even it's just video games or whatever. He could care less as

long as you're addicted to something and you're being taken away from being kadosh to Yahweh—that's all that he cares about.

Revelation 18 in verse 23:

Revelation 18:23 *The light of a lamp will not still shine in you, never! And the voice of the bridegroom and the bride will not be heard in you, never! For your merchants were the great ones of the earth, and by your sorceries all the nations were deceived.*

*By your sorceries, your **pharmakeia** ... your pharmakeia—your **medicine** ... pharmacy, this is where it comes from, right? This is where it comes from that the **merchants** ...*

Revelation 18:23b *For your merchants ...*

Who made the vaccine? Pfizer, J&J, AstraZeneca. Maybe before Covid someone can try to deny this someday. **After Covid, how can you deny this? After Covid how can you deny that it's talking about Babylon deceiving the world by the merchants?** And it really showed me. It showed me how evil that this plan is. That these people **knowing ... knowing that the shot was going to kill people**, they could care less. Just like Hitler—even worse than Hitler because of what they were doing on a world-wide scale. And I knew about the World Economic Forum with Klaus Schwab, I never knew that **that organization was actually running the agenda every single year of what's happening in the world**. But I want to just read this to you quickly. It says:

*“World Economic Forum orders governments to ban ... this just came out just a month ago ... to ban the Bible and issue fact checked versions without Elohim in there. The World Economic Forum has called for religious scripture to be **re-written** by artificial intelligence to create a globalized new Bible.*

And this is from Yuval Noah Harari. I talked about this man before who's Klaus Schwab's right hand man. He's an Israeli, a homosexual and really **is not a good person**. He says the Bible is fake news, right? He says Elohim doesn't exist. And he says they're going to us AI to replace the Bible and create a unified religion that's *actually* correct.

*“According to the World Economic Forum, a new one-world religion has arrived and it unites all of humanity in worshiping at the altar of climate science, a co-techno communism and eugenics. According to the World Economic Forum Elohim, Yahshua, and Christianity **is fake news** that must be dismissed by humanity. The blasphemy does not stop here. The World Economic Forum has also announced that they have been so successful in their plans that they will turn humans into g-o-ds. According to the World Economic Forum Yahshua is fake news, Elohim is dead and you do not have a soul. You are a hackable animal, ... that's what they say ... who does not have the capacity for free will.*

And how do they prove it? By conditioning you and brainwashing you every day. And they see it works. That's the way it is. But it shouldn't be for the people of Yahweh because we do have a soul. **We do have a soul. And we have the real thing. We have the Ruach H'Chodesh. That's what Satan is trying to counterfeit through AI. We have the real thing. Don't give it up!**

“The elites laid the ground work for this plan years ago and now are making their move. Klaus Schwab famously boasts about how his young global leaders have taken over the world. And the World Economic Forum has penetrated Cabinet in all the leading democracies world-wide. The Covid pandemic was a dress rehearsal for the elites to turn the globe into a digital prison.

*“In the UK, **supermarkets** ... and this just started now in the UK ... supermarkets have begun rolling out a new World Economic Forum **digital passport** scheme that denies ordinary citizens the ability **to buy food**, if they are on a blacklist for non-compliance. ... Right? This is the digital currency that's **here now** and started. And already this is in Aldi, one of the*

main supermarkets. *The chain has begun denying entry to people who do not have the World Economic Forum approved digital passport on their phone.*

I saw it during Covid. We didn't have it. We didn't have the QR on our phone. We were not allowed into supermarkets to buy food. You will not be able to buy and sell without the mark of the beast. Here it is! Covid was a test. Now they're bringing it with the food. People shopping, listen to this:

*"In a viral video a man behind the camera showed viewers barriers blocking non-passport holders from them entering the shopping area ... Right? ... People shopping at the high tech store do not have to check out after scanning their phones, as cameras watch what items they take, tallying up the total cost and automatically remove the amount from the user's **bank account**, assuming they have complied with the elite and have a suitable high social credit score.*

So if your credit score isn't high enough, meaning if you put the wrong thing on social media, if you jaywalk, if you say something that they don't like, if you're reading a Bible and your credit score goes down too low, then you cannot go into a supermarket. And when you go in the supermarket all you have to do is show your QR Code, right, to get in? And then you don't even have to check out because there's cameras all over. Every time you're taking something in your basket, it automatically takes it out of your bank account, right? That's what the **new digital currency** is all about.

"Of course many believers argue the whole process of scanning phones to enter public area's is getting people accustomed to doing ahead of a micro-chip or digital tattoo, being rolled out akin to the mark of the beast. Amazon and other companies also have recently launched similar shops in several countries."

So here we are folks. Here we are. This is what we're down to. This is what we're here. The world-wide medical Covid plandemic was run by Bill Gates and Klaus Schwab from the World Economic Forum. **People that have no medical experience whatsoever were making critical life and death decisions for everyone in the world.** The global elites are destroying people through petroleum products, rapeseed oil, refined sugars, fluoride toothpaste, littering the world with plastic deadly chemicals, Monsanto destroying, poisoning all the food ... and Klaus Schwab said it.

You know the parameter that they want to use? They want to use what they're using in China now. They said people eating bugs! That'll be the new thing. That the normal people will just eat bugs and schmeat—which is artificial meat, right? That's all because we're just useless eaters anyway. Monsanto with their pesticides, rice filled with arsenic causing cancer, Alzheimer's, dementia and death. And every government followed. Every single government in the world followed. The couple of leaders that fought against it with Covid, what happened? They wound up being killed.

So commercial Babylon is destroying the earth ... **Jeremiah 51:25** ... and they're even manipulating the DNA now. And I talked to somebody recently that gave me proof, a doctor in one of the sacred name congregations that warned the people about the Covid shot, and then unfortunately this guy wound up taking it and had his DNA checked beforehand and afterward. And his DNA **changed. His DNA was changed** from the Covid death shot and he died. He died two months after taking that, unfortunately. So they are manipulating DNA, cloning, mixing animals with people. And Babylon's sins have reached up to Heaven, like we see.

The end-time beast is already here and it's run by Corporate America and the World Economic Forum with groups leading it like the **Bilderberger's, Committee of 300, Council on Foreign Relations**, they all have a piece of the pie they're working on to get, which they say by 2030 ... that's the agenda—Agenda 2030 ... which all this stuff will be by then.

And it's interesting I put it out in a video not that long ago, but at the last World Economic Forum a few months back, they asked the head of Nokia ... **Nokia**, the phone company ... about the new technology with these phones. And you know what he said? He said by 2025 you're not even going to need the phone. They're going to implant this stuff in people's brains! That everything that's in the phone will be implanted in the brain ... wow! Look at that. Tell me it's not time to get rid of those phones.

The **World Bank, the International Monetary Fund with United Nations, World Health Organization** ... all of this. So this is all there. They're all working together, and **Satan has deceived the whole world**. They control the money supply to the people, the educational system to indoctrinate your children who brainwash ... starting like I said, at five years old for fifteen to twenty years ... brainwashing through the lower schools, the middle schools, the high schools and the colleges. And yet, most people still send their kids to public school. Why? Because they want their kids to work in Satan's system, instead of coming out of that. What is a believer to do with such a satanic system? Revelation 18 in verse 4:

Revelation 18:4 *And I heard another voice out of the Heaven saying, leave the land of her ... some say come out of her. Come out of her or leave the land of her ... My people, that you may not share in her sins, and you may not receive of her plagues;*

You leave it! You leave the land of Babylon and all of us need to leave the commercial system of Babylon. 2nd Corinthians 6:14-18:

2 Corinthians 6:14-17a *Do not unite in marriage with unbelievers ... or be not unequally yoked ... For what partnership does righteousness have with lawlessness? And what fellowship does light have with darkness? And what agreement does the Messiah have with Satan? Or what part does a believer have with an unbeliever? And what harmony has the sanctuary of Elohim with idols? For you are the sanctuary of the living Elohim, even as it is said, "I will dwell in them and walk among them, and I will be their Elohim, and they will be My people." Because of this, "**Come out from among them and be separated, says YAHWEH** ...*

Comment: Come out from among them. **If Satan has deceived the whole world, if everything out there in that society, everything on television, everything on news, if all these things are corrupted by him, then the only thing we can do is leave it.**

2nd Corinthians 6:17b-18 *"Come out from among them and be separated, says YAHWEH and **do not touch the unclean thing, and I will receive you.**" "And I will be a Father to you, and you will be sons and daughters to Me, says YAHWEH Almighty."*

We need to stop being lukewarm, Laodicean, but we need to be like the Amish. We need to resist the evil system of Satan. Jeremiah 25 verse 15 through 17 ... we'll be done here in a little bit, another five minutes or so. Jeremiah 25 verse 15:

Jeremiah 25:15-16 *For so says YAHWEH, the Elohim of Israel, to me. Take the wine cup of this wrath from My hand and cause all the nations to whom I shall send you to drink it. And they shall drink, and reel to and fro, and be maddened, because of the sword that I will send among them.*

Comment: So He's telling Babylon to take the cup and send it to all the nations ... what Babylon has done ... and then Babylon gets judged.

Jeremiah 25:17 *Then I took the cup from the hand of YAHWEH and made all the nations drink, those to whom YAHWEH had sent me ... drop down to verse 27 ... let's see what happens after that:*

Jeremiah 25:27-30 *So you shall say to them, says YAHWEH of Hosts, the Elohim of Israel: Drink, and be drunk, and vomit, and fall, do not rise up, because of the sword which I will send among them ... this is definitely end time as we'll see here ... And it will, if they refuse to drink the cup from your hand to drink, then you shall say to them, So says YAHWEH of Hosts, **surely you will drink.** For, behold, I begin to bring evil on the city on which is called My name ... Right? So, it's also going to come to Jerusalem and Israel ... and shall you be found entirely without guilt? You shall not be without guilt. For I will call for a sword on all those living on the **earth**, says YAHWEH of Hosts ... So we know Israel's going to be judged,*

Babylon's going to be judged, but then the whole earth will be judged ... *And now you prophesy against them all these Words, and say to them, YAHWEH shall roar from on high and give forth His voice from His holy habitation; He shall mightily roar over His dwelling place. He answers with a shout, like those who tread out the grapes, against all those living on the earth ... it's world-wide.*

Jeremiah 25:31-33 *A roaring will go to the ends of the earth, for YAHWEH has controversy with the nations. He will enter into judgment with **all flesh**; He will give the wicked to the sword, says YAHWEH. So says YAHWEH of Hosts, Behold, **evil is going from nation to nation**, and a **great whirlwind** will be stirred up from the corners of the earth. And the slain of YAHWEH will be at that day from one end of the earth even to the other end of the earth. They shall not be mourned, nor gathered, nor buried; they shall be as dung on the face of the earth.*

Wow! So, we see that this is coming. And like I said, praise Yahweh for Covid. Covid gave us eyes to see. Covid opened up our mind to see **we're at that point that now Satan has the whole world**, he has all these world leaders, he has the World Economic Forum working toward this stuff, and they're moving together with their agenda faster and faster and faster, and **our only defense is coming out that system**, right? Because what does Yahweh do in the end time? How does Yahweh protect His people? Go back to Revelation 12 in verse 6:

Revelation 12:6 *And the woman **fled into the wilderness** ... the woman fled into the wilderness where she had a place, it having been prepared from Elohim, that there they might nourish her a thousand two hundred and sixty days ... drop down to verse 14:*

Revelation 12:14 *And two wings of a great eagle were given to the woman, that she might **fly to the wilderness, to her place** ... Right? There's a specific place there for her ... *where she is nourished there for a time, and times, and half a time, away from the serpent's face.**

So Yahweh does allow Satan to take over the world completely for forty-two months, right? So there will be a second Covid, there will be another QR, there will be a chip implanted into people, and like I said, **the only way to stay out of it is not to be part of that system. Now is the time. Now is the time. Get to a community, start preparing, come out of the system, have whatever you need to survive, get a bartering system—but get out of the system! Get out of the system!**

We need to go to the wilderness to clear our mind from the filth that we've been brainwashed with. So it's not just a matter of surviving those forty-two months in the end time, **it's a matter of clearing our mind, it's a matter of staying kadosh, it's a matter of not being brainwashed and not being conditioned by Satan's beast power**—which he's doing all over the world. We know it because it already says it.

Last Scripture—Psalm 91. Because there is hope and Yahweh will take care of His people. He will have angelic presence on this earth, as we've seen, to help. But we have to make that choice first. He tells us to come out of Babylon. **We have to make that choice.** The bride may be taken to the wilderness but **first we have to come out of Babylon and that includes commercial Babylon as well as physical Babylon.** So if we don't come out, how can we expect Yahweh to fulfill the promises He tells us in Psalm 91?

Psalm 91:1-4 *He who dwells in the secret place of the Most High shall abide in the shade of the Almighty. I will say to YAHWEH: My Refuge and my Fortress, my Elohim; I will trust in Him. For He delivers you from the fowlers snare, from destruction's plague. With His feathers He will cover you, and under His wings you shall seek refuge; His truth is a shield and a buckler.*

Comment: That's what we've got to stay to—the truth. We can't let Satan's deceptions come into our life.

Psalm 91:5-11 *You shall not fear the terror of night, nor of the arrow that flies by day; of the plague that walks in darkness, nor of the destruction laying waste at noon. A thousand will fall by your side, and ten thousand at your right*

hand; it shall not come near to you. Only with your eyes you shall look, and see the reward of the wicked. Because **You, O YAHWEH, are My refuge**; You make the Most High Your habitation, no evil shall happen to You, nor any plague shall come near Your tent. For He shall give up His cherubs charge over You, to keep You in all Your ways.

Wow! So wow, I don't know about you but I feel comfort when I read that. I feel comfort to know ... just like in Covid ... a thousand will fall at your right side and ten thousand on your other side and yet, **it won't come near to you**. But you have to be obedient. **You can't compromise. You have to be obedient to Yahweh. Yahweh has to be our refuge**. But only if we are in His will. And that's why coming out of the system ... you can't serve two masters. You'll either love the one and hate the other or adhere to the one and despise the other. **You can't serve Yahweh and commercial Babylon**. You have to come out of that system, and the time is running short.

This can only happen if we leave Satan's corrupt system of commercial Babylon and go to the wilderness and **only trust in Yahweh**. Satan has counterfeited education, religion, government, medicine, even our food, and the only way to survive the soon coming mark of the beast is **go back to the natural way that Yahweh provided for human beings at creation in the Garden of Eden**. We must leave the **façade** of commercial Babylon or you risk taking the mark of the beast—which most are already doing—and losing out on the Kingdom of Yahweh.

So again, I went into a lot today. I wish I could have gone into more. I probably could have given five or six sermons on this. At the next Bible school I'm actually giving *a whole course* ... a whole course just on end time—how to overcome spiritually end time, physically end time, everything on what we need to overcome in the end time. Because I'll tell you, we're really at a critical point now in society ... a critical point of what we need to do, and most of the world is already taking the mark of the beast.

So we don't have to do it, but yes, Satan has deceived the whole world, but he hasn't deceived Yahweh, and he doesn't have to deceive Yahshua's remnant. So I pray that this is a blessing to you. I pray you listen to it several times, but **don't be deceived**. Yahweh bless, Shabbat Shalom.
