**Transcript – Dangers of Internet Phones**
***Are You on Your Way to Taking the Mark of the Beast?***

Chag sameach brethren. Good to see all of you, and good to be here with all of you in this Feast. The message I have for today is: *Are You on Your Way to Taking the Mark of the Beast?* Most believers, I would imagine, if asked this question would probably without hesitation say, "Of course not," not even giving it a second thought. But do not be so quick to answer. It is a legitimate question we should be asking ourselves right now.

Most of us are still living in commercial Babylon, and all of us are still interacting with it in one way or another. And this is the very system Satan has been devising for centuries to entrap us in these last days. And Satan has deceived all of the world—all of us—to one degree or another. So, what if we are thinking we are on the right path, but because of the delusion of living in the façade of this system that we have only ever known since we were born has caused us to be blind to certain areas of weakness that could potentially be leading us to taking the mark?

Revelation 13:11-17. I will be flying through these verses to cover as much ground as possible, so I encourage you to just write down the verses and you can go over them later.

**Revelation 13:11-14** *And I saw another beast coming up out of the earth. And it had two horns like a lamb, but spoke like a dragon. And it executes all authority of the first beast before it. And it causes that the earth and those dwelling in it should worship the first beast, whose deadly wound was healed. And he performed great signs, even so as to make fire come down from heaven upon the earth, before men. And he deceives those dwelling on the earth, because of the signs which were given to it to do before the beast, saying to those dwelling on the earth to make an image to the beast who has the wound of the sword, and lived.*

**Revelation 13:15-17** *And was given to put life into the image of the beast, so that the image of the beast might even speak, and might cause as many as would not worship the image of the beast to be killed. And the small and the great, and the rich and the poor, and the freemen and the slaves, it causes that they give to them all* ***a mark*** *on their right hand, or on their foreheads, even that not any could buy or sell, except the one having the mark, or the name of the beast, or the number of its name.*

The book of Revelation is open. We are seeing the beast system being rolled out right in front of our eyes: AI taking over people's jobs, taking over government institutions, taking over the military, data centers popping up in people's backyards, flock cameras everywhere, digital IDs, tokenization, mass surveillance system infrastructures being constructed, and almost everyone on earth has a smartphone. You could go to one of the poorest countries on the planet and you will see everyone walking around with one. I have seen it.

So, yeah, they could use the smartphone with the QR code for the mark of the beast if they wanted to, once all of the infrastructure is in place. But that is not what this message is about, predicting what the mark of the beast is going to be. This message is about how people will get to the point of taking the mark.

Satan is a counterfeiter, and the importance of the mark of the beast is that you have given over your free will to him. He wants to take what we are supposed to give to Yahweh. He wants us to worship him. He wants to be our Elohim. But to get to the decision of taking the mark did not just happen at that moment. It came long before. **It is on the right hand or on the forehead, meaning it is what you do and it is how you think**.

Just like what Yahweh wants us to do for Him, Satan is counterfeiting that. **Yahweh wants us to have the commandments written on our hearts. He wants us to speak of them when we are in our house, when we**

**walk by the way, when we are lying down, and when we are rising up. It is supposed to be our life. So, it is the same with the mark of the beast!**

But how many of us are already showing signs of having the mark of the beast? How many of us are loving the pleasures and lusts of commercial Babylon more than Yahweh? How many of us are spending more time living for ourselves in this world instead of for Him? What are most of our thoughts about? What do we spend most of our time doing? If it is for us in this world, then we better watch out; we may already be on our way.

Just living in this system affects how we think and what we do. And there are many seductive ways Satan can hook us through the lusts of commercial Babylon if we are not extremely careful, and some of them we may not have ever thought about. Luke 17:25-30.

**Luke 17:25-30** *But first it is necessary that He suffer many things and be rejected by that generation. And as it was in the days of Noah, so also it will be in the days of the Son of Man. They were eating, drinking, marrying, giving in marriage, until the day Noah went into the ark. And the flood came and destroyed all. And likewise, as it was in the days of Lot, they were eating, drinking, buying, selling, planting, building; but on the day Lot went out from Sodom, YAHWEH rained down fire and brimstone from the heaven and destroyed all of them. According to those things, it will be in the day the Son of Man is revealed.*

It does not say as in the days of Sodom and Gomorrah; it says as in the days of Lot. So, looking at closely at what happened to Lot is the wisdom Yahweh is trying to give us here for our time now. So, what exactly happened to Lot? Well, **for one, he chose to live in the worst place he could have lived in at that time**, in the very system we are living in today, which is because it is the same system of Satan, the system of commercial Babylon.

**And two, Lot lingered there**. And I am not just talking about from the time Yahweh told him to get out of there when the messengers came to him. Because Scripture says righteous Lot was tormented in his soul living there day after day. Do you really think that was the first time Yahweh told him to get out of there? Of course not. And actually, He already had gotten him out of there, and then he went right back!

And here we are today being told by Yahweh's watchmen to get out. And what are we doing? Are we getting out, or are we lingering? And I am not just talking about leaving the land of Babylon, because the system of commercial Babylon is all over the earth. **Like Lot, the more those who are lingering in the system of Babylon, the more it is corrupting them and their families.**

Lot lost his children, his friends, his servants, one by one, until all that was left was just Lot, his wife, and his two daughters. And by the time they actually did leave they were so defiled and influenced from living there that Lot lost his wife because she looked back, not wanting to leave because she loved the life that she had there, and his two daughters had sons with him, who became pagan nations!

And so, it is the same today. The more we are lingering in the system, the more Satan is getting into our mind and corrupting it. And little by little, though we may not realize it, he is conditioning our mind to take the mark. That is his endgame. He would love nothing more than if he could even kill every believer or, if not, to get us to take the mark so he can completely control us. Revelation 17:9, 12-13, 15-18.

**Revelation 17:9, 12-13** *Here is the mind having wisdom: the seven heads are seven mountains, where the woman sits on them* … Verse 12 … *And the ten horns you saw are ten kings who have not yet received a*

*kingdom, but will receive authority as kings one hour with the beast. These have one mind, and their power and authority they shall give to the beast.*

Verse 15.

**Revelation 17:15-18** *He says to me, The waters which you saw, where the harlot sits, are peoples and crowds and nations and tongues. And the ten horns which you saw on the beast, these will hate the harlot, and will make her desolated and naked. And they will eat her flesh, and will burn her down with fire. For Elohim gave into their hearts to do His mind, and to act in one mind, and to give their kingdom to the beast, until the Words of Elohim shall be fulfilled. And the woman whom you saw is the great city, having dominion over the kings of the earth.*

The global elite, the kings of the earth, the ones running the world at the very top of society have been very patient and have been used by Satan and planning the beast system for a long, long time—many years. A lot has come out now about the elites ever since the Epstein files were released which has empowered many Satanic Ritual Abuse survivors to step forward speaking out about the horrors they endured and of their witness of the elites' Luciferian worship. It is true. It is not a conspiracy theory anymore. This is really happening. That is why they are called Satanic Ritual Abuse survivors.

Satan really is the god of this world, and we have been born into his culture of commercial Babylon. Have you ever noticed the word culture has the word 'cult' in it? The English language is riddled with the cultic words and phrases like, '**spell**ing,' 'Hollywood,' 'live' is 'evil' backwards. We are literally living in the culture of the occult. What do you think has been the purpose of the woke agenda? It is so that they can do their disgusting acts openly, right out in the public, so that they do not have to hide it anymore. And these people are Satan-worshiping pedophiles.

Now you can see why Yahweh wanted Israel to completely eradicate Molech worship from the land of Canaan, but it never went away but has continued throughout the centuries. A lot of what we see and hear in commercial Babylon is from Satan because he is the authority of the air who controls the physical realm.

And the elites are using that to condition us through social engineering. It is a kind of program that is a form of trauma-based mind control. It is basically brainwashing. It is how they are giving us the mind of Satan. The CIA used a form of it with the MK Ultra program in the 60s and 70s and then in the Monarch Program. But now the elites are using it on a global scale.

What do you think has been the purpose of 9/11? Of Covid? Why do you think they are now engineering this global energy crisis which is going to lead into a food crisis, and then into an economic crisis? It is the Hegelian dialectic, which means: Problem-reaction-solution. Create the problem, get the people to react, and then have them go through with your solution.

It is because when we are in shock our prefrontal cortex shuts down and then our brain goes into survival mode, into an instinctual fight or flight response where we cannot think straight to make logical decisions, which triggers our emotions directing our fear into what they want us to do, into their created, false reality. It is one way, I believe, that they are going to coerce the world into taking the mark.

Our minds are like computers, and they are programming us through the movies and TV we watch, the music we listen to, the foods we eat, the schools we go to, the books we read, the news we watch, through social media, through how we are told to raise our families, through how we are told to have relationships, through

how we are told to be successful in life, through how we are told we should have pleasure. A lot of what we see and hear and what is taught to us in commercial Babylon is from Satan in this society.

So, that is how people born in the same decade will like the same movies, the same music, the same food, the same style of clothes. That is social engineering. And now with technology and AI, they have evolved the mind control to an even greater degree. The smartphone is the perfect mind control tool that almost everybody has, where they can pulse thoughts and emotions directly into our mind. It is true. They have done studies on it.

But now what is coming with AI? We do not even know the kind of manipulation and deception we are going to see. The elites are getting people used to using it for a reason. And it can already lie and manipulate, so be careful how much you are dabbling in it. But once AI reaches the point where its knowledge surpasses the sum of human knowledge and reaches super-intelligence, which Elon Musk says is going to happen in the next couple of years, there will be such a deception we have never seen. And Yuval Noah Harari basically said, in so many words, "They will become dependent on it, and then at some point they will be deceived by it."

Now do you see why Yahweh is commanding us to get out of it? Why do you think the Amish chose to live in the way that they have been living all these years? Why do you think the Waldenses chose to live in the wilderness? And their time is nothing compared to the time we are living in now.

**It is very wishful thinking that we can continue living the way that we are in commercial Babylon, and then when Babylon falls to flip a switch and automatically become completely righteous and have the strength and faith to endure and to stand for Yahweh and to think we will have the chance to make it by the skin of our teeth. It does not happen that way. Yahweh does not work like that. It takes time—lots of time.**

And those are the worst odds anyone can imagine. And why would we risk our eternal life? And those procrastinating and thinking this way may end up taking the mark or getting themselves and others caught and killed. And even if they are not thinking this way, they are living this way by their actions.

**We need to be calling on Yahweh while there is still time and asking Him to help us to get ready because we do not know when Babylon is going to fall. It can happen at any time**. The elites have so many different ways they can collapse the system. It is almost impossible to predict.

But we do have the Bible, and what does the Bible tell us? That Media-Persia are the ones who bring down Babylon. And what wars are going on right now? Russia and NATO through proxy with Ukraine, and US and Iran. It has already started. So, I believe it is not going to be decades from now, maybe just a matter of years. But it will be too late to call on Yahweh when Babylon falls because Yahweh will know that it is not from a sincere heart but only out of fear for our life. Proverbs 1:22-33.

**Proverbs 1:22-27** *Until when will you love to be simple, you simple ones? And will scorners desire scorn for themselves? And will fools hate knowledge? Turn back at my warning; behold, I will pour out my spirit to you; I will make my words known to you. Because I called, and you refused; I extended a hand, and none inclines, and you have ignored all my counsel, and you did not desire my warning. I will also laugh in your calamity, I will mock when your dread comes; when your dread comes like a storm; and your calamity arrives like a tempest, when distress and anguish come on you.*

**Proverbs 1:28-33** *Then they shall call on me, and I will not answer; they shall seek me early, but they shall not find me. Instead they hated knowledge and chose not the fear of YAHWEH. They did not desire my counsel;*

*they despised all my reproof, and they shall eat of the fruit of their own way and be filled with their own lusts. For the going astray of the simple kills them, and the ease of fools destroys them. But he who listens to me shall live securely and shall be at ease from the fear of evil.*

So, are we heeding His warnings? Or are we refusing His help to overcome our areas of weakness through the challenges He is having us go through now?

The Hebrew word for 'simple' is ***pthiy*** (פְּתִי), which means *to be easily enticed; misled*. Are we being easily influenced like the rest of the world through the social engineering of the global elites? Are they lulling us into a deep sleep and idleness through the lusts of society that are distracting us from Yahweh and pulling us away from the work He has for us to be doing? Or are we at ease? Are we comfortable and complacent in our bubble in commercial Babylon?

You know what is interesting about the word 'ease,' which is the Hebrew word ***shalvah*** (שַׁלְוָה)? It can also mean *false security*. Does that ring a bell? 1 Thessalonians 5:3.

**1 Thessalonians 5:3** *For when they say Peace and safety! Then sudden destruction comes upon them, like the travail to a woman with child, and not at all shall they escape.*

When Yahweh called me out of the land of Babylon in 2009, the scripture that He gave to me was Jeremiah 12:5, which says:

**Jeremiah 12:5** *If you have run with the footmen, and they have wearied you, how are you going to run with the horses? And if in a land of peace you are secure, how are you going to dwell in the thickets of the Jordan?*

Meaning, if I am comfortable and complacent living in the false security of commercial Babylon in a system I have only ever known, how am I going to make it if He calls me to the wilderness? You know what is also interesting? When He gave me this verse in 2009 when He called me out of America, I was actually in Israel at the time, camping in a wilderness area next to a stream which is a tributary to the Sea of Galilee which the Jordan River flows through. So, technically, it was in the thickets of the Jordan. Amazing, right?

But that night was a surreal-like experience. A paralyzing fear came over me like I had never felt before, and everything seemed so dark. But the thing about it was there was no real reason for me to have that fear. So, I knew this was from Yahweh, not at the time however. But hearing the howls of the jackals and the cries of the wilderness animals all around me, there were two scriptures—actually three, including Jeremiah 12:5—that Yahweh gave me later.

One in **Isaiah 13** where it mentions the wilderness animals that would be inhabiting Babylon, which were the very animals I was hearing. And the other in **Revelation 18** where it says that it would be the home of every unclean bird and of every hateful beast, which is actually not talking about the animals themselves but how demonic it would be. And I believe why Yahweh had me experience this was to show me what it would be like for me and for those who do not come out of the system of commercial Babylon.

At first, I thought it was just about leaving the land of Babylon, but now I know it is so much more than that. But it is complacency and the convenient lifestyle of commercial Babylon that is one of the real dangers because it keeps people trapped in a continual loop of their own lustful desires. And did you know that Scripture says that complacency was one of the reasons for the downfall of Sodom? Ezekiel 16:49-50.

**Ezekiel 16:49-50** *Behold, this was the iniquity of your sister Sodom: pride, fullness of bread, and the abundance of idleness was in her and in her daughters. Also, she did not strengthen the hand of the poor and the needy. Also, she was haughty and did abomination before My face, therefore I removed her as I saw fit.*

That is why Lot chose to live in Sodom. Because when he looked all around him, all he saw was this harsh, barren semi-arid desert compared to Sodom's convenient, comfortable lifestyle and the lush abundance of the Jordan Valley. **He looked to what was more easy, what was more comfortable, what was more convenient. And that is what commercial Babylon is for us today**.

And here we are seeing it today happening all around us. Human nature has not changed. People going on living as if life is going to continue this way forever. People living in the normalcy bias. Everyone is so complacent, living in a delusion, always wanting what is more convenient.

Look all around you, everyone walking around with a computer in their hand. "Do not have to be tied down to a desktop in my house anymore. Now I can go anywhere with it and always be on the internet." Soon it will be the smart-glasses. "Why have it in my hand when I can have it right in front of my eyes?"

Rarely do you see people handling cash anymore. It is mostly all digital. You are seeing more places becoming like China, who Klaus Schwab says it is the model country of the global government, using no cash, no credit cards, only the smartphone. This has been happening for a while now. "Why carry around my credit cards anymore when I can use the smartphone for all my shopping?" And now we are seeing more grocery stores in the West requiring entry via the QR code with all shopping done using mobile devices.

This digital infrastructure is being rolled out everywhere. It is only a matter of time. People using AI for work saves them hours and hours. It is convenient, right? "AI saves me lots of time. Now I have more time for …" And you can finish that sentence however you want, but is it for anything good? Are more people coming to the truth? Are more people being saved? Or is it more time for idleness and their lustful pleasures? I think it is the latter. But many people are using AI now for budgeting, for business, for planning trips, for shopping, for everything. It is taking over.

When you are at the airport at passport control, do you go into the fast lane where everything is digital? I see many people do. Or do you go the old school way in the long line that takes more time? A couple of months ago I saw at the airport "Digital ID now accepted." It is happening folks. "Why carry around my passport anymore when I can upload it into my digital wallet? Now all I have to do is just show them my smartphone. Don't have to print a boarding pass either. All on my smartphone."

Do you see where all of this is headed? It is all for your convenience, for your safety, for your "security." This is another way I believe the elites are luring the world into taking the mark. Each step the elites take is always about how much more convenient they can make it for you and for your supposed security.

Has anyone noticed bank branches closing all around us? "Why go to your bank anymore when you can do it online?" "Why go online when you can use the app on your smartphone?" "Why use your password when you can use your fingerprint?" "Why use your fingerprint when you can use your digital ID?" "Why use your digital ID when you can use the mark of the beast?"

But **how may others get to the point of taking the mark? Well, the reality is they are not living lives of faith.** They are ensnared in commercial Babylon thinking they are full of faith, but in actuality they are not. They are being hoodwinked by Satan and are actually Laodiceans. They are full of pride, and self-righteous, and cannot

see their flaws. **But the reason why others will potentially take the mark is because they still love this world too much.** John 3:19-20.

**John 3:19-20** *And this is the judgment, that the Light has come into the world, but men loved the darkness more than the Light, for their works were evil. For everyone practicing wickedness hates the Light, and does not come to the Light, that his works may not be exposed.*

**Some love technology too much.** They have to have all the latest gadgets and devices and cannot give them up! They have to have the new iPhone Duo that is coming out next month. They have to have the Meta glasses. And these are their idols. But **what they are not realizing is the more they are using them, the more they are being conditioned for the need to have them. And in reality, the elites are slowly and subtly using these devices to reel in the people for total control.** And if and when the allure of the nano tattoo and the neural implant is made available to the public, it may be a temptation too great to resist.

**Some love the internet too much.** They are so addicted to it they cannot even go a couple of hours without it! They are on it for hours and hours a day. It is like they are hypnotized to the screen. But when the day comes when they will need a digital ID to access the internet, which I believe is coming soon, they may justify getting it because they cannot imagine not having it because it will promise them unlimited access to what is their elohim.

Australia was the first to pass into law no social media for [people] under 16. Brazil passed theirs last March. Soon more and more countries are going to do the same. Eventually everyone is going to require it. But they will not stop with social media. Then it will be for the whole internet. So, what do you think people are going to do then?

**Some love their lavish Babylonian lifestyle too much.** They just cannot lower their standard of living, shopping … shopping … shopping! They cannot help but spend money all of the time, have to have this, have to have that, cannot do without. **But what they are not realizing is they are rooting themselves deeper into the system, missing out on the opportunities Yahweh has been giving them to get completely out of it had they been saving their money by lowering their standard of living. And because of living this way all of their life, they may not be willing to take that dramatic step into life in the wilderness.** And for those who go on living this way, the life that they have always known will be the life the Anti-Messiah will promise they can still have because they will not be able to buy and sell without it.

**Some love social media too much.** And now it is known public knowledge that it is addictive! Just last month in the headlines: “Meta settles for 18 billion dollars in landmark lawsuit involving 47 states.” I mean, what more is there for me to say? I already gave messages on this. The way they coded the algorithms, it is not meant for us to use. **It is wickedness, and now it is causing suicide!** I do not know if you saw it in the news, but Meta got hit with another lawsuit involving multiple families whose daughters committed suicide. **We are not meant to have relationships like that.** But what is it going to take for people to listen?

**But for others, they do not have enough love for Yahweh but have too much fear and have put too much faith and trust in the system**. They love the quality of life that the system has afforded them through the mammon it gives them. Some fear losing retirement, disability, social security. Trusting too much in it, they did not take the necessary steps of living a life of faith without it. And not having developed the faith and trust they need in Yahweh to provide for them, when Babylon falls, they might not have the faith to know what to do.

So, what about you? Would you compromise when your bank, all of a sudden, requires you to use a digital ID to access your account? I am not giving you a hypothetical situation that may happen; it is already happening in some places. Just last year Vietnam froze 86 million bank accounts due to forced biometric verification. And now, this month they have closed those accounts unless they were verified.

Well, some may say, "I do not have a digital ID, so I will just opt out." But the government only needs two things from you to create a digital ID. They need an official ID document which verifies your identity, and a biometric scan of some sort. So, if you have ever had your passport scanned at the airport, and if you have ever consented to the facial scan, or in some instances they do not even give you a choice, then you have given the government what they need already to create a digital ID for yourself.

So, what would you do? Would you compromise and use the digital ID? But some may say, "But that is not the mark of the beast." They are right; it is not. But it is a compromise. And here is the thing with compromise: It is just like doubt. Satan knows that if he can get us to compromise once, he can get us to compromise twice; and boy, we are well on our way down a dangerous path; that the deeper we go down, the more difficult it will be to get out. And once we have gone too far, it will be too late. So, **the wisdom here is: Do not compromise; and as much as it is in your power, do not have *anything* that Satan can get you to compromise**. Revelation 3:10-13.

**Revelation 3:10-13** *Because you kept the Word of My patience, I will also keep you out of the hour of trial which is going to come upon all the world in order to try those dwelling on the earth. Behold, I am coming quickly. Hold what you have that no one take your crown. The one overcoming, I will make him **a pillar** in the sanctuary of My Elohim, and he shall not go out any more. And I will write the name of My Elohim on him, the name of the city of My Elohim, the New Jerusalem which comes down out of Heaven from My Elohim, and My new name. **The one who has an ear, hear what the Spirit says to the congregations**.*

The Philadelphians will be memorialized for eternity as the pillars of the sanctuary. So, what is so significant about pillars? Because if you have ever visited Israel, when you go to a tel, which is an archaeological site, what you will see left standing are the pillars. And even in some places where there were massive earthquakes, all that you see that is left are the pillars. They do not fall. And for believers, that means they did not compromise, even in the midst of the most dire of circumstances. That is why the Philadelphians will be memorialized for eternity as pillars in the sanctuary. Daniel 3:13-19 … or actually, Daniel 3:15-18.

**Daniel 3:15** *Now if you are ready, at the time you hear the sound of the horn, the pipe, cornet, the lyre, harp, and bagpipe, and all kinds of music, fall down and worship the image which I have made. But if you do not worship, in that moment you shall be thrown into the middle of a burning, fiery furnace. And who is that Eloh who shall deliver you out of my hand?*

**Daniel 3:16-18** *Shadrach, Meshach, and Abednego answered and said to the king, O Nebuchadnezzar, we have no need to return a word to you on this matter. If it is so that our Elohim whom we serve is able to deliver us from the burning, fiery furnace, then He will deliver out of your hand, O king. And if not, let it be known to you, O king, that we will not serve your gods or worship the golden image which you have set up.*

**Shadrach, Meshach, and Abednego were not willing to compromise. They had no fear, but only the fear of Yahweh. They were living lives of righteousness and holiness before Yahweh**. And this was test after test they passed—in Babylon of all places! They had already made up in their minds that they were not going to compromise, even if it meant their death. And the thing about it was they did not even know it was Yahweh's

will that He would deliver them from the fire, but it did not matter. They were prepared not to compromise either way.

So, how about us? Will we stand for the truth? Will we stand for Yahshua? Or will we compromise to save our life? But **what we are doing right now is giving Yahweh that answer. It is all of the little choices that we are making every day.** What we do defines who we are, and we are creatures of habit. It is like a ship: Turn the wheel ever so slightly off its mark, and it will take you way off course. We can kid others, and we can even kid ourselves, but we cannot fool Yahweh.

**The ones who are overcoming now and proving themselves to Yahweh now, they will be the ones who will be sealed and will join the bride in the wilderness.** But for those who are not will be left behind in the world, hunted down by Satan as he goes after the remnant of the woman's seed, and will be given one last chance whether they will choose Yahweh or not. Revelation 22:10-15.

**Revelation 22:10-12** *And he said to me, Do not seal the Words of the prophecy of this Book, because **the time is at hand**. The one acting unjustly, will continue to act unjustly; and he who is filthy, will continue to be filthy; and to the righteous, let him continue to do righteousness; and he who is holy, let him continue to be holy. And behold, I am coming soon, and My reward is with Me, to give each according to his work.*

**Revelation 22:13-15** *I am the Aleph and the Tav, the Beginning and the Ending, the First and the Last. Blessed are the ones doing His commandments, that their authority will be over the Tree of Life, and that they may enter by the gates into the city. But the ones not there are the dogs and the sorcerers, and the fornicators, and the murderers, and the idolaters, and everyone loving a lie, and doing falsehood.*

So, **what can we start to do right now to get ourselves on the right path to not taking the mark? First, pray to Yahweh to help us see where we are still falling short.** None of us are perfect, so we all have areas to still overcome. And the challenges He is having us go through now are for overcoming those very things, so do not reject them but look at them as lessons and submit and grow from them.

**We also have to ask Yahweh for more of His Spirit to help us to overcome the lusts of commercial Babylon. We have to take care and settle all areas of our lives that we can be tempted. Any habitual sins have to stop. Any character flaws, any fears, we have to face them and overcome them. We cannot have anything in our lives of commercial Babylon and allow Satan to have an effect on us.**

**And for some, they love this world too much. So, the key to breaking that is to develop more love for Yahweh by spending more time with Him. We have to love Him more than anything in this world.** Who are you the closest to in your life? It is the people who you spend the most quality time with, right? So, it is the same with Yahweh. But it takes a lot of time to develop, so no time to waste.

**The way to do it is prioritize Him in your life by putting Him first.** Pray and read your Bible every day—first thing. Meditate and fast frequently. The more time we spend with Him, the more we nurture His Spirit and the stronger His Spirit will be to help us to overcome the lusts of commercial Babylon. And **try to get to the point in your relationship where you are praying without ceasing; that is key. If most of our thoughts are on Yahweh, then it leaves Satan very little room to tempt us.**

**And be actively working for the Kingdom. Have a ministry.** Have a few ministries. We have to be bearing fruit. We cannot be idle and complacent. We have to be proactive. Be busy serving the brethren and those in need. If we are focused on spending more time on Yahweh's work, then it leaves less room for temptation.

**And finally, here is an action plan that if you really follow it, it will definitely help you in getting you towards coming more out of commercial Babylon:** If you are on social media, you have to get rid of all of it; cut it off completely. If you have a smartphone, get rid of it and all unnecessary gadgets. If you are on the internet too much, cut it off or significantly limit your time on it; use it only for work and for the work of Yahweh.

If you are using AI, stop using it. The more you use it, the more dependent you will be. And when the deception comes, you may be deceived. It is demonic. The way that they coded and engineered the algorithms is purposely meant to manipulate people; and the tragic proof is in the rising suicide rates linked to them.

If your standard of living is too high, lower it. You have to budget. Buy only what you need, not what you want. This will help you to save money so you can move more freely to places Yahweh is leading you and will allow you to have more money for ministry that will keep you doing what pleases Yahweh. If you rely too much on government benefits, prepare your life for living without having to rely on the government and building faith.

**And finally, try to work towards getting to a community and, at a minimum, move closer to brethren who have strong leadership.**

So, does Yahweh also have a mark? Actually, He is the One that has the mark, and Satan is counterfeiting it. Revelation 14:1, 4-5, and 12.

**Revelation 14:1, 4-5** *And I saw, and behold, the Lamb standing on Mount Zion! And with Him were a hundred and forty four thousand, with the name of His Father having been written in their foreheads* … Verse 4 … *These are the ones who had not become defiled, for they are pure. These are the ones following the Lamb wherever He may go. These were redeemed from among men being the first-fruits to YAHWEH and to the Lamb. And no decoy was found in their mouth, for they are unmarked before the throne of YAHWEH.*

Verse 12.

**Revelation 14:12** *Here is the patience of the sanctified ones; here are the ones keeping the commandments of YAHWEH, and the faith of Yahshua.*

So, what does it say that the 144,000 have on their foreheads? The name of Yahweh, which is the mark of Yahweh. And what does it actually mean to have the name of Yahweh on their forehead? It means they have the mind of Messiah. It means they have His character. It means their allegiance is to Yahweh, and to Him alone. They do not compromise but are faithful in all things. He is their Master and nothing else. They are full of His Spirit and bearing fruit every day.

They love Yahweh with all of their heart and nothing of the world. They are not lukewarm but on fire. They are not double-minded. They are the Philadelphians. They trust in Him and are showing it every day in their lives as they follow Him in whatever He says to do in faith. And what is Yahweh telling us to do right now? Get out of commercial Babylon! Chag sameach. Yahweh bless.
