

Transcript – Nicaragua - Signs of the End Time

Shabbat Shalom! I have a message, a special message, to give you today called, *Signs of Prophecy and Going to the Wilderness*. I've been preaching for the last ten to twelve years that we must enter the spiritual wilderness. But now the real wilderness is here, and there's only one road to the Promised Land—and that's through the wilderness.

So one thing that we see in prophecy in the end time, we see many things paralleling each other. In Scripture we see a second Passover that's going to happen again. We see a second Shavuot. We see Pharaoh's dream being double. And one thing that I've seen recently is that the same way that Yahweh had ten signs to the children of Israel before they went to the wilderness ... you can call them plagues or signs ... in our time, He's also showed us about ten signs for going to the wilderness. And I believe as time is continuing, especially in the last couple of years, these signs are becoming more profound. There's no way to deny them unless you're completely blind.

So I want to go through these signs that have happened in the last eight years. Most of these signs you know about, we've been talking about them. But then I want to tie it all up in our search for going to the wilderness. So I believe it all started back in 2014. **The very first sign was the tabernacle of David being found.** And when the archeologists in Israel found it they didn't even know what it was.

I got a call one day and they were asking me to go down, they wanted to show me something they were digging down there. And because you know that the temple is not in the place they're talking about, some people thought they found the original temple of Solomon. But when I went down there I'm saying, "This is not Solomon's temple." It was a very small area, and this temple went back to the time of Melchizedek. They even call it today, *Melchizedek's temple*. And who is Melchizedek? Yahshua is Melchizedek.

So here it was, they found the place that *possibly* He killed the animal when Adam and Eve sinned. And there was a standing stone that's there that could have been the stone from Jacob. But it's an amazing place. And I think some of you have been there. Maybe Adrian ... have you been there? No. I don't know if ... has Ronald been there? Anybody here? I know some of the elders I've taken. But that was the beginning of it. And if we go to the book of Amos, chapter 9 in verse 14 and 15 says:

Amos 9:14-15 *I will bring back the captivity of My people Israel. And they will build the waste cities, and live in them. And they will plant vineyards, and drink the wine of them. They shall also make gardens, and eat the fruit of them. And I will plant them on their land, and they will never again be pulled up out of their land which I have given to them, says YAHWEH our Elohim.*

So is there anybody that doubts He's talking about our time—Israel coming back to the Land? **There's around a hundred Scriptures that talk about Israel coming back to the Land in our time.** But when you look at verse 11, the same time that He's bringing Israel back to the Land, He says ...

Amos 9:11 *In that day I will raise the Sukkoth of David that has fallen ... the tabernacle of David ... and I will wall up its breaks. And I will raise up its ruins, and I will build it as the days of old;*

And **that stone there represents Yahshua** ... *the stone the builders have rejected has become the head of the corner.* So that was the beginning, that was the first sign. **Then in 2014-2015, we had the tetrad of blood moons.** It happened at Pesach-Sukkot—Pesach-Sukkot. Joel, chapter 2 verse 30 and 31:

Joel 2:30-31 *And I will give signs in the heavens and the earth: **blood, and fire, and columns of smoke. The sun will be turned to darkness and the moon to blood, before the coming of the great and awesome day of YAHWEH.***

The sun will be turned to darkness. What is that? That's an eclipse. And the moon to blood, the same thing. So it's very interesting that it didn't just happen, but it happened on Pesach and Sukkot—Pesach and Sukkot. And actually because

they were on the wrong calendar, it was also happening in Sukkot 2013, but they didn't know it. So there were really five of them. How rare is this? It happens not that often. But it happens when there's turning points in the Jewish history. It happened in 1492 and 1493. That was when Christopher Columbus sailed to America and when the Jews were being cast out of Europe and Spain. And then it didn't happen again for like five hundred years.

And when did it happen next? 1948-1949 when Israel becomes a nation. And then it happened in 1967 and 1968, the Six Day War, and now it won't happen again for a hundred and fifty years. So is it a sign of Yahweh? Of course it is! It's exactly what Scripture said. And also there was a solar eclipse that happened on that year, right on the day of the equinox in 2015.

The third sign—2015, the beginning of the outpouring of Yahweh's Spirit, and Yahweh inspiring starting to build the communities at the same time. We started with three kibbutz's ... three being the number of unity ... now we have about thirty. The book of Joel chapter 2, verse 28 and 29:

Joel 2:28-29 *And it shall be afterward, I will pour out My Spirit on all flesh. And your sons and your daughters will prophesy, and your old men will dream dreams, your young men will see visions. And I also will pour out My Spirit on the slaves and the slave-girls in those days.*

After Shavuot in 2015 I started to see this happening and I thought, "Well maybe I'm just imagining it." And yet, as I talked to our brethren and elders all over the world, they all confirmed the same thing was happening in these areas. And now eight years later, without a shadow of a doubt, I see Yahweh's people growing in the Spirit way more than before—particularly in the communities. So we're living in the latter rain of the pouring out of the Ruach H'Chodesh.

Then sign number four—Yahweh revealing the importance of the Shemita and cycles of seven. And you can't understand the end times unless you understand the Shemita and the cycles of seven. Everything runs in cycles of seven. Like I said, the Shemita being years of building up and years of tearing down. Four is also a world number, and it shows **the Shemita is not just for the people of Yahweh but it's a world-wide thing with the Shemita.** I went over this before so I'm not going to read all of this. I have messages on line about important events of the Shemita the last hundred years. But I'll just mention a few here, highlights:

1917-1918 was a Shemita year. In the late 1800's the industrial revolution started with USA becoming the world superpower. In April 1917, the USA enters WW1 and officially becomes the world superpower militarily, as well as financially.

1918—WW1 ends, and the signing of the Balfour Declaration to allow the state of Israel to be made. It was also the end of the Ottoman Empire ... four hundred years the Ottoman Empire was there, and ended in the Shemita creating the way for Israel, Lebanon, Jordan and Saudi Arabia all to be created. And isn't it interesting they're all the countries that are important to prophecy right now in the Middle East? The League of Nations started which was the prelude to the United Nations, the Russian cZars end, the Austrian Hungarian monarchs all end, and the Soviet Union begins. All this happens in one Shemita. Stock Market crashed in 1917, wiped out forty percent of the whole stock market. And also, for the first time Great Britain, that was the world leader to them, becomes a debtor nation for the first time.

Then **1931-32**, the beginning of the Great Depression. The Empire State Building is finished, being the largest tower in the world. And when you look traditionally in history, that's what countries tried to do that wanted to show they're powerful. It started with the Tower of Babel. They wanted to build a tower up to the heavens to prove their power and their might. And isn't it interesting in the end time as it's beginning, these countries are trying to build the largest tower to show their power in the world? There was a stock market crash—eighty-six percent of the stock market was wiped out.

1938-39, the beginning of WW2 and *another* stock market crash.

1945-46, the end of WW2 and the beginning of the last generation and world government begins. United Nations is formed, the World Bank, the International Monetary Fund and America emerges as end-time Babylon—economically and militarily America becomes Babylon. The dollar becomes the World Reserve currency. And they laid plans to build the World Trade Center, the tallest building in the world.

Then we have **1973 and 1974**, the Yom Kippur War, the finishing of the World Trade Center ... again, the tallest towers in the whole world at that time ... abortion becomes legalized, and this is the height of Babylon's strength—they're going to start going down. The stock market crashes again. We see some of the worst stock market crashes ever happening in the Shemita year because the Shemita is a time you're supposed to be releasing the debts on the last day of the sixth month. And then we see when you're not releasing the debts, countries are cursed.

1987-88, another stock market crash; all happening in Shemita years. October '87, they call 'Black Monday' the largest ever loss in the stock market in one day.

1994-95, the ratifying of the Oslo Accords in Israel to give Palestinian the Land, and the killing of Yitzak Rabin.

2001 and 2002, 911 happens in New York. The towers were planned in a Shemita, they started building in the Shemita, it ended building in the Shemita, and now the towers come down in the Shemita—powerful sign! Another stock market crash, second worst in the history of the country.

Then **2008-2009**, the worst one day stock market crash in the history of the world. The stock market fell seven percent and it fell exactly 777.7 points. This was the seventh anniversary of the World Trade Center falling, and it actually happened on Elul 29, the very day that the Bible says the debt should be released.

So like I said as time is going on these signs are getting more profound. And in **2015-2016**, the last Shemita, I was expecting really for the end of Babylon. But like always, Yahweh gives opportunity to intervene for a country to turn around. And what happened in that Shemita? It's called Donald Trump—the last trump! And it really, at that time, it did change a lot of things. And I believe that's where Pharaoh's dream came in, seven good years, seven bad years.

Now **2022-2023**, I believe we're getting ready to go into those seven bad years. And it's not just a feeling, the handwriting is on the wall. Because before with America, the US Dollar being the World Reserve currency, that means they're the only country in the world that can just keep printing money and it doesn't make a difference.

Why don't Nicaragua do that? Why don't the government print ten trillion dollars and just give everybody millions of dollars? Because it would cost you about a hundred thousand dollars to buy a loaf of bread! But America gets to do it because every country needs to buy dollars to get oil—which everyone uses. In 1994, ninety-four percent of all world transactions were done in dollars, now it's fifty-two percent. In the last three, four, five years it's falling fast—seven, eight percent every year. Which means in essence, the dollar is not the World Reserve currency anymore.

There's an organization that was formed a few years ago called the BRICS with Russia, China, Brazil, India, South Africa and now Mexico. Many countries are joining in on the BRICS, and they're having their own currency now. And Saudi Arabia for the first time said they'll take money and these other currencies for oil. No more will they only take dollars.

And the debt now in America is up to **thirty-five trillion!** Not million, not billion—thirty-five trillion dollars is the debt. They've never had debt like this, and now as the interest rates keep rising, they're at a point where they can't even pay the interest on the debt.

If you bought that house there for ten thousand dollars and you had a loan of two percent, maybe your payment would be \$150 a month. But as the loan goes to three percent, it might be \$180 a month. If the interest rate goes to four percent, maybe it's \$200 a month. And this is why for the first time in the history of the world, interest rates for twelve, thirteen years have been zero, but no more ... no more. They've aggressively raised those rates a lot.

And the fall of Babylon, the hand writing is on the wall. And when it falls, it'll be world-wide. We know from Scripture it says it how the merchants are crying as they see Babylon fall. And it's planned to happen this way, the globalists want Babylon to fall because for the first time now they have the digital currency. It's already started in Europe, and now it's starting in America in July, and the digital currency is not based on the US Dollar, it's its own currency. So we're seeing this now. So powerful things happen in Shemita years, and in our personal life also. It's a year of building up, it's a year of tearing down. So Yahweh teaching us about Shemitas and cycles of seven is amazing. It's a big one.

The fifth sign was Revelation 12:1 and 2:

Revelation 12:1-2 *And a great sign was seen in the heavens, a woman having been clothed with the sun, and the moon was under her feet; and on her head a crown of twelve stars; and having a babe in her womb. She cried, being in labor, having birth pains to deliver.*

Now again, this is a big one! This actually happens **once every seven thousand years**. And I'll pass you around this, I'll show you what exactly happened. Because the mazzaroth up in the sky ... in the ecliptic circle, where the twelve constellations are ... man can't manipulate that. So they can't go up there and start pulling around stars and planets. So **the fact that the kings planet, Jupiter, entered the womb of the Virgin and stayed there for exactly 42 weeks—the whole time of a pregnancy** ... so it wasn't just that there were twelve stars on the head of the Virgin and that the moon was under the feet and the stars at the mid-section, but also that the very king's planet enters the womb and stays there exactly nine months. It was November 16th 2016.

And then on September 23rd/24th 2017, Jupiter moves through the birth canal of the Virgin just as Revelation stated, with the moon at her feet and the sun at her mid-section. Not only that, what day did happen to be? **The Feast of Trumpets, the very day it says Yahshua will return.** And not exactly this, but something very similar happened at His birth ... again, on the Feast of Trumpets ... that's what's called the Star of Bethlehem. But that had to deal with also with star Regulus, the brightest star in the feet of Leo the Lion—the Lion of Judah. So this happens once every seven thousand years. If that's not a sign, I don't know what a sign is.

But you know in the end time, the Bible talks about people looking for signs. And I remember when this happened it was a lot in the news, the internet, but once it was over people are moving on to something else as if it never happened. And as the people of Yahweh though, did we say, "No way, I know the times we're living in Yahweh showed this sign!" And that's why I said many times, just like with the children of Israel in Egypt, Yahweh does not do a miracle to convert you. **He's not doing a miracle to prove something to you. He's doing the signs because He's saying, "I will do this before I do this."** And **miracles are an outward extension of our faith.** But miracles aren't used to convert someone, as we see with the Israelites. Because when the miracle goes, then the people don't believe anymore. And we see the same thing here. Out of the five signs I went over so far, every one more amazing than the one before, how much do you hear about any of them anymore? Nothing! And people in the world still say, "Oh ... maybe, no it's not happening. Maybe it's coincidence."

Sign number six: The corruption of Jerusalem and Yahweh switching His Feast to the wilderness. Number six is the number of man. And let me tell you something, I did not take that lightly to change the Feast from Jerusalem to the wilderness. And for several years, every year it seemed Jerusalem was getting more worldly. They were having more gay parades, more New Age things, and people would ask me, "How long are we going to do this?" And I said, "It's not up to me, it's Yahweh's Feast. I don't have authority to change His Feast, it's up to Yahweh." But when Yahweh said it's time to go to the wilderness ... *Yahweh said it's time to go to the wilderness.*

And I actually ... almost like Gideon ... I asked Yahweh for a sign that I made a mistake in my prayer and I asked Him something that was virtually impossible to happen. It's like asking Yahweh to make this red and then asking to make it white at the same time. I didn't realize I asked Him something that were two opposite things that was virtually impossible to happen. And it happened **exactly like I asked** which is probably even more than once in every seven

thousand years that something like that can happen. And most of the brethren were supportive. They said, "Okay, if this is what Yahweh is moving, you're His servant there in Israel, we agree with it."

But like the children of Israel in the wilderness, you always have a few that want to question. And we moved the Feast then to the wilderness in Jordan. And it was interesting because it was already June when this happened, and the people in Jordan would tell me, "Don't worry. We'll find you a spot." And month went on, month went on, then we got it. It was only like a month before the Feast and we had no place to keep it. And when I talked to the man in Jordan, he says, "Do you think you could do it another time?" "And I'm like *another time*? No!" But I was so stressed out.

And you know I went and I prayed and I said, "Well, you know what Father, this is your Feast, this isn't my Feast. So this is okay. If there's not a spot, we just won't host the Feast this year." I said, "Your will be done, not my will be done." I wasn't done with that prayer for five minutes that I got contacted and they said, "You're not going to believe it there was just a cancellation! You have it, you can come for the Feast."

But again, a few people, "How can you be sure? How can you be sure?" And you know what? I'm sure. **They're not sure, but I'm sure.** Don't let people that have no faith, try to question *your* faith. And I said, I said, "Father, I got no doubt what you're doing." I said, "Please though, can you do me one favor? Show them that this is Your will." And how did we know it wasn't Yahweh's will to keep the Feast in Jerusalem anymore? Because the very next Feast, Passover 2020, for the first time in the history of the world, **everyone was locked in their house.**

And not only we didn't keep the Feast in Jerusalem, **no one kept the Feast in Jerusalem.** Not the Orthodox, not the Rabbis, no one! It was lockdown. You know where we were? Keeping Passover in Jordan in the wilderness. And for two years—Sukkot-Passover, Sukkot-Passover—Israel was closed, nobody can come in or go out. And we had no problem. We're keeping the Feast like Yahweh directed us in the wilderness. And **when Yahweh is leading you in a direction, you don't have to question because where ever that cloud is moving, you know it's His will.** And who were the people that questioned Yahweh? Look at the Israelites. It's the people that had no faith. So if you're staying in Jerusalem, they're questioning you on one thing. If you're leaving Jerusalem, they're questioning on another thing. They're just questioning the question because they have no faith. But Yahweh didn't leave us—He didn't leave us.

Sign number seven ... very interesting ... that we got to Jordan, and I was told, "There's a man who wants to speak to you." I never met this man in my life. He knew a Jordanian man that worked with us. And this man said, "I want to buy your whole group lunch." I said, "Okay, great!" When I talked to him, he said that Yahweh told him to help us ... that **Yahweh told him to build a place in the wilderness for us to use.** Now the interesting part is, as I'm speaking to him, he winds up being a Kenite. Out of all people, a Kenite! The Kenites were ... Moses Father-in-law was a Kenite. The Kenites were the eyes and ears of the Israelites in the wilderness. And they're still there but they're very, very small throughout the Middle East.

So this man, that's a Kenite, comes from nowhere—that I'd ever met—and says Yahweh told him build something for us to use, and they want to protect our people. And where does he build it? ... I didn't tell him where to build it. I didn't know where he had land ... He builds it at the mountain of Selah—the very place that Scripture says the bride will be taken in the wilderness in the end time. The Bible says the bride will be taken by two wings of a great eagle in Revelation. From this property, it's between Israel and Jordan, you could see two wings of an eagle between there—it looks like an eagle. So there's the Dead Sea that separates, but then there's a spot where's there's no water that looks like an eagle where you could cross across there. So, amazing sign.

Then **sign number eight—Covid.** I'm *glad* that Covid came because Covid changed my life. Because many times, and I don't know if you've had this happen, people say, "Okay, you're saying it's the end time, but how do you know?" "Well the Bible says there'll be increase in earthquakes. Look in the last eighty years, every decade is more earthquakes, more earthquakes." And people say, "Oh, well there's always earthquakes." "Look at the wars; there's 153 wars." "Oh, there's always war."

And then came Covid—that when you tell people there’s going to be a global government ... “*Nah, it’ll never happen.*” ... and Covid came. Every country on earth worked together to make a fake *plandemic*. I don’t say *pandemic*, I say *plandemic* because it was planned. Three months before Covid started, they were practicing it at the United Nations playing a game of practicing Covid.

In 2015/2016, they patented Covid, they patented the mRNA shot, it was all patented. They knew it was coming, it was planned, and they knew it was poison. They knew it would kill people, and every country on earth went along with it to kill their own people. And Covid was only a test, it was test for what’s coming next. They wanted to see if we locked down everyone in every country, “What are the people going to do? How much resistance will we get? How much will people fight back?”

And then they were setting up also the system with the QR Code. Now, like I said, praise Yahweh, in Nicaragua it wasn’t so bad for you, but in many places in the world you could not work if you didn’t take the death shot. We could not even go in our back yard without getting on the phone and getting permission. And I used to sarcastically say to my family, “Look the idol said we can go in the back yard!” Because you would get a little thing; “Yes, you can go.” or “No you’re not allowed outside.” And then the hospital said, “You’re sick? You can’t come to the hospital unless you have the shot (the Covid death shot).”

The airport said, “You can’t travel if you don’t have the Covid death shot.” And then even the supermarkets wouldn’t let you *buy* food. And every time I’d go past there and I’d say to the policeman, “You mean I can’t go in here and buy food for my family because I don’t have *that shot* in my hand with luciferous?” You know luciferous is in that shot. Lucifer-ous! And people that have taken it, they glow, you see it.

You will not be able to buy and sell unless you take the mark of the beast. And now the system’s here, they have the QR Code. They have it ... right now it’s with the iPhone, but next it’ll be injection. It’s here. And if somebody doesn’t see it by now, all I can do is pray for you. If after Covid, after what **they got away with**, after what they planned, after the people they killed, if you can’t see it now, all I could do is pray for you.

And Israel was the worst country in the world for it. That’s why Israel **closed their country** for two years. Nobody got in, nobody got out. You couldn’t work, you couldn’t leave your house, and they tracked the people through those idol phones. And if people went somewhere, the people were coming and arresting them and putting bracelets on their hands and on their ... like a prisoner.

And at the time, Netanyahu sold his own people out, he sold his own people. Because they were giving how many millions of those shots? And they were testing how much shot someone would get sick, how much shot would get your kidney, how much shot would kill somebody. And Israel was the test case.

And Israel was the very first country to get the QR Code—they called it Green Passport. Couldn’t go to public places, you couldn’t go anywhere without it. And you were not allowed to get PCR tests—it was **you were vaccinated or you’re out!** So ... and we know it’s not even a vaccine, it’s a gene therapy that changes your DNA. And according to these patent laws they have, people who take that death shot, they’re not even considered human beings anymore because they don’t have human DNA ... and the government lied, lied, lied.

I say the TV is the false prophet, they say the complete opposite of what’s true, and this is all part of Satan’s society. Like I said, he’s the g-o-d of it, and that’s why it’s time to come out of it. We’re getting very close to the end. Are we entering the last seven? Only Yahweh knows. Maybe there’s two sevens? Maybe there’s one? I don’t know. But I know that time is very short and it’s time to go to the wilderness.

Sign number nine—Mount Sinai. For the last twenty-five years, I’ve only dreamed about going to Saudi Arabia to Mount Sinai. And of course, it’s impossible. You can’t get in there, they do not let people in there. But just in the last year or two

... the last whatever, very short period of time ... Yahweh opened the door to go to Mount Sinai—the original Mount Sinai. So praise Yahweh about a month ago I was there. I want to show you some pictures you can pass around. Pass that one around too if anybody wants ...

But when I was there, I learned something very, very shocking ... It's Moses well. This is where Moses had the altar, and also the pictures of the calves ... but I found out the reason Saudi Arabia was letting people come in. Because they're started a project called NEOM. It's a New World Order project, and it's with Saudi Arabia, with Egypt and with Jordan. And in the wilderness of Mount Sinai ... which is **extremely big**—it takes hours and hours and hours just to get around in one small area ... they're building a state there that will be the size of Albania, with skyscrapers and all kinds of stuff. And they say, "This is the future."

So can you imagine, since the days of Moses nobody has touched that land? Yahweh has preserved it as a sign to the world that the Exodus really happened—the greatest sign Yahweh has ever done with human beings. And now they're going to destroy it right before Yahshua returns. So I praise that He's allowed ... I'm taking a group there in November. Because they said very clearly that door will not be open that long and the antiquities will be gone. So the fact that Yahweh's allowing this is another sign that Satan ... he's the g-o-d of this world. He's allowing him to take over for his time.

Malachi 3:16 ... because there have been a few other people that have gone to Mount Sinai, I'm not the only one. But as far as I know, I'm the only going there in the name of YAHWEH. And one of the things Yahweh says in the end time ...
Malachi 3:16:

Malachi 3:16 *Then those fearing YAHWEH spoke together, each man to his neighbor. And YAHWEH gave attention and heard. And a Book of Remembrance was written before Him for those who **feared YAHWEH, and for those esteeming His name.***

All of these signs that are happening in our time and not coincidences. They're not happening not just by any deity, they're happening by **YAHWEH**. And yet, ninety-nine percent of Christians, Muslims, they all say *god*. God is the Babylonian deity, it's not the true Elohim of Israel. And we might not be a gigantic Congregation with millions of people, but He chose me and He chose you to proclaim His name, **the name of YAHWEH**. And where did He first give His name to Moses? Mount Sinai!

I had a really interesting experience happen to me when I was there. I wrote the brethren about this. The crossing going into Saudi Arabia ... because there is no tourist crossing, it's very complicated ... it's mostly just for local people. And the driver who was taking me there, he wasn't really even sure where to go. There were hundreds of cars, hundreds of people, it was very chaotic. So he says, "Wait here." ... not wait here, but we're in the car and he says, "Let me talk to the guy." ... we're at the ... a border or whatever ... a border thing ... and then all of a sudden like they're kind of like yelling at each other. I'm wondering, *what on earth is going on here?*

And then he says, "There's a problem! There's a problem!" And either, I don't know if he had a warrant for his arrest, or there was something wrong with his car paper but they were taking him away in the car. And I was lucky to get my suitcase out of the trunk because they took him quick. And I'm there by myself not knowing what to do, and I'm like, "Wait! What happens now?" And I look over and there's this man standing there. He has like a light gray dress on and like a white tallit that's over his head. And he goes like this, "Follow me." I'm like, "Okay ..." I don't have any other options.

And he takes me and he starts just going in front of all these people. And nobody is saying a word almost like they don't even see him. And you have to go through three or four different points before you get into Saudi Arabia. So as there's a line there and he just goes in front, he takes my passport, he hands it over to one of the guards, and the guard doesn't say ... he just stamps the passport. And then we have to go to the next thing.

And as people are seeing him, it's almost like they turn and see him and their mouth just drops. And it was like almost like you feel like you're in a dream almost as this is going on. So he went somewhere. I don't know if he went to get the passport stamped at another place, but I really needed a bathroom. And I said to the policeman there, "Can I use the bathroom?" and he starts yelling, "No, no, no, no, no!" and he's pointing like way out over on the Saudi side. I was like, *uh, oh that's going to be awhile*. And this man walks in, and he walks in, they look and then the police goes, "The bathroom's there." It was surreal.

So then we go outside, and at this point we were walking up to here. And I see this pickup truck in the middle of the road and it's blocking like fifty cars, and everyone's beeping and beeping, and the policeman's screaming, "Whose car is that? Whose car is that?" And when this guy walks up, again the policeman just stops. He points to me, "Get in." ... an angel that I believe was there. Not only do we get in the car then the police opens up the gate to the *other* side of the road, stops the traffic, and lets us go on the wrong side of the road past all the other cars.

So then we finally get to the Saudi side there and the man came up that I was meeting, that was taking me to Mount Sinai, I said, "You're not going to believe what happened! This man over here ..." and when I turned around he disappeared. No car, no man, no nothing. So I believe one hundred percent Yahweh put His messenger there to protect me. And then I had an awesome time ... awesome time several days ... I got to tent at the base of Mount Sinai by myself. And it was just amazing; seeing the graveyard where the Israelites unfortunately didn't make it. But again, another sign.

So the same way like I said that there were ten signs to the Israelites, and then came the first Passover, I believe that we're paralleling that here—that Yahweh is also showing signs and then after that last sign, what happens? He says the last one will be the biggest. The death of the firstborn, remember? So I don't know what this last sign will be that Yahweh will show, but like He said, there will be such a cry in the land, that Pharaoh will let you go. And the time is here, you better be ready to go to the wilderness.

Yahweh didn't do one sign, He didn't do two signs, He didn't do three signs, but **ten** signs like He did to Israel. But when the sign is over we tend to go back to our life as if it never happened. Like the Revelation 12 sign but it's not there just to talk about it and forget about. It's there for Yahweh to show us without a shadow of a doubt that this is from Him.

Like I said the sign of moving the Feast from Jerusalem to the wilderness ... and there's someone saying, "Well, how do you know we're not supposed to keep this Feast in Jerusalem?" And Yahweh said, "Well, I'll show you. **I'll shut the country down that not one person will be there.**" And then He's saying, "Do you believe Me now?" What does it take for us to believe Yahweh?

You know I don't know if you ever thought about this with Noah, because the Bible says it'll be like the days of Noah, but when Yahweh came to Noah and He told Noah to build the ark, he was 500 years old. And then when they got into the ark, he's 600 years old. So **Noah built that ark for one hundred years!** One hundred years he built that ark looking for a flood in a time where there was never even rain to that point. Remember the plants were watered by a mist, there was never rain up until that point. **He built the ark for a hundred years without one drop of rain ever coming down from Heaven.** And how many times over that hundred years do you think he doubted? And the answer is? None ... none! That's what made him different. He didn't doubt ever! Go to Hebrews 11 in verse 7—it says:

Hebrews 11:7 *Being divinely warned by YAHWEH about the things not yet having been seen, moved with fear, by faith Noah prepared the ark for the salvation of his house; through which he condemned the world and became heir of the righteousness according to faith.*

He was moved with fear by faith! I think it was two years ago I gave a series of messages on ... I forget what I named it ... the gateways to the Kingdom, and the very first one was the fear of Yahweh. If you don't have the fear of Yahweh, you have nothing. But **if you have the fear of Yahweh, that will lead to action, and the action is what brings the faith.** And again, all we have to do is believe. We don't have to worry about the timing of it, that's Yahweh's department. But **we**

have to believe. And I honestly believe by this Scripture that Noah never doubted—ever! Because **why would we doubt if Yahweh said something?** And the point is, do we really believe?

Because if we truly believe the Word of Yahweh will happen one hundred percent like He said, then that means the great persecution, the fall of Babylon, us being in the wilderness, the beast power taking over the world for forty-two months ... that means we're living in the time that all these things are going to happen very quickly. And if we truly believe this, with the fear of Yahweh, why on earth would we be staying in the world of Satan?

Being an ambassador of Yahweh is not a cute saying—**we are real ambassadors.** When Yahshua returns He's going to have an envelope for each of us, *"You go to India; you go to Russia; you go to China."* There's going to be a lot of work for us to do, but **the work starts now.** There's a lot of work for us to *prepare* if we are going to be those ambassadors then. And as we're seeing all these signs, are we going to follow through with our calling or are we going to have a spirit of unbelief like the Israelites?

If we go to the book of Judah ... one chapter ... there's a very scary verse in there. One of the most scary verses in the Bible. It's verse 5:

Judah 1:5 *But I intend to remind you, though you once knew these things, that Elohim having saved a people out of the land of Egypt, in the second place destroyed the ones not believing.*

Can you imagine this? When we read the Exodus, the most amazing thing that Yahweh has done on a physical level in the Bible ... Egypt is the most powerful nation in the world at that time, they have the most powerful army, and the Israelites are slaves. **They have no weapons, they have no way they can fight, and Yahweh breaks the back of Pharaoh and his army to deliver them Himself.** And think of that day when they're leaving Egypt, two million people with their children, with their flocks, with their herds and they're all happy and singing and joyful. And **two million people entered the wilderness but only two that were twenty and above entered the Promised Land.** Not out of two hundred people, or two thousand people, two *million* people ... all these Israelites ... and Joshua and Caleb—the only two that go into the Promised Land. And here it is history is repeating itself.

In **Matthew 14**, very simply they ask Yahshua, "Will many be saved?" It's not a parable, it's not a trick question, "Will many be saved?" He's talking about our time now. And His answer was very simple, "No. Strive to go through the **narrow gate**, for many will try and they will not have the strength. But wide is the way and broad is the road that leads to destruction, and most are going to go that way."

Because **as you see with community living, it doesn't happen overnight. We're working on this eight years with community and we're just starting to get it right.** Because **people have to change their mindset from the western mindset to the Kingdom mindset.** And if you wait till the last minute to try to do that, you're playing with Russian Roulette.

So if most people are not going to make it, if you're going to be one of the ones that are going to make it, you're going to have to fight hard ... you're going to have to bear fruit. And **you have to put your calling above everything else in your life.** For every one of you sitting in the chair, there's about five million people outside that Yahweh didn't call. It's hard to imagine, five million people is a lot of people. And yet He could have called five million others that He didn't, but He called you. And we know from the parable of the talents that **Yahweh expects you to bear fruit.** He didn't call us just to be spectators, He called us to bring this good news out as a witness! **In the same way that Yahweh is doing these signs as a witness to the world, He wants us with His Word to be that final witness.**

So I want to go into one more Scripture here ... last one ... Luke chapter 14. Actually, I'll do two more Scriptures. Luke chapter 14 verse 16 through 35:

Luke 14:16-20 But He said to him, A certain man made a great supper and invited many. And he sent his slave at the supper hour to say to those who had been invited, Come, for now all is ready. And all with one mind they began to beg off. The first said, I've bought a field, and I have to go out and see it; I ask you, have me excused. And another said, I bought five yoke of oxen and I am going to try them out; I ask you, have me excused. Another said, I married a wife, for this reason I am not able to come.

Luke 14:21-23 And having come up that slave reported these things to his Master. Then being angry, the housemaster said to his slave, Go out quickly into the streets and the lanes of the city, and bring in here the poor and the maimed and the lame and the blind ones. And the slave said, Sir, it has been done as you ordered, and still there's room. And the Master said to the slave, Go out into the highways and hedges and compel them to come in, so that my house may be filled.

Luke 14:24-27 For I say to you that not one of those who had been invited shall taste of my supper. And great crowds came together to Him. And turning, He said to them, If anyone does not come to Me and does not love less than Me, his father, his mother, and wife, and children, and brothers and sisters, and besides, **even his own life**, he cannot be My disciple. And whoever does not bear his torture stake and come after Me, he cannot be My disciple.

Luke 14:28-32 For who of you desiring to build a tower does not first sit down and count the cost, whether he has the things to finish; that having laid a foundation, and not having strength to finish, all those seeing begin to mock him, saying, This man began to build, and did not have strength to finish. Or what king going to attack another king in war does not first sit down and take counsel whether he is able with ten thousand to meet those coming upon him with twenty thousand? But if not, he being still far off, sending a delegation, he asks the things for peace.

Luke 14:33-35 So then every one of you who does not forsake **all his possessions** is not able to be My disciple. Salt is good, but if the salt becomes bland, with what will it be seasoned? It is not fit for soil nor the manure; they throw it out. The one having ears to hear, let him hear.

And the last Scripture ... Isaiah 26 verse 20 and 21:

Isaiah 26:20-21 Come, My people, go in your rooms and shut your doors behind you. Hide for a little moment, until the fury passes. For, behold, YAHWEH comes out of His place to visit his iniquity on those dwelling on the earth. The earth shall also reveal her blood, and shall no more cover over her slain ones.

So we see in the times we're living in Yahweh has shown His signs that He's getting ready to come to this earth and punish the people that just will not listen. So sometimes things in the world they may seem very down, but Yahweh is going to intervene. And the Bible says here that we need to go to the wilderness. We need to go where He's going to protect His people because we have to purify our wedding garments. And when Yahshua comes, the bride has gotten every spot and wrinkle out of that garment ... and you're not going to do that in Satan's society.

So there's a great work still ahead of us. And one thing I find very encouraging, when the Congregation went to the wilderness in the medieval ages, they lived in caves and mountains totally away from society. And yet, there was more fruit born then than any other time in the history of the Congregation. Over three to five hundred years there was close to **five million** brethren that came to faith. So we are still going to be working in the wilderness. And there's still a great harvest that's going to be there—**Daniel 11** talks about that. But we have to get our minds purified away from this evil, wicked system that is out there.

So like I said, I wasn't planning on coming here to Nicaragua, but I really missed you. And I felt that in the time we're living in, this message ... I had to come and give it to you. Because it's a serious message, but it's also a message of hope. In Nicaragua you are the headquarters for the Spanish work down here in Central and South America, and there's a lot of

work that Yahweh still has for you to do. So may Yahweh bless your Congregation, and may His face shine upon you. May His countenance lift you up, and may His shalom be upon you. Yahweh bless. Shabbat Shalom.
